

Guide 3 ways to block ads on YouTube videos

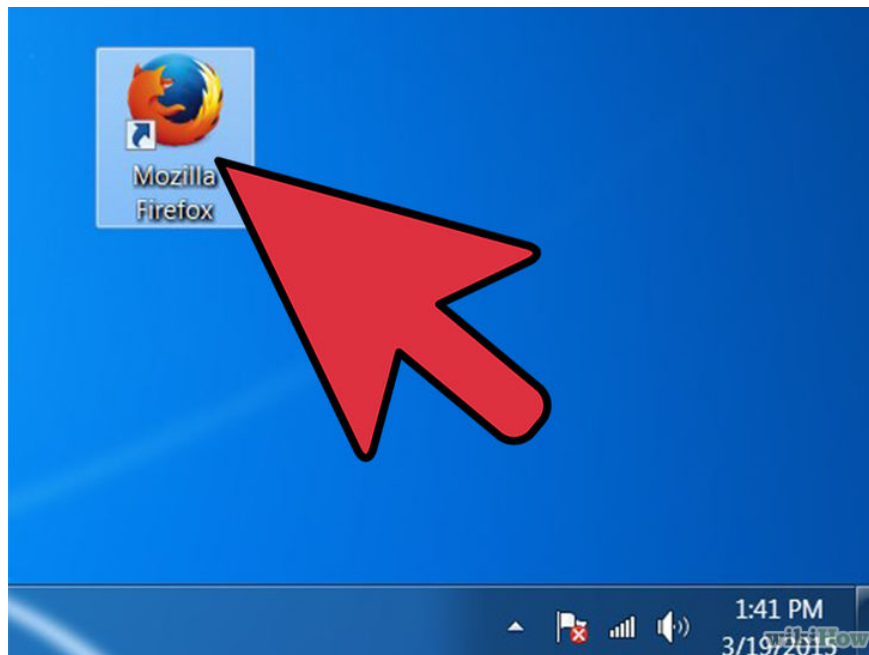

Youtube is one of the largest video sharing websites in the world. So it is normal for advertisers, companies, businesses ... to place ads on YouTube videos. However, when watching a video, the ad will show up and make you feel uncomfortable. So how to turn off these ads?

Youtube is one of the world's largest video sharing sites and advertising is its main source of revenue. However, recently YouTube seems to be increasing the number of ads on each video, especially when you sign in to your Google account when watching YouTube.

