Guide to level up fast in Pokemon Master

1. Play the plot and win

Every time you win a match, the coaches you bring in that battle earn a certain amount of XP. The amount of XP will be more or less depending on the difficulty of that battle, whether in Story mode (Story) or Training (Training) mode.

2. How to level up in the training area

Training area, also known as Training Area will be unlocked at the end of Chapter 2 (quite long) of the plot, after completing it, your team will be up quite a bit. This Training Area guide will give you details on each of the different training areas that are increased from task level to easy to difficult.

When this training area is unlocked, you have access to challenges, which are similar to battles when you play Story mode. You need to consider choosing a training site to invest your time there.

The training tasks in this Training Area can be repeated and you can take these courses as many times as you want, and each time you complete the training task you receive rewards.

3. Join the Supercourse challenge

Supercourse Training is something very different from other training tasks in the Training Area Pokemon Master. The difficulty of Supercourse Training will be many times more difficult than other training tasks.

It requires the player to have a stronger team to complete. But the reward and XP you get will be more when you complete the Supercourse Training.

And the number of times doing Supercourse Training is only 3 times a day at different levels of the task.
