

Genuine map locations in Map 8x8 Rules Of Survival

In the new Map 8x8 map of the Rules Of Survival game, some locations have been changed so that the location of the map loot also changes.

Currently the players of Rules Of Survival have been played on 8x8 maps with many changes, the number of players has increased to 300, the number of locations has also changed. New weapons and new vehicles were also added in this update. However, adding many new locations in this 8x8 map has caused some difficulty for players in picking up items. Where is the place where there are many good things where loot is? The following article will show 8 locations that should not be ignored when picking up items from the 8x8 map of Rules Of Survival.

1. How to install the Rules Of Survival game on PC
2. How to play the Rules Of Survival game on the computer
3. How to fix errors hanging game Rules of Survival

Top places to pick up items in Map 8x8 of Rules Of Survival

1. Crescent Bay

This is a place not located in the center of the map, **in the northeast** . Because it is quite far from the center, the number of people pouring here to loot furniture is also relatively small. In addition, this place also has many items to loot so you can equip **Full level 3** .

However, Crescent Bay's disadvantage is that players need to stay away from the center so there will not be many houses or places to stay. Get the loot as fast as possible, arrange the ring to limit blood loss and it's best to get a car to move faster.

2. Sirius Port

This is the place that any gamer needs and should loot the map. The location of Sirius Port is located **near the harbor**, close to the center with large and small buildings. Since this is considered a gold place to pick up items, there are many other gamers who also choose this place to loot. Any place where any genuine loot will contain a lot of dangers. Therefore, when loot, it is necessary to calculate the time carefully to avoid unjust network.

Another small note when landing, if the route is close to Sirius Port, quickly land to loot weapons, or other items. If the route is far away, try to adjust to land as close to Sirius Port as possible. Then use the car to run to the map loot.

4. Oil Factory

Oil Factory will assemble abandoned oil factories, have **lots of items for loot for gamers** . At this location we can search for guns, item support therapy and use to heal.

5. Area 42

Located at the inactive volcano, Area 42 is home **to a military base**, accompanied by a mountainous terrain that is suitable for users to parachute.

This hilly area, players can take advantage of to observe the posture from above. If you use a sniper rifle, you can destroy the enemy quickly. Area 42 will be close to Fortune island so it is possible to destroy the enemy in this area. Also, if parachuting into Area 42, pay attention to the roller coaster as they appear in this place quite a lot, making it possible for players to escape quickly.

6. Power Station

Power Station is not a pick-up center, many players know about the **'good' items here** . One advantage of Power Station that every gamer can take full advantage of is the place to hide around this location.

Around the Power Station there are many small areas nearby so you can loot items in this area and then run to another area to hide, or destroy the enemy.

7. Sewage Plant

You will easily see the Sewage Plant near the center of the map. However, this place does not have as many good things as some other places, but it is enough for the battle ahead.

8. Traffic Hub

From the Sewage Plant to the Traffic Hub is also very close. You can run back and forth between 2 areas to loot items, but be careful. At the Traffic Hub gamers can **search for weapons, helmet, Level 2, Level 3** . It is possible to go to Power Station to spy on where the enemy is to destroy and retrieve their items.

With new locations in the 8x8 map of Rules Of Survival, gamers need a lot of tactics and calculations in the map loot. While the map loot carefully watch around, calculate when to pick up items to limit the enemy's attack.