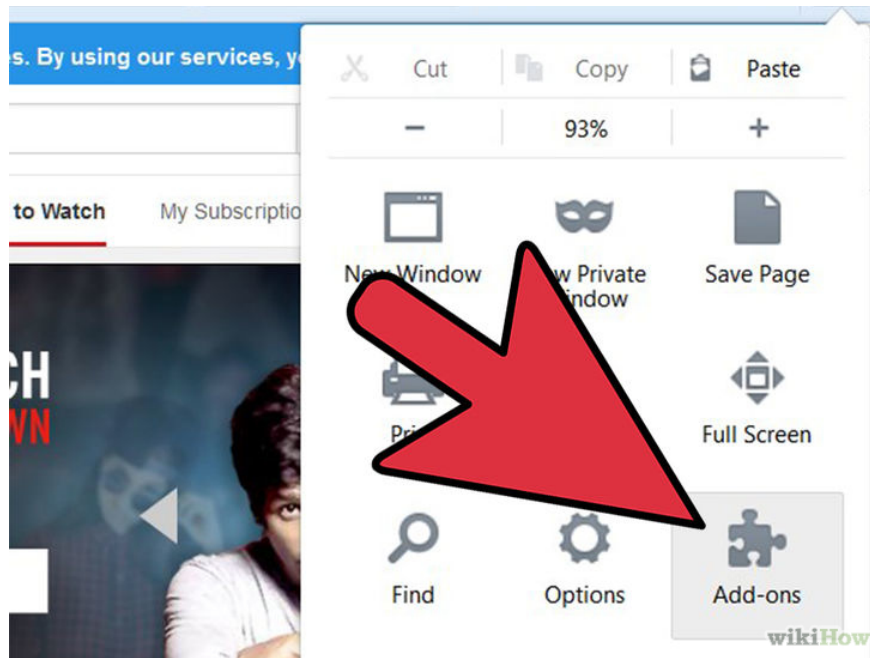

If you want to block YouTube ads in some cases, like watching movies, watching instructional videos, studying, you can follow the instructions below to turn off YouTube ads. But as mentioned, advertising is YouTube's "source of life," so if you're not too upset with them, then "turn a blind eye".

1. Use the 3rd application

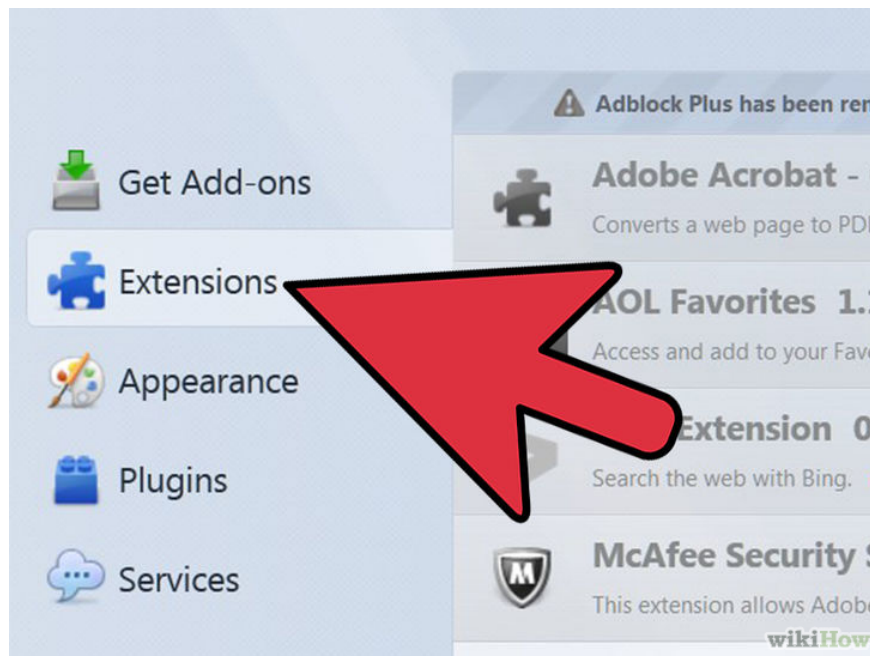

Open your browser.

