

Hot: GTA 6 will not be delayed, launching this fall

Take-Two cleared up doubts by confirming that GTA 6 is still on schedule to release this fall.

Despite rumors of a delay, Take-Two Interactive has just confirmed that GTA 6 is still on its way to gamers in the fall of 2025.

In its latest financial report, Take-Two, the parent company of Rockstar Games, confirmed that the "super product" GTA 6 will still be released as originally planned. This information is a reassuring move for the gaming community, who are eagerly waiting for the next part of this legendary game series.

GTA 6 will be released this fall.

Previously, many sources said that GTA 6 could be delayed until 2026 due to the project's large scale and complexity. However, Take-Two CEO Strauss Zelnick affirmed that the company "feels very good" about GTA 6 being released on time.

GTA 6 is expected to be a real blockbuster with many groundbreaking changes, including:

- For the first time in series history, the game will have a female protagonist.
- The setting is inspired by Florida and the city of Vice City.
- The plot revolves around a criminal couple.
- GTA 6 is expected to launch on PC, PS5 and Xbox Series X/S.

With the assurance from Take-Two, fans can completely trust in an explosive fall with the appearance of GTA 6.
