Gateway EC 19C.

The most prominent of the two Gateway models that are available in Vietnam is EC 19C with a weight of only 1.35 kg, equivalent to a netbook while the power is much more significant.

Gateway EC 19C equipped with LED backlight screen size 11.6 inch standard resolution HD 1,366 x 768 pixels, low voltage processor Core i3-380M speed of 1.33 GHz, 2GB DDR3 RAM memory and drive hard disk with 320GB capacity.

Gateway's new ultraportable laptop also has some other outstanding features such as multi-touch hover board, HDMI, VGA, standard Wi-Fi connection, Bluetooth 3.0.

EC 19C weighs 1.35kg, thin 24mm. It can run continuously for 8 hours after each charge with a 6 cell battery,

63W 5800mAh comes with the manufacturer.

Gateway EC 19C version sold in Vietnam is red, wavy and wavy and has a reference price of about 13,599,000 VND (excluding VAT).

ID49C has a luxurious design.

The second model, Gateway ID49C, is equally impressive with a thickness of only 2.03 cm and weighs only 2.1 kg despite being equipped with a 14.1 inch screen.

Gateway ID49C has an aluminum alloy shell, multi-touch touchpad and can glow soft blue. The Vietnamese version has a luxurious silver color.

Like the EC Gateway, this model features a standard 14-inch HD screen, LED backlight with UltraBright technology for brilliant brightness. It also has a decent configuration with a 2.4 GHz Intel Core i3-370M processor, 2GB of RAM, a 320GB hard drive and a DVD read / write optical drive.

Gateway ID49C owns up to 4 USB ports, HDMI, VGA and other connections such as Bluetooth 3.0, standard Wi-Fi and a 49W 4400mAh 6-cell battery pack.

The device is preinstalled with Windows 7 operating system and sold at a reference price of VND 14,599,000 (excluding VAT).