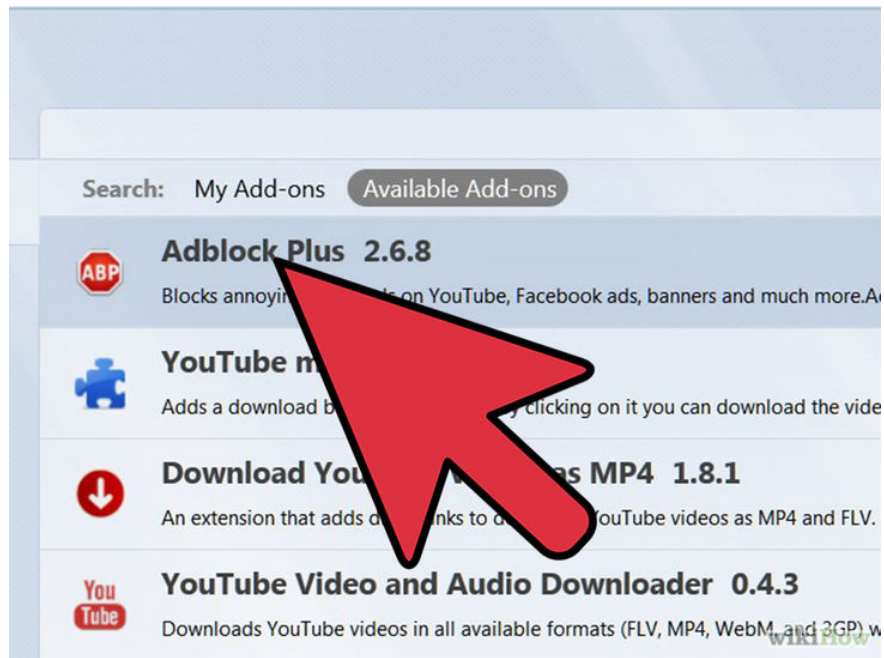

On your browser, navigate to the extension or **Add-ons** menu. For example, if you use Firefox, click Firefox and select **Add-ons**.

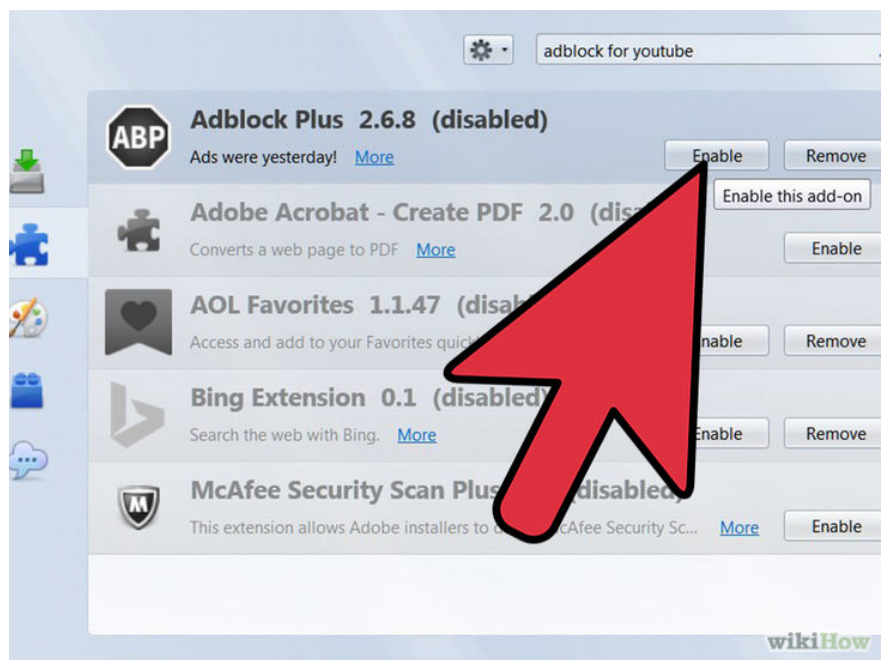

Select the **Find and download extensions option** on your browser. For example, if you use Chrome browser, select **Get more extensions**.

Enter the keyword and the **Search** box to find the extension and **Add-ons to disable** (disable) the ad. Some ad blocking extensions like Adblock Plus, TubeStop, and AdThwart.

Install ad blocking extensions on your browser.

