

Guide to transfer ebook into the Amazon Kindle

Documents brought into Kindle are stored in online personal documents (Kindle Personal Document online). When buying a new Kindle, documents on the old Kindle will automatically be returned to the new machine. Users can also access personal documents from Kindle applications on other platforms.

Send to Kindle for PC makes it easy to push content into a Kindle, whether it's a free ebook or a Word document. You can also send files via email to an address @ Kindle.com or via USB.

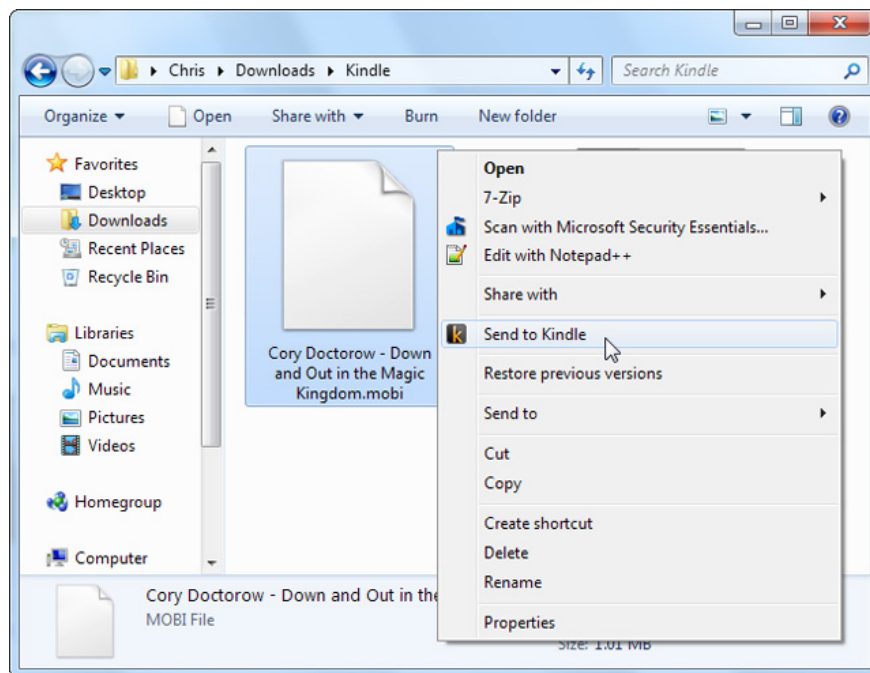

Documents brought into Kindle are stored in online personal documents (Kindle Personal Document online). When buying a new Kindle, documents on the old Kindle will automatically be returned to the new machine. Users can also access personal documents from Kindle applications on other platforms.

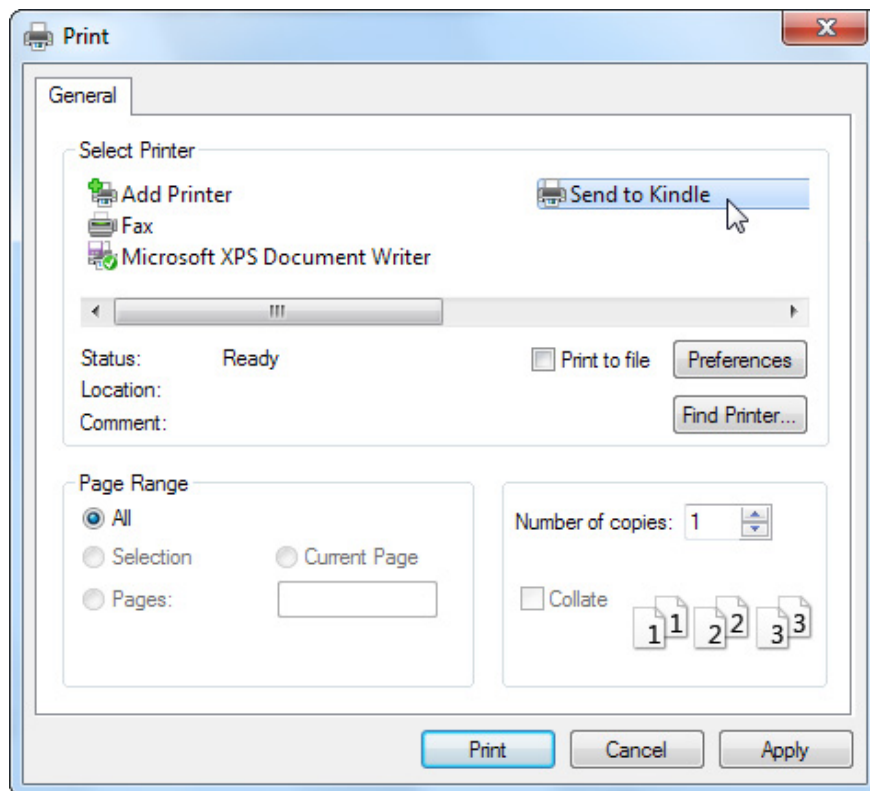

Send to Kindle for PC

Amazon's Send to Kindle for PC application is the fastest way to push free ebooks and other documents onto Kindle.

After installation, you will find an option to **Send to Kindle** on the right menu. You can quickly send documents to Kindle without email or cable connection.

Send to Kindle for PC also installs a virtual printer. Select **Send to Kindle** while printing and the document will appear on your Kindle.

