

GTA 6 is rumored to officially launch in March 2024

GTA 6 is the next version of the popular Grand Theft Auto series that the gaming community has been looking forward to for nearly 9 years.

Take-Two's latest financial report has made the gaming community begin to have new theories about the potential release date of GTA 6. This is the next version of the open world action game series. The classic Grand Theft Auto has been expected by fans for the past 9 years.

Although in recent years, Rockstar has continuously released attractive DLC for GTA Online and the remake of Grand Theft Auto: The Trilogy - The Definitive Edition of GTA III, Vice City and San Andreas, but Of course, those products will not be able to replace GTA 6.

According to a recent statement by CEO Take-Two, the company's annual growth rate as of March 2024 will reach 14%. This information immediately made many people wonder what could help Take-Two grow so strongly in just the next 2 years. And of course, all eyes began to turn to the GTA 6 project.

In fact, this isn't the first time Take-Two has hinted at releasing a GTA game through financial reports. The same thing was done before GTA 5 when a financial forecast came out in 2011 that hinted at the game's release date at the end of 2013.
