Pure black coffee: Simple, straightforward, quiet and moody

Among coffee lovers who participated in the study, those who used black coffee often had **a simple and patient lifestyle** . They do not like the roundabout and like the frankness in everything. For them, **minimalism** is a superlative - a feature that we can all use more.

However, these people are quite quiet and mood swings. They do not want to be disturbed much by the world around and like to do things their own way. **The attitude of social posture** is also an outstanding characteristic of them.

If you are a black coffee lover, you probably have a simple lifestyle. You don't need gaudy clothes or fancy jewelry. You like simple things in fashion and life; tends to be quiet and can sometimes be vulnerable to mood swings. Your frankness and openness make people want to be with you.

Espresso Coffee: Bold, strong, adventurous but somewhat arrogant

Pure black coffee is inherently bitter, but it is not enough for those who like the passionate passion of an espresso. **Espresso** is a bold type of coffee prepared by using hot water compressed under high pressure through a smooth coffee powder. Therefore, its taste is extremely passionate and surely the patrons of Espresso will not like to drink any sweet coffee.

The personality of these special guests is reflected by the drink they call: **bitter and passionate, but a bit arrogant and excessive.** In addition, they are the people who love to experience and adventure to new lands.
