

Give up your smartphone to use a flip phone for 1 week, get 1,000 USD right away

To commemorate the 30th anniversary of the first flap launch, Frontier Bundles - a telecommunications service company just organized Challenge flip phone with prize of up to 1,000 USD.

To commemorate the 30th anniversary of the first flip, the Frontier Bundles - a telecommunications service company recently organized a "flip phone challenge" with a prize of up to 1,000 USD. Participants in this challenge will have to leave their smartphones to use an old Razer flip phone for a week. Anyone can register to participate but only 1 person is selected.

To be selected, the applicant must fill out the form and give the reason why he or she is the perfect choice in about 200 words.

The selected person must use the phone folded for 7 days and record his experience as required including how the job performance changes, the duration of performing basic tasks, the desired level of use smartphone and number of Google searches.

Through the "flip phone challenge", Frontier Bundles want to know whether the time when users leave the smartphone's comfort will create a new sense of freedom or the worst time the candidate has ever experienced.

In addition to the \$ 1,000 bonus, the Frontier Bundles also provides participants with a number of tools including phone numbers, maps, pens, notepads and a few CDs from the 90s.

According to Frontier Bundles, a favorite, tech savvy, with a wide-ranging communication relationship, ready to make videos that record his challenging process will have a high chance of being selected.

To enroll in the challenge, please visit the link below, maybe you can go home.
