Genspark's difference lies in its multitasking capabilities. Instead of providing information, it delivers **complete output** .

1. Super Agent & Deep Research

Genspark doesn't just search on Google. Its Deep Research feature automatically gathers information from thousands of trusted sources, analyzes the data, and summarizes it into a comprehensive report. It's a "super agency" that helps you grasp any complex topic with just one request.

2. AI-powered office automation toolkit

1. **AI Slides:** Forget dragging and dropping individual text boxes. Simply provide the topic, and Genspark will automatically design "meeting room" slides, integrating illustrations and in-depth content.
2. **AI Sheets: Transforming spoken words into complex** Excel formulas . AI automatically collects raw data, builds templates, and analyzes trends instantly.
3. **AI Docs:** Draft professional contracts, business plans, or essays using hundreds of intelligent, adaptable templates.

3. AI Developer – A programmer in your pocket

This feature allows anyone to become a developer. Using only natural language, you can build:

1. Business website.
2. Native mobile app.
3. The game is simple.
4. **Specifically:** Fully integrated with GitHub to manage source code and execute pull requests like a real programmer.

AI Slides

Complete professional slides, just prompt it.

4. Media Hub – Bringing together the "giants" of graphic design.

Genspark integrates the most powerful AI models of 2026 for you to use completely free of charge:

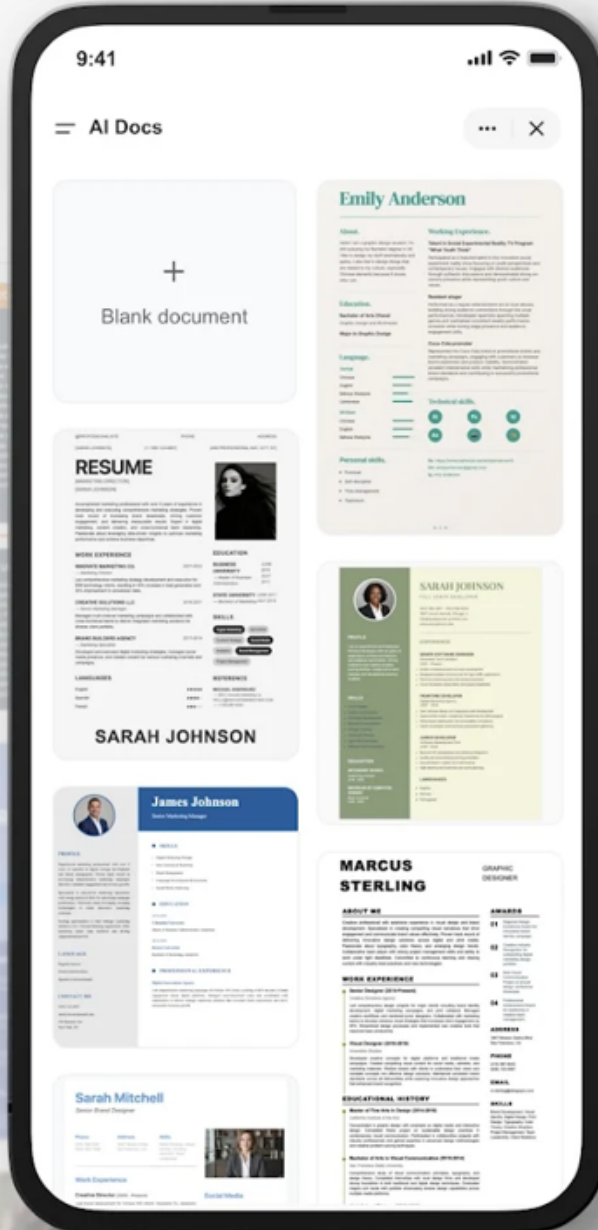

1. **AI Image:** Experience with Nano Banana **Pro** , GPT Image, FLUX, and Seedream.
2. **Video AI:** A pinnacle of innovation with Gemini **Veo** , Sora (OpenAI), Kling , and Seedance .

Experience the next generation of work.

1. **Smart meeting notes:** Automatically record, transcribe, and summarize key points for sharing with your team with just one click.
2. **Multi-model convergence:** You don't need to choose. Genspark integrates leading language models such as **GPT-5, Claude 4, Gemini 3 Flash** , and **Grok** , always updated to the latest version.
3. **Flexible design:** From AI Designer to AI Pods, every tool is personalized to your own workflow style.

AI Docs

Draft docs from anything,
just prompt it.

Comparing Genspark's performance with other tools.

Task	Traditional tools	Genspark AI Workspace
Create presentation slides	3 - 5 hours	2 minutes
Market research	1-2 days	5 minutes
Building a Landing Page	1 week	10 minutes
Excel data analysis	You need to know complex functions.	Simply give a voice command.
