

# Gamers 'headache' do not know what to choose because there are up to 3 hot games out on the same day

No appointment to meet, 3 attractive mobile game titles have been randomly selected by the publishers to launch on April 28, 2020.

## Perfect World VNG

The most highly anticipated blockbuster of VNG is **Perfect World VNG**, which officially opened on April 28 with a limited-edition trial version. Because of this, on that day, the community cried and laughed on the fanpage as well as the activity groups of this game.

Laughter is lucky to be the first to set foot in Perfect World VNG and many people are sad because there is no account to test the game. Accordingly, after only 9 days of opening the game, the game has full 4,000 registered accounts, those who come later only know pityly awaiting the official version.

Talking about Perfect World VNG, if you do not know then this is the new game of the monumental monument of Perfect World after 14 years on the mobile version. It must be said, since last year, this is one of the super products that the Vietnamese gaming industry is looking forward to a lot. The game takes players into a vast open world, where you can freely fly between the mythical scenery, participate in the great battles of the three seas of continental - continental - no. However, those things are not as important as the game can bring players to recall an old memory region where they used to call them by the name 'Continent America'.

All races and denominations of Perfect World are preserved in the original version and placed in Perfect World VNG. So right from the start of the game, the community found it extremely interesting because it was so familiar.

## Love Galaxy Mobile

As the new game of VTC Mobile, Tinh Thien Ha was officially released on April 28 and in just one morning, it opened up to 8 servers, which was also very controversial. However, the game is so crowded that the congestion is real and the server is probably the only way to improve this situation.

VTC Mobile's new game belongs to the genre of 3D role-playing in combination with modern knighthood. This diversity is not known how but initially attracted a lot of community curiosity.

From the first images, perfect 3D graphics quality clearly depicts the 2 layers of images including underground and air, accompanied by fierce battles between the two forces of Fairy - Ma, magically beautiful. make players love to love. 5 classes of characters right from the foreplay have created an interesting impression because every faction is very charismatic, the use of the aura has to be 'cool', which makes the community bewildered for a few minutes in choosing a family. join any clan.

Discover 3 'VVV' sects of Perfect World VNG

If you are wondering what 'VVV' is, don't be impatient, we will answer it right away . These are the three denominations starting with the V in Perfect World VNG.

Especially from the early levels, the 4-level despair system goes to clouds on the wind in the blink of an eye that has fascinated a series of gamers, perhaps this is one of the beautiful scorn games in the Vietnamese gaming industry.

Tinh Thien Ha Mobile also owns a full range of familiar features such as free trade, inter-server PK, marriage, childbirth, and external pet. Accompanied by a series of indispensable community activities: War, War forces, Success, Destiny, . Promise is a vast sky area for players to experience.

## The Great Story

Dai Hiep Truyen is the latest vertical screen card game of the VGP publisher. The game launched on April 28 and quickly opened up to 5 servers in just one morning.

Kim Dung's crazy fans will definitely enjoy this game because a whole sky of swordplay will be filled in the Great Story. This place is known as the promised land by the extremely special system of generals. Gamers promise to be extremely excited with a collection of nearly 100 generals cards with the formation of up to 10 generals (gradually open by level) and 5 auxiliary generals. Thereby, you can fully declare the battle according to the sects, predestined according to the plot, or the characters of each series in Kim Dung's massive sword system.

People love life extremely excited with the golden faces in the village of Gypsy. Accordingly, you meet again a series of cult legends such as: Quach Tinh - Hoang Dung in the Hero of Sculptures, Lenh Ho Xung in Tieu Ngao Giang Ho, Vi Tieu Bao in Loc Dinh Ky, Co Long - Duong Qua in Than That Dai Hiep, Kieu Phong - A Chau in Thien Long Bat Bo, . Couples predestined to make meaningful moves, such as Co Long combined with Duong Qua will unleash the Song Kiem Hop Bich skill.

Dai Hiep Truyen has fully assembled the swordplay series of the late writer Kim Dung and brings a very familiar feeling to the player by inheriting and developing the characters. Especially, the classic matches were also clearly recreated in one game such as: the supreme internal battle through the flute of Hoang Duoc Su, the playing of Ouyang Phong's guitar and the howling of Hong That Cong on Dao Hoa Island. . Not only that, Ms. Long and the great Mongolian master used strange weapons to fight to make sounds like music.

A general card game can clearly portray one of these things, it is not the right kind!