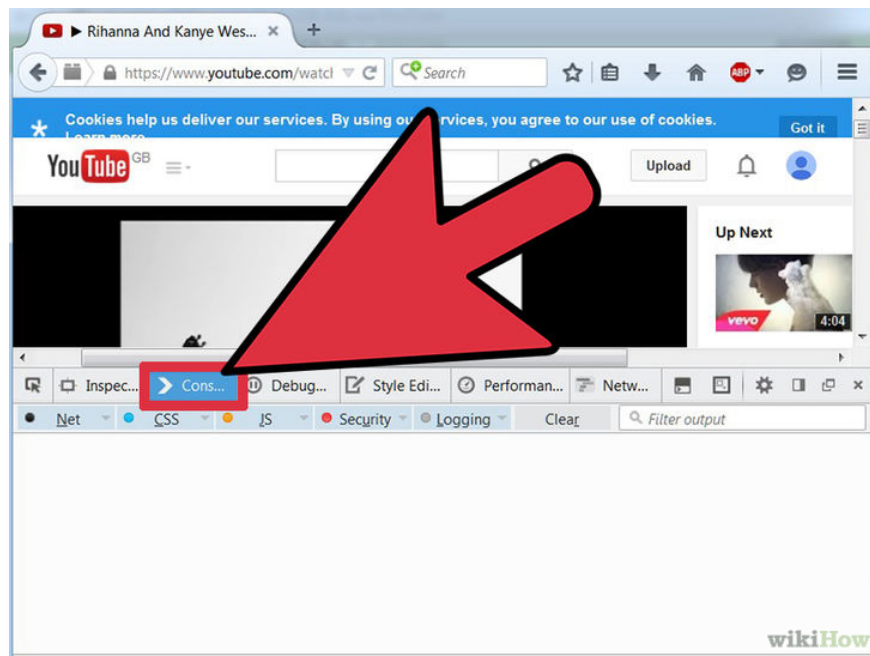

2. Use Developer Console (Advanced) to turn off ads

Step 1:

Visit <https://www.youtube.com/>.

Step 2:

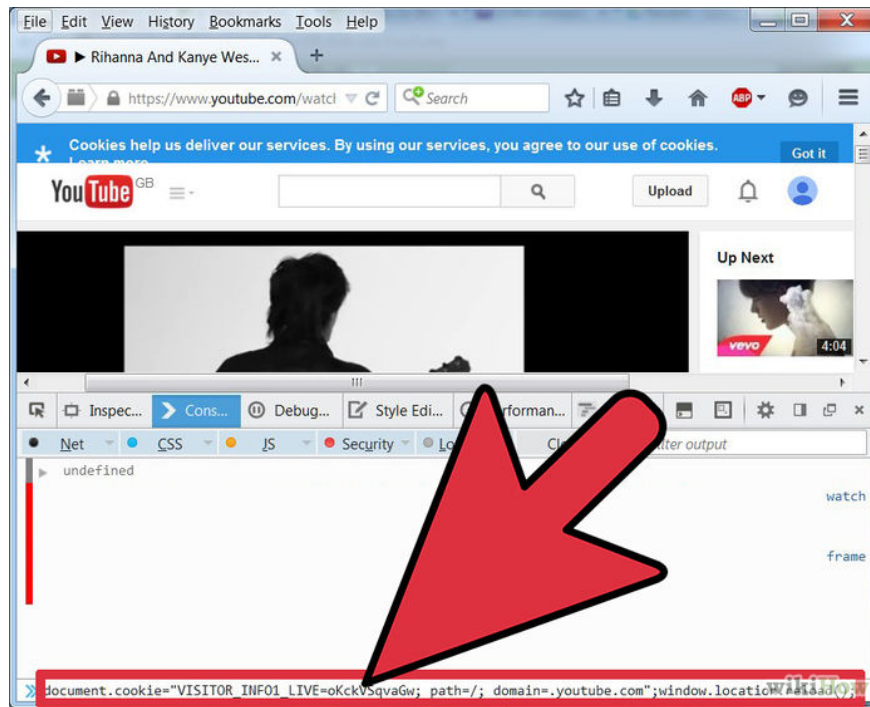

Open the **Developer Console** on your browser:

Chrome: Press **Ctrl + Shift + J** (on Windows) or **Command + Option + J** (on Mac).

Firefox: Press **Ctrl + Shiftm + K** (on Windows) or **Command + Option + K** (on Mac).

Internet Explorer: Press the **F12** key then select **Console** .

