Features of Freemake Video Converter

**Convert more than 500 formats**

1. Freemake Video Converter supports all popular and rare formats, incl. MP4, AVI, MKV, WMV, MP3, DVD, 3GP, SWF, FLV, HD, MOV, RM, QT, Divx, Xvid, TS, MTS, Fraps.
2. Import photos or audio files to convert multimedia content to video.
3. Convert multiple video clips at once.
4. Codecs include: H.264, H.265 (HEVC), MPEG4, AAC, AV1.
5. Convert HD movies without quality loss, e.g. MP4 to AVI. Freemake transcodes heavy files like 4K, Full HD 1080p and HD 720p from HD cameras, camcorders and Blu-ray.
6. Backup DVD data to MP4 format with or without subtitles. Burn up to 40 hours of movies to a DVD. Save as DVD folder or create ISO file. Convert MTS files from Blu-ray discs.

7. Trim video parts you don't need before converting. Rotate any video 90 or 180 degrees. Merge MP4 files or other clips into one. Remove black bars from any format. Limit the output file size.
8. Encode clips to Flash FLV, SWF or HTML5 media formats: MP4 (H.264), WebM (VP8), OGG (Theora). The freeware provides a web player and embed code ready to be included in a website or blog.

## Convert many different types of images

1. Convert streaming clips from Vimeo, Vevo, Dailymotion, etc.
2. Extract audio files from video clips or convert them to MP3, MP4, AVI, WMV, MKV, 3GP or many other file formats.
3. The free video converter automatically uploads video and audio files to iTunes and iOS after converting.
4. Convert large HD videos and movies.

## Video converter for every gadget

1. Convert video files for any media player with the free video to MP4 converter.
2. Use ready format settings for Apple iPhone, iPad, Google Android, Sony PSP, Xbox, Samsung, Nokia, Huawei, Xiaomi, BlackBerry phones, tablets, consoles, smart watches.

3. Change different file formats to MP4 or 3GP for old mobile phones.
4. For rare extensions, create and use custom conversion settings.

Free Video Converter by Freemake converts over 500 MP4 video and audio file formats, edits video files, rips and burns DVDs, creates photo slideshows, and more.
