

# Final Fantasy 7 Remake PC has a mod that supports changing the character's appearance

The arrival of Final Fantasy 7 Remake on the PC platform has brought excitement to not only the gaming community but also the modder community.

If the gaming community gradually lost faith and expectations in Final Fantasy 16 when this game was continuously delayed due to the influence of the pandemic, the unexpected appearance of Final Fantasy 7 Remake on the PC platform turned out to be a great alternative.

Especially when the modder community is very active in creating new content for Final Fantasy 7 Remake PC. Most recently, a number of mods have been created to allow gamers to customize the character's appearance.

With a combination of two mods called "Eye Color for Cloud Aerith and Tifa" and "Hair Colors for Cloud Aerith and Tifa", players will now be able to change the eye color, hair color of the main trio of characters. . Specifically, when you install both mods, you will be able to choose between a variety of eye and hair colors for Cloud, Aerith and Tifa.

If Tifa can bring a new look with silver hair and blue eyes, Aerith can also change the wind with a strong red hair color and there are countless other unique options for gamers to experiment with.

In the near future, surely the modder community will be even more active to bring us more unique mods for Final Fantasy 7 Remake PC.