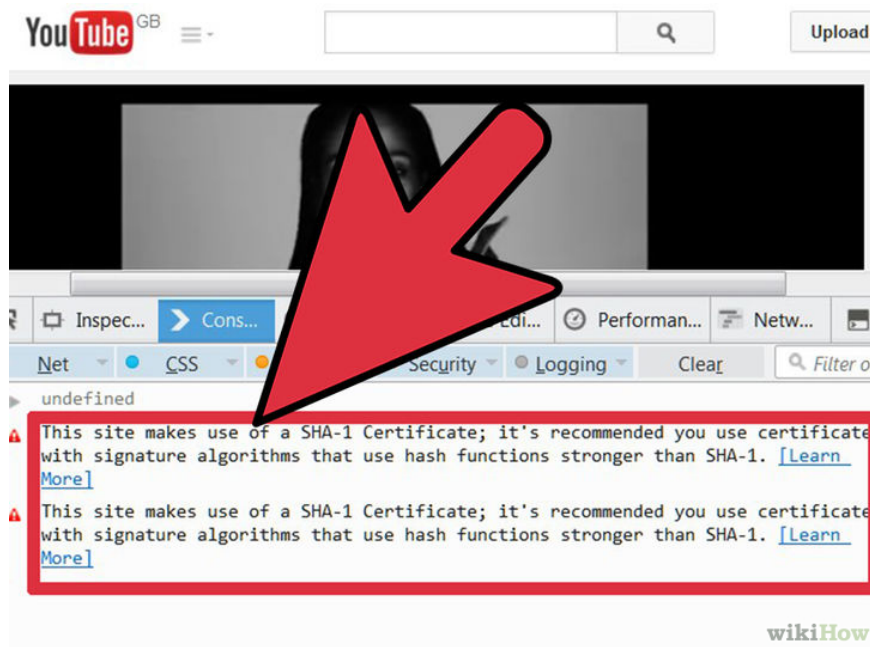

Step 3:

Enter the following command line into the Developer Console:

"document.cookie = " VISITOR_INFO1_LIVE = oKckVSqvaGw; path = /; domain = .youtube.com "; window.location.reload ();".

Step 4:

Press **Enter**.

Step 5:

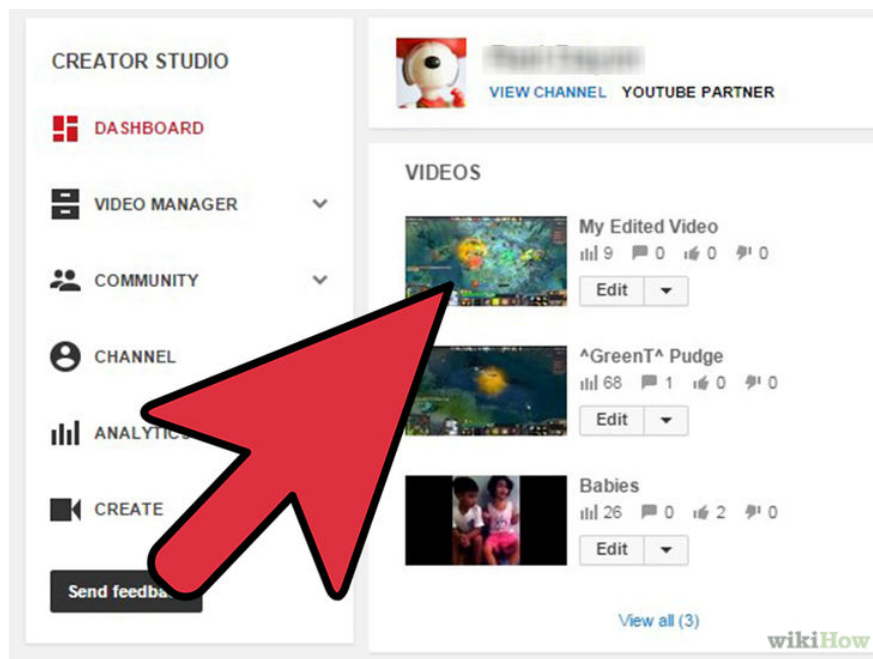

Wait until the command is completed, then exit the Developer Console.

From now on ads will no longer appear on YouTube videos.

