

# Guide to group voice and video calls on WhatsApp

WhatsApp supports users to connect voice calls and group video calls with up to 32 people in a group call so you can comfortably contact and chat with everyone.

WhatsApp supports users to connect voice calls and group video calls with up to 32 people in a group call so you can freely contact and chat with everyone. We just need to access the chat group and make the voice or video call we like. Below are instructions for group voice and video calls on WhatsApp.

## How to make group voice calls on WhatsApp

We just need to access **the chat group on WhatsApp** that we want to call and then click on **the phone icon** in the top right corner. Then click **on Call group** at the bottom to make the call.
