

# Hackers claim to hack Mark Zuckerberg's Facebook on Sunday, will live stream for the whole world to see

A white hat hacker recently announced on his Facebook account that he will hack the Facebook page of Mark Zuckerberg himself, the founder of Facebook on Sunday and will broadcast the event live on Facebook Live.

Chang Chi-Yuan, a white-hat hacker and award-winning expert in rewarding recently announced on his Facebook account that he would hack the Facebook page of Mark Zuckerberg himself, the founder of the network. This world's largest society on Sunday and will broadcast this event live on Facebook Live.

As a famous hacker in Taipei China, Chang Chi-yuan has made many achievements in hunting software vulnerabilities and has been offered by Line Corp. honored in the "prestigious temple of 2016".

Previously, Chang wrote about hacking methods to make money. If this guy successfully hacked Mark Zuckerberg's Facebook page, he might get a huge bonus from the world's largest social network. Facebook always gives rewards to hackers when they discover vulnerabilities or bugs in its services.

Previously, Zuckerberg's Facebook page was also attacked. In 2011, a haker successfully hacked Zuckerbergs' account and posted a status line on it.

Chang's live stream event is scheduled to start at 6 pm Chinese Taipei (5 pm in Hanoi) on September 30, 2018. Hopefully, Facebook will not block this event.

Not long after posting the information that wanted to delete Mark Zuckerberg's Facebook account on Facebook, Chang Chi-yuan continued to post a status notice to cancel the event.

Originally, Chang Chi-yuan appointed live stream in Taiwan area but then spread out and received the attention of the whole world. So he decided to cancel the plan and report bugs to Facebook to avoid unnecessary trouble.

Chang Chi-yuan also added that, in order to prove that he actually found a serious error that could affect Mark Zuckerberg's account, he will announce it after receiving the bonus from Facebook.