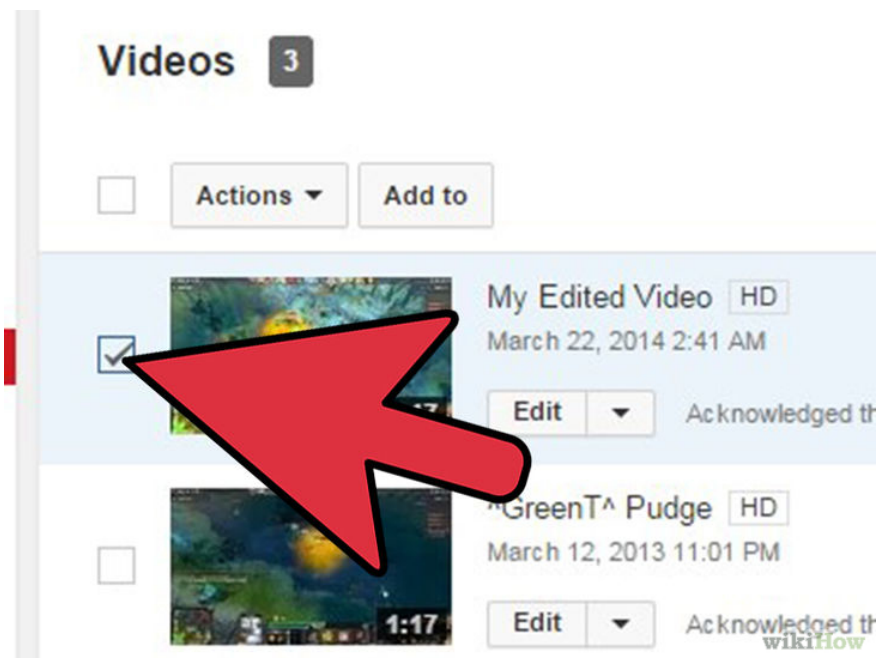

3. Disable (block) ads on videos that you upload on YouTube

Step 1:

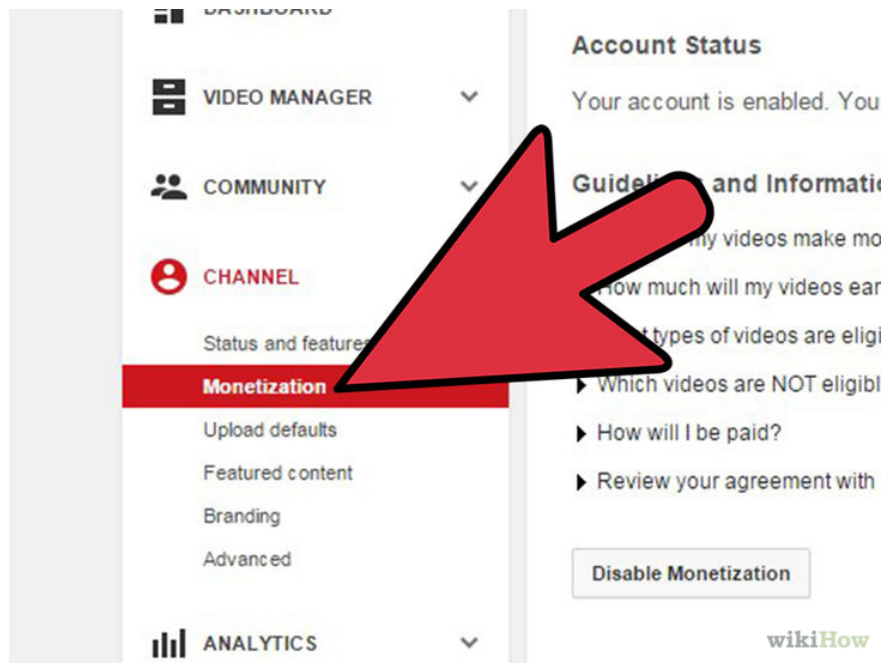

First visit at: https://www.youtube.com/my_videos. Then log in to your account. Now on the screen you will see a list of videos you have uploaded on your YouTube account.

