## 1. VietinBank

In February last year, VietinBank officially launched and provided customers with a search tool for savings book / savings account via VietinBank website ([www.vietinbank.vn](http://www.vietinbank.vn)) on both web and mobile versions.

To use this tool of VietinBank, you can perform the following two simple steps:

+ Access the website: [www.vietinbank.vn](http://www.vietinbank.vn), select the 'Tools and utilities' section on the right side of the screen, select 'Look up savings book / savings card'. link <https://ebanking.vietinbank.vn/passbook/passbookInfo> to check accounts quickly.

+ Fully enter 04 fields of personal information including: Account number, Serial number of books / savings card, TCC / ID card / HC number, phone number. Requesting the full supply of these 4 information fields ensures that only the owner holding the savings book / card can look up the information, giving customers complete peace of mind with accuracy, safety and security of the tool.

With this online balance check tool, customers can look up information: Full name of savings book owner / savings card, current balance, blocked amount (if any), term, issue date, due date of savings deposit account. The use of tools via computers and mobile devices is also very convenient and safe.

Apart from VietinBank, there are some other banks that apply online savings account balance search applications such as:

## 2. Vietnam Maritime Commercial Joint Stock Bank (Maritime Bank)

On March 1, 2018, Vietnam Maritime Commercial Joint Stock Bank (Maritime Bank) has also deployed and introduced to customers how to monitor online details of their savings being deposited at Bank. Accordingly, customers only need to access the official website of Maritime Bank to know all the latest information of the book.

To check the status of your book, customers just need to visit the bank website <https://www.msb.com.vn> /, then continue to click on the 'save pig' icon on the right side of the screen. home page. Or you can access directly to the website <https://ebank.msb.com.vn/IBSRetail/svonline.jsp>, to enter personal information as well as information of the book including: cardholder name, original amount Initially, current principal, deposit date, maturity date, term, interest rate . Customers can check today without having to perform any registration

procedures.

In addition, customers can also check their savings account with Maritime Bank's electronic banking application including: internet banking, mobile banking application (download from Apple Store or Google Play), Mobile Banking. After logging in, right at the home page, all information of savings cards of customers opening at Maritime Bank are displayed, including savings at counters and online savings.

### 3. Sacombank Bank

Sacombank has recently launched a savings account monitoring and management application in two ways. The first way is to search by entering the savings card account number on the bank's website. To use this search method, customers only need to register the procedure once at any Sacombank transaction point or register online on this website.

Secondly, for customers who are using Sacombank e-banking service, they can go to the **Term Account Account** on E-banking. The system will display all information such as account number, product name, deposit amount, term, maturity date, interest rate . of all customer savings cards opened at Sacombank.

### 4. Viet A Commercial Joint Stock Bank (VietABank)

## Dịch vụ Tra cứu tiền gửi tiết kiệm online

Also quickly catching up with this trend, recently Viet A Commercial Joint Stock Bank (VietABank) also gave its customers a "privilege" to look up their savings account information online. You only need to access <https://www.vietabank.com.vn/> on the main interface, you will immediately see the search information on the status of the Savings book which has been updated on the banking system including If there is no payment account yet. After accessing the search section, the system will ask customers to enter some specific information such as savings account number, book number and ID number for the system to authenticate the account.
