

Grab was voted 'Vietnam's technology company has the best working environment in 2020'.

Grab has been voted as the best technology company with the best working environment in Vietnam by ITviec.com, specializing in job openings for the technology world in 2020. on February 14.

ITviec.com's ranking is based on the evaluation, objective and transparent experience of more than 11,000 people working at technology companies across Vietnam, based on criteria such as remuneration, environment working schools (including offices, workspaces), company culture, the relationship between management and employees, overtime (OT), and a number of other factors. This year, Grab is honored to continue to be in the Top 15 and has risen to No. 1 from No. 4 in 2019, with an overall score of 4.8 / 5 with 97% recommending working at Grab.

"We are very proud to be voted as the best technology working company in Vietnam by ITviec.com 2020. Grab believes in promoting the application of technology to improve the quality of life for people and bring practical benefits to the whole community, so we will continue to build and develop a team of engineers at the Center for Research and Development (R&D) in Vietnam, and at the same time investing in technological talents to solve the biggest challenges in Vietnam and Southeast Asia, thereby helping Vietnam increase its competitiveness in the digital economy. " - Ms. Nguyen Thai Hai Van, CEO of Grab Vietnam shared.

In 2017, Grab established an R&D center located in Ho Chi Minh City to attract and promote the capacity of domestic technology talents, aiming to create user experiences exclusively for Vietnamese and foreign customers. Increasing experience for users throughout Southeast Asia.

Grab currently has around 1,000 employees working in Vietnam, and provides a super-app ecosystem that includes essential services for Vietnamese users such as mobility (GrabCar / GrabBike / GrabTaxi), delivery. receive goods & food (GrabExpress / GrabFood / GrabKitchen), make cashless payments (via e-wallet of Moca partners), and book hotel rooms (linked to Agoda and Booking.com).
