1. Thick client
 2. Thin client
 3. Open client
 4. End client

The correct answer is "Thin client".

13. 13. What is the first integer?
1. -first
 2. 0
 3. first
 4. 2

The correct answer is 0.

14. 14. What is the process of converting data to a security format?
1. Download
 2. Encode
 3. Refresh
 4. Mastering

The answer is "Encryption".

15. 15. Which organization has standardized the Unified Modeling Language (UML)?
1. OASIS

2. OMG
3. ISO
4. IEEE

The correct answer is "OMG".

16. 16. What is the maximum capacity of DDR4 memory module?

1. 8GB
2. 16GB
3. 32GB
4. 64GB

The correct answer is "64GB".

17. 17. Which of the following is not included in "system resources?"

1. Electricity supply
2. Processor
3. Memory
4. Data

The correct answer is "Power".

18. 18. What kind of connectors do most analog headphones have?

1. Audio jack 3.5 mm
2. Toslink
3. USB-C
4. Lightning

The correct answer is "3.5 mm audio jack".

19. 19. What is the magnitude of the Virtual Channel Identifier (VCI) in cell ATM?

1. 4 bit
2. 8 bit
3. 16 bit
4. 32 bit

The correct answer is "16 bit".

20. 20. What is the following not required when digitally signing a document?

1. Codec
2. Digital ID
3. Private key
4. Public key

The correct answer is "Codec".

1. ASP
 2. TCP / IP
 3. I / O
 4. ZIF

The correct answer is "I / O".

26. 26. What are the .BAT files found on Windows computers?
1. Batch file
 2. File reports battery status
 3. Beta test file
 4. File change BIOS

The correct answer is "batch file".

27. 27. What technology developed by Sun Microsystems instead of ASP?
1. PHP
 2. JSP
 3. XAML
 4. ODBC

The correct answer is "JSP".

28. 28. What terms describe the frequency of clicks on ads on websites?
1. RPM
 2. eCPM
 3. PPL
 4. CTR

The correct answer is "CTR".

29. 29. What is the smallest natural number?
1. -?
 2. -first
 3. 0
 4. first

The correct answer is 1.

30. 30. Which Internet technology is developed at the University of Minnesota?
1. FTP
 2. Archie
 3. Gopher
 4. IMAP

The correct answer "Gopher".

31. 31. =) and :-P is an example of what?
1. emoji
 2. Emoticon (emoticon)
 3. Enum

4. Emulator (emulator)

The correct answer is "Emoticon".
