

Googe wrote poetry to market Chromebook computers

Google has just decided to bring its Chromebook to 9 new markets to expand its market share. To market this product in 9 countries, Google has ... made a poem to give Chromebook users.

Google has just decided to bring its Chromebook to 9 new markets to expand its market share. To market this product in 9 countries, Google has . made a poem to give Chromebook users.

Laptop Chromebooks do not use popular operating systems like Windows or OS X. Instead, it uses the same Chrome operating system developed by Google. Most Chromebook functions require an Internet connection.

It's possible to say Chromebooks are a laptop model made for browsing the web and running simple applications. On the market today there are several models of Chromebooks made by *Samsung, Dell, Acer, HP and Lenovo* . Google also built a premium Chromebook called **Chromebook Pixel** .

Nội dung bài thơ được chúng tôi tạm dịch như sau:	Đây là nguyên văn tiếng Anh bài thơ của Google:
Chromebook thêm 9 quốc gia Trang bị máy tính người già trẻ em Xin chào tất cả anh em Ở trên thế giới ta cùng xài Chromebook Xin chào bạn New Zealand Truy cập trang web không cần chờ lâu Chào Philippines một câu Rất yêu điện toán ở đâu cũng xài Chào Na uy rất đẹp trai Tốc độ, đơn giản, an ninh hàng đầu Các bạn Đan Mạch ở đâu Ngăn chặn virus cùng nhau tiến hành Mexico rất là nhanh Cùng Chi Lê tải phần mềm tẹt ga Bỉ, Ý, cùng Tây Ban Nha Chờ vài tuần nữa chắc là có thôi Dùng Chromebook dễ thôi rồi Bao nhiêu kích cỡ, sắc màu chọn ngay Dữ liệu lưu trữ trên mây Mua về mẹ sẽ khen ngay tức thì Dùng Chromebook thích mê ly Người dùng thế giới còn gì sướng hơn.	Chromebooks are coming to nine more nations to improve computing for all generations. So we'd like to say our Hellos to our new global Chromebook fellows: Kia ora to our New Zealand mates, where getting on-line will have shorter waits. Kumusta to new friends in the Philippines, a better way of computing is what this means. Hallo to all the folks in Norway Speed, simplicity and security are coming your way. Hej Hej to the people in Denmark Built-in virus protection will be your new computing benchmark. To Mexico and Chile, Hola we say Tons of apps and free automatic updates are starting today. And in the coming weeks -- very soon, you'll see Chromebooks will be in Belgium, Spain and Italy. Chromebooks are easy to share, manage and use, With lots of shapes, colors and sizes to choose. Stay safe with your data stored in the cloud, A smart pick like Chromebook will make your mom proud. When Chromebooks in these countries alight, We hope our new global friends find some computing delight

Promoted poem for Chromebook written by *David Shapiro* , Google's product marketing manager. The content of the poem is a greeting from Google to 9 countries where Chromebooks will come, besides listing the useful features that laptops bring to users.
