Shrine of Depth

The Shrine of Depth are sealed ancient structures located around Teyvat. Inside each of these shrines is a chest that provides the player with 40 Primogems, 60 Adventure EXP, 10 Sigils, and a bunch of random artifacts and weapons.

There are 10 Shrines of Depth in each region of Teyvat, which means a total of 30 temples and 1200 free Primogems. To unlock the Shrine of Depth, the player needs a key for the respective area's Shrine of Depths.

Daily Bonus

Each day, players can complete a total of 4 Daily Commissions, each offering 10 Primogems and various rewards. Once you've completed all 4 daily quests, you can go to the Adventure Guild to get another 20 Primers. In total, it is possible to get 60 Primogems per day by doing Daily Commission.

Daily commissions are the only long-term source of Primogems once other Primogem sources have been collected in Genshin Impact.

Archon Quest and World Quest

The Archon Quests and World Quests in Genshin Impact also provide the player with a sizable and stable amount of Primogem while exploring the world.

Gamers will receive about 40 to 50 Primogems for each mission. However, the quests that provide Primogems are quite lengthy and will usually have to go through several quests to get the rewards.

The Spiral Abyss

Finally, The Spiral Abyss, the ultimate test of strength in Genshin Impact, is another free supply of Primogems. The Spiral Abyss has a total of 12 floors and each floor can give gamers a maximum of 300 Primers if all 9 stars are collected.

The rewards from tier 1 to tier 8 are a one-time reward. Rewards from 9th to 12th floor refresh 2 times a month. But keep in mind that the final floors of The Spiral Abyss have the hardest content in the game regardless of the player's AR and level, so people may need to apply the Spiral 9 Star Collecting Tips Abyss 12th floor.
