

# HOT: Actors Tom Hanks and Rita Wilson confirmed positive for COVID-19

This information was confirmed by actor Tom Hanks in the morning of 12/3.

Actors Tom Hanks and Rita Wilson are positive for Corona virus. This information was informed by the actor himself when they were both tested in Australia, the results said that both husband and wife were unknowingly infected with COVID-19. Reportedly, the relatives of the married couple also have to test.

Actor couple confirmed Covid-19 infection.

The Daily Mail page provided more information about the incident, the couple was in Australia to film a film currently titled by director Baz Luhrmann, the content of the life of male singer Elvis Presley, producer Warner Bros. Tom shared that he and his wife had symptoms like a common cold, body aches and chills before the couple decided to go for a checkup.

Thus, after Juventus defender Daniele Rugani, Tom Hanks and Rita Wilson are among the next celebrities to confirm Covid-19 infection.
