

# Guide fake Fanpage reports on Facebook

Fanpages with garbage content are not lacking on Facebook and cause discomfort, not lightly for users. So how do I get them off Facebook even if you don't like it?

In addition to handling "virtual" Fanpage sentences, many users also need to delete junk pages when they are constantly appearing on Facebook, even if they don't like or share. Or if you accidentally access a malicious link, it makes the junk page have a chance to attack your Facebook. Network administrators will guide us on how to block, report garbage Fanpage or dissolve on Facebook.

## Step 1:

On the page you want to block, click on the three dots and select **Report Page** to send false information to Facebook.

## Step 2:

Check the box in the 4th box **It's a phishing page** and click **Continue** to report Fanpage to affect users.

### Step 3:

Select the first item **Block Fanpage** .

After that, Facebook will appear a notification panel, click **Block** to make sure the page is reported.

So, you have completed the fake fake Fanpage process with junk information on Facebook. This will help us prevent inaccurate, dangerous information, especially information containing viruses that endanger personal Facebook. Please share with friends to limit these junk pages with the opportunity to appear on Facebook.
