

Gemini to top global search Google Search 2025

Google's 2025 search data shows Gemini leading in terms of searches worldwide, followed by DeepSeek in 6th place.

Google's 2025 search data shows Gemini leading in global searches, followed by DeepSeek at number 6. Viral AI trends like AI action figure and AI Barbie have dominated the internet thanks to Google's Nano Banana AI. In the gaming sector, Clair Obscur: Expedition 33 is the top search and Anora is the top movie.

AI Trends Dominating the Internet by 2025

In the US, the AI ??trend that has attracted the most attention is Google's AI Nano Banana modeling trend. In addition, AI Barbie, AI Ghostface and AI Polaroid are still quite popular trends in 2025. Meanwhile, ChatGPT's Ghibli trend is in 10th place.

On the gaming front, Clair Obscur: Expedition 33 emerged as a surprise hit alongside Battlefield 6, topping global searches. The long-awaited Hollow Knight: Silksong also debuted, taking third place. Finally, ARC Raiders made a strong comeback, followed by The Elder Scrolls IV: Oblivion Remastered, which took fifth place.

On the entertainment front, Anora took the number one spot globally, followed by Superman. The Minecraft Movie took third place, and Marvel's Thunderbolts also made a splash. Finally, Sinners took fifth place.

In the TV category, *Monster: The Ed Gein Story* dominated global searches. *Squid Game Season 3* took second place and critically acclaimed *Adolescence* took third. Finally, *Severance* and *The Summer I Turned Pretty* took fourth and fifth place, respectively.
