

Fishing Battle Game Guide for Beginners

Guide to playing Fishing Battle: The perfect upgrade from Thousand Pounds Fishing. Tips for upgrading your rod, selling fish, and hunting sea monsters.

If you were ever "addicted" to the thrilling reel-pulling sensation in **Fishing Mega Battle** on the Builda app, then **Fishing Mega Battle** is the perfect successor on mobile platforms. While not boasting flashy graphics, this game became a sensation thanks to its dramatic, fast-paced gameplay and highly addictive nature.

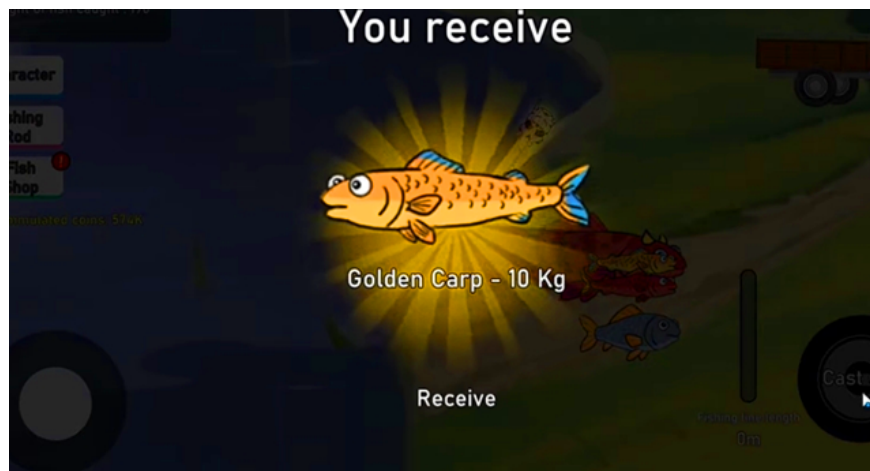

1. Interesting similarities between The Great Fishing Battle and The Thousand Pounds Fishing

Although they are two independent games, players can easily see the commonalities that make **Fishing War** feel familiar to each other:

1. **Core gameplay:** Both focus on the realistic feeling of "catching fish." The element of skill in timing the bite and a bit of luck when encountering rare fish creates an irresistible appeal.
2. **Entertainment value:** No complicated operation required, suitable for stress relief anytime, anywhere.
3. **Economic system:** Fishing – Selling fish – Upgrading fishing rods. This is a psychological loop that keeps players motivated and motivated to strive for goals.

2. Explore the interface and key metrics.

When you first enter the game, you need to familiarize yourself with the information displayed in the upper left corner of the screen to optimize your gameplay:

1. **Level:** Determines whether new maps are unlocked.
2. **Stamina:** Each cast of the rod will consume stamina. Manage your stamina well to avoid interruptions to your enjoyment.
3. **Total weight:** This indicator confirms your status as a "heavy angler of immense weight."

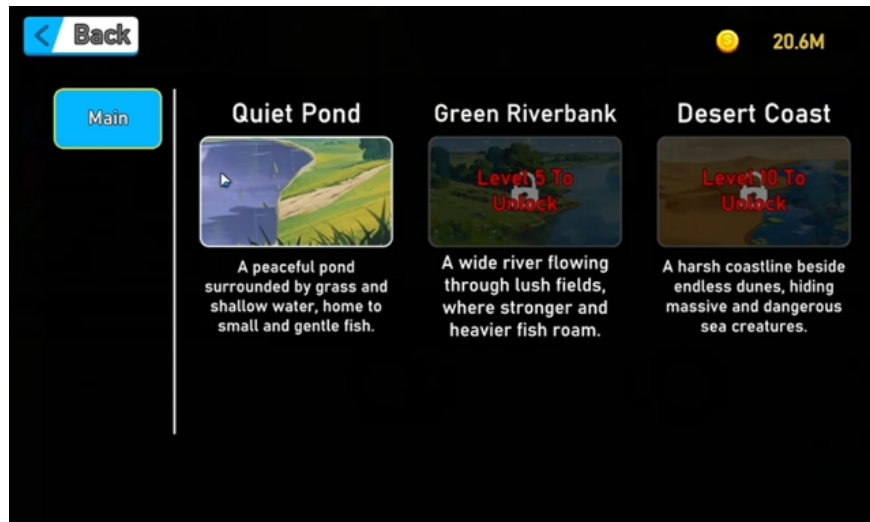

3. Detailed instructions on how to play Fishing Battle for beginners

Step 1: Prepare your equipment in the main lobby.

Before setting sail, pay attention to these 3 tactical upgrades:

1. **Characters:** This is where you upgrade your power stats or buy new characters to increase your ability to control big fish.
2. **Fishing rods:** Don't skimp on upgrading your rod. A good rod will help you cope with the strong thrashing of the sea monster.
3. **Fish Shop:** Where you can exchange your loot for gold coins to reinvest in equipment.

Step 2: Choose a suitable fishing spot.

The game offers 3 maps based on your level:

1. **Yen Binh Pond:** For beginners to get used to the pace.
2. **Green Riverbank (Level 5):** Where larger fish species begin to appear.
3. **Desert Coast (Level 10):** A true arena for professional anglers.

Step 3: Techniques for casting the rod and reeling in the fish.

Move your character close to the water's edge and press "**Drop the rod**". As soon as a fish bites, **touch and hold** the fishing button.

Tip: Keep an eye on the power bar to make sure the fish don't escape. When the fish are brought ashore, the system will highlight the weight and type of fish you've just caught.

4. Evaluate the advantages and disadvantages of the game.

Advantage

1. **Lightweight:** Runs smoothly on most older Android devices.
2. **User-friendly:** Adorable 2D interface, 100% Vietnamese language support.
3. **Free:** You can enjoy all the content without having to top up your account.

Disadvantages

1. Currently, the game is only available for **Android** (iOS versions will need to wait longer).
2. The ads appear quite frequently between each sentence.

Conclude

If you love the simple yet addictive style of "**Fishing for a Thousand Pounds** ," then "**Fishing Battle**" will certainly not disappoint you. It's a great choice for entertainment during short breaks.

Are you ready to break the fish weight record today? Download the game and try your luck now!
