

Google released Android 5.0 Lollipop user guide

In recent days, Android 5.0 Lollipop has been the focus of technology, at the heart of Lollipop is a new feature, a new design that Google has put into its latest Android version.

In recent days, Android 5.0 Lollipop has been the focus of technology, at the heart of Lollipop is a new feature, a new design that Google has put into its latest Android version. Today Google has officially released the manual, called Android Quick Start Guide, Android 5.0, Lollipop.

This is not the first time Google has released a guidebook for its users, but remember the version of Android 4.4, the company has done the same, but *Android Quick Start Guide, Android 5.0, Lollipop* is currently only New English version available.

The image shows the cover of a book titled "android™ Quick Start Guide". The cover is a solid teal color. The word "android™" is in a white, lowercase, sans-serif font. Below it, "Quick Start Guide" is written in a larger, yellow, sans-serif font. At the bottom left, the word "English" is in yellow, and "Android 5.0, Lollipop" is in white, both in a sans-serif font.