Send documents via mail to the address @ Kindle.com

Before the PC application is released, the main way to send documents to Kindle without connecting a cable is to send it to your @ Kindle.com email address.

Before sending, users will have to set up a personal email address. First, open the Kindle Management page (*Manage Your Kindle Page*) on the Amazon website and click on the **Personal Document Settings** link under your Kindle account in the sidebar.

The screenshot shows the Amazon website interface. At the top, there is the Amazon logo and navigation links for 'Today's Deals', 'Gift Cards', and 'Help'. Below this is a search bar with a dropdown menu set to 'Kindle Store'. A secondary navigation bar includes links for 'Kindle Store', 'Buy A Kindle', 'Free Reading Apps', 'Kindle eBooks', and 'Kindle Single'. The main content area is titled 'Your Account > Manage Your Kindle'. On the left, there is a sidebar with two main sections: 'Your Kindle Library' and 'Your Kindle Account'. The 'Your Kindle Library' section lists 'All Items', 'Books', 'Newspapers', 'Magazines', 'Blogs', 'Personal Documents', 'Audible Audiobooks', 'Active Content', and 'Pending Deliveries'. The 'Your Kindle Account' section lists 'Register a Kindle', 'Manage Your Devices', 'Subscription Settings', 'Kindle Payment Settings', 'Personal Document Settings', and 'Country Settings'. A mouse cursor is pointing to the 'Personal Document Settings' link. To the right of the sidebar, the 'Your Kindle Library' section is displayed, showing a 'View:' dropdown menu set to 'Newspapers' and the message 'No Newspapers Found.'

Click the **Add a New Approved Email Address link** and add the email addresses to the list. Only the addresses on this list will be sent to your Kindle.

Personal Document Settings

Kindle Personal Documents service makes it easy to take your personal documents with you, eliminating the need to print. You and your approved contacts can send documents to your Kindle by e-mailing the documents to your Send-to-Kindle e-mail address. [Learn more](#)

Send-to-Kindle E-Mail Settings

You can e-mail personal documents to the following Kindle(s) using the e-mail addresses shown. [Learn more](#)

Name ▼	E-mail Address	Actions
Chris's Kindle	@Kindle.com	Edit

Personal Document Archiving

When this option is enabled, personal documents sent to your Kindle will also be added to your Kindle library. [Learn more](#)

Archiving	Space Used	Actions
Enabled	<input type="text"/> 0.0 of 5 GB (0%)	Edit

Approved Personal Document E-mail List

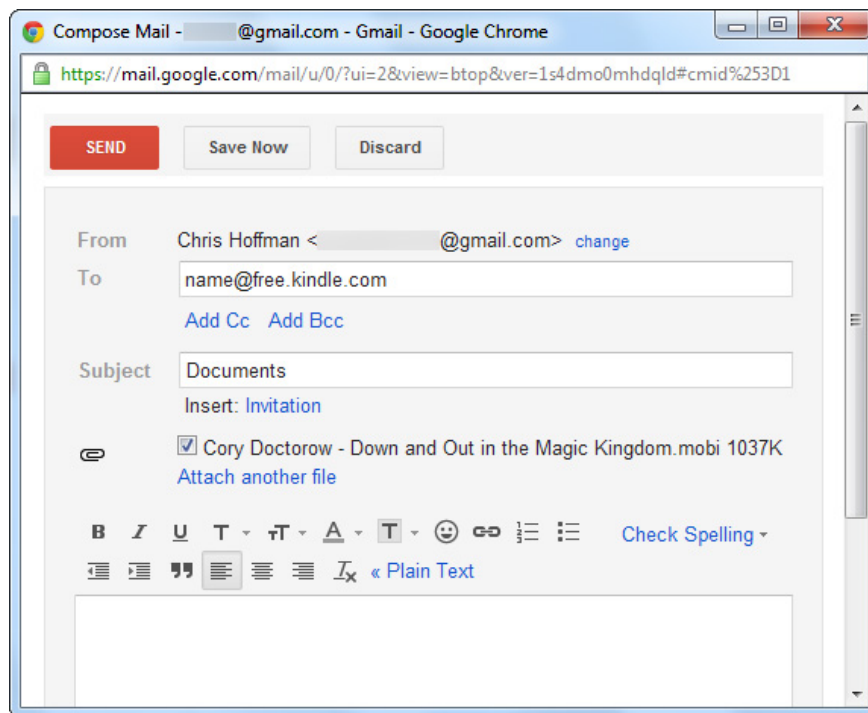

To prevent spam, your Kindle will only receive files from the following e-mail addresses you have authorized. [Learn more](#)

E-mail address	Actions
@gmail.com	Delete

[Add a new approved e-mail address](#)

Once the email address is added, users can mail documents to the Kindle to the address that appears on the page.

Manage personal documents on Kindle

Documents sent to the Kindle using the *Send to Kindle* application or the @ *kindle.com* email address are stored online in the user's personal document library. When users use a new Kindle, they will be downloaded automatically to this new Kindle, just like paid ebooks.

The personal document library can be viewed and managed on the Manage Your Kindle page. Just click on the **Personal Documents** link in the sidebar.

Transfer documents via USB

From USB, you just need to drag and drop the ebook and other documents into the *Document* folder in the Kindle. If your Kindle supports audio, you can also add music and audio books to the *Music* and *Audible* folders.

Documents transferred into Kindle in this way will not be saved in the personal document library or automatically transferred to the new Kindle. In addition, there are several ways to send files to Kindle via web browsers like Google Chrome.
