

## Google Glass has a new boss

Google announced that it would appoint Ms. Ivy Ross as head of the Google Glass smart glass project development department.

**Google announced that it would appoint Ms. Ivy Ross as head of the Google Glass smart glass project development department.**

Ivy Ross is about to work for Google

According to *SlashGear* , before returning to work for Google, Ms. *Ivy Ross* held important positions in marketing and product design at large companies such as Art.com, Calvin Klein, Mattel, Bausch & Lomb, Gap .

On May 14, Google officially sold Google Glass smart glass in the US market, with a retail price of 1,500 USD / unit, and 5 color options.

However, Google also recommends that the smart glass they sell to the market at the moment is only a trial version.

According to *Google* , *Ivy Ross* will officially take over as Google Glass development manager on May 19.
