

Genshin Impact: Revealed the appearance of Yelan, Heizou, Kuki Shinobu and Ayato's set of moves

In the files of Genshin Impact, leakers have found information related to the description of the new characters' appearance and Ayato's skill set.

Although leaking information in the beta versions of Genshin Impact has always been banned and strongly opposed by miHoYo or even prescribed extremely heavy penalties if discovered. But the leakers are still active very often and the leaks are constantly being published with information obtained from insiders at miHoYo or found in the game's files.

In the case of Yae Miko, players would not be able to know anything about her without the leakers working within miHoYo. Meanwhile, in the case of names like Yelan, Heizou, Kuki Shinobu and Ayato, the information of these characters is found in the game file.

Specifically, here are the descriptions of the appearance of these characters so that players can look forward to when they are released in the near future. In particular, Yelan will have a somewhat similar appearance to Ningguang or Shenhe and Kuki Shinobu will be similar to Ayaka or Keqing. In addition, Heizou will be a detective boy with the appearance of Bennett or Venti and Ayaka's brother Kamisato Ayato will have the appearance of the male gods Zhongli, Itto or Diluc.

Besides, Ayato's skill set is also revealed in this leak. Accordingly, Ayato will be a Water-type character exactly as the gamers have predicted based on the information obtained when learning about the Kamisato mansion.

Normal Attack - Slash

Unleash up to 5 slashes.

Elemental Skills - Water Magic

- Creates a paper doll that lasts for 12 seconds with 1 stack of Kendo.
- When long held will have the same effect as usual, but Ayato will stab and deal a large amount of Water damage as well as 1 stack of Kendo. The cooldown is 20 seconds and up to 2 stacks of Swordsmanship can be accumulated using this skill.
- Paper Doll: Deals Water damage to enemies in the surrounding area while taunting them. Destroyed or expired, the paper doll will explode on its own, dealing Water damage.
- Kendo: When Kendo is stacked, Ayato's attacks deal additional Water damage for a short period of time. Each stack increases Ayato's attack stats.

Wrath Skill: Lang Dung

Damage from basic attacks, heavy hits, and landing attacks will be converted to Water damage. When active, attack speed and range are also increased.

Thien Phu Fixed 1:

When using fury skill, the cooldown of elemental skill will be refunded.

Thien Phu Fixed 2:

Each stack of Swordsmanship reduces the cooldown of the other characters' elemental skills by 1 second, up to 3 seconds.

Zodiac 2:

If there is a paper doll on the field while Ayato uses Rage, a whirlpool will appear and suck nearby enemies inside.

Destiny 4:

Fixed endowment 2 cooldown reduced from 1 second to 2 seconds.

These information are just leaks and have not been officially confirmed, so gamers can only refer and get an initial look at characters like Yelan, Heizou, Kuki Shinobu and Ayato. Let's wait until version 2.5 is released, then it is possible that information related to version 2.6 will be revealed.