Step 2:

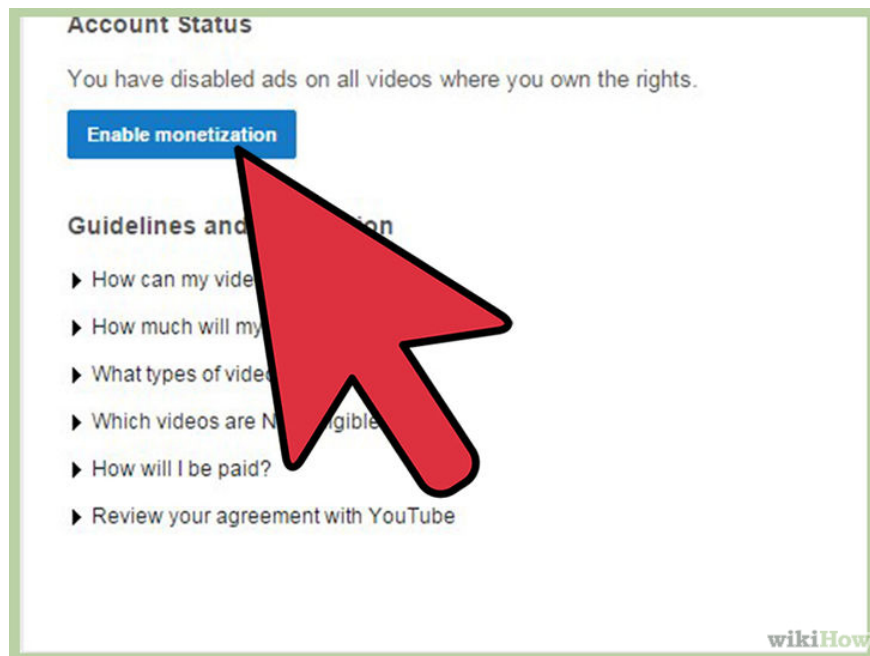

Click on the video you want to turn off the ad.

Step 3:

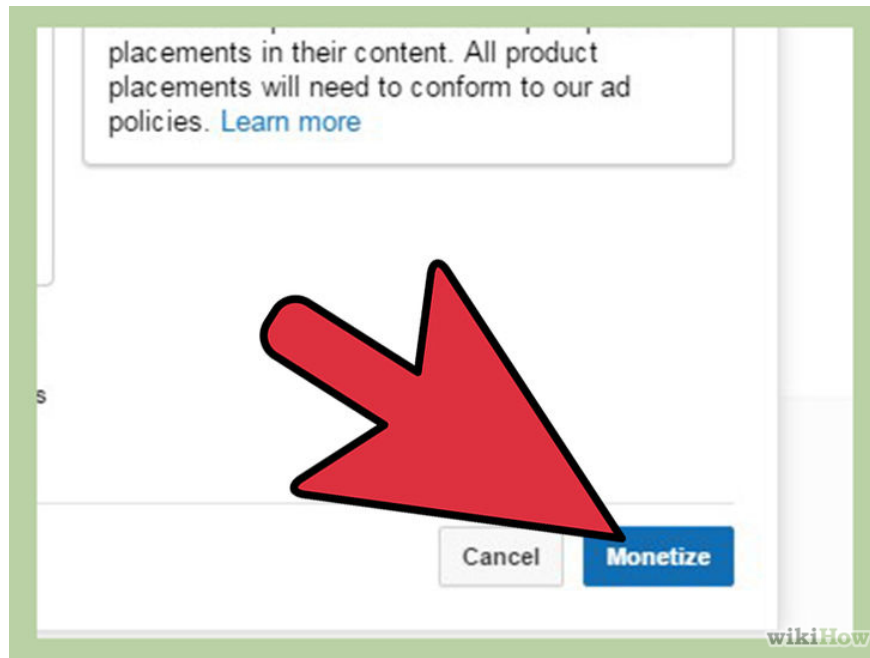

Click on the **Monetization** tab.

Step 4:

Missed my **Make Money Video** section (Monetize my video).

Step 5:

Click **Save Changes** to save the changes. From now on ads will no longer appear on your YouTube videos.
