

## Fujitsu fashion netbook

Loox M is Fujitsu's new netbook with a stylish design, basic configuration but has a price of up to USD 611.

**Loox M is Fujitsu's new netbook with stylish design, basic configuration, but has a price of up to 611 USD**

The design is the first impression of Loox M, the machine has a sleek, colorful cover.

Although new, as this model uses Intel Atom N270 processor, the speed is only 1.6 GHz, while the new netbooks currently use N280 processor, clocked at 1.66 GHz.

Other parameters such as the machine with 1 GB RAM, 160 GB hard drive attached.

Loox M is equipped with Wi-Fi connection, Bluetooth 2.1 EDR and 3 USB ports, card reader.

There is no more robust configuration than Acer 's Eee PC or Aspire One, but this model is sold at a higher price, up to 611 USD.
