## Meet Your Maker

Platforms: PlayStation 5, PlayStation 4, Xbox One, Xbox Series X and Series S, Microsoft Windows

Meet Your Maker (MYM) is a rather strange game, set in a strange post-apocalyptic setting similar to Mad Max and full of disturbing, hideous alien creatures. In the game, you will have to conquer other players' outposts and take back items and supplies to build your own outpost.

Each player's outposts will be different, along with the fact that they will contain building materials and GenMat, the exotic energy source you need to have in your base. The outpost depends on the player's construction ability, from small to large, you will have to set up layers of protective doors, traps, and guards.

Picture 5 of Hot PC games, best PC games in April 2024

The action in the game is quite interesting and fast-paced, the weapons, unfortunately there are only a few weapons in the game. MYM's action style may feel familiar to gamers who have played DOOM.

The building part will be what really makes MYM unique, the game allows players to freely build their base in Mario Maker style. Usually traps or paths you can build in levels from easy to difficult.

Completing raids will earn you resources that you can use to upgrade your equipment or unlock new items. You can create an outpost after raiding or buy a location for your new creation. The building gameplay vibe is comparable to **Minecraft**'s creative mode. You can fly freely, place building blocks as you wish, with soothing music playing around you.

## Mega Man Battle Network Legacy Collection Vols. 1&2

Platforms: PlayStation 4, Nintendo Switch and PC

Mega Man Battle Network Legacy Collection is a collection of action role-playing games. In Vol 1, you will play the role of a man who stops criminal groups intending to commit cybercrime. From an overhead perspective, players will have to interact with characters, using AI characters to fight computer-attacking viruses and robot-like creatures. You will have weapons such as energy guns, energy swords and small bombs to defeat enemies in the arena from a 2D perspective.

Sometimes you can even gather friendly crowds like honey badgers and llamas to follow you. With the help of allies and elves gather and build for you.

Picture 10 of Hot PC games, best PC games in April 2024

Generally in Minecraft Legends, you will build a base, gather allies, train an army and player-built spawn units to attack the Piglins.

The mobs are also very diverse and have many unique powers, you will have many familiar mobs such as villagers, skeletons and creepers. Your Heroes can also carry different types of golems, each with its own powers. The executive producer for Minecraft Legends described how Boulder Golems are particularly effective at destroying enemy structures, while Plank Golems have the ability to shoot fire projectiles, which is great if you want to pick one up. Allies attack from afar.

## **Star Wars Jedi: Survivor**

**Platforms: PlayStation 5, Xbox Series X and Series S, PC**

The plot of Star Wars Jedi: Survivor takes place 5 years after the events of Fallen Order and is taking a rather interesting direction. In the game, you will once again play as Cal Kestis and must struggle to overcome the growing threats of the Galactic Empire, while fighting against any threat.

After all these years, the Empire is still working to hunt down and kill any Jedi who survived Order 66, and Cal's exploits in the Fallen Order have made him a prime target for the Empire.

Picture 11 of Hot PC games, best PC games in April 2024

The preview you get starts in the second chapter of Survivor, with Cal looking for replacement parts for his ship. Greez, Cere and Merrin are no longer there, leaving Cal and his companion robot BD-1 to join him on his adventure.

Survivor will be played like its predecessor, you are equipped with a light saber and Force skills. You can survive a heated firefight, while countering shots at attackers and parrying melee attacks.

Picture 12 of Hot PC games, best PC games in April 2024

Although Cal can cut down weaker enemies with a single blow, stronger targets will need to be overwhelmed first when encountered. Stunning them will weaken them enough to finish them off, and you can use the Force to destroy shields, armor, and slow down enemies.

## **RE4 Remake**

**Platforms: PC, PlayStation 4, PlayStation 5, Xbox Series X|S**

Resident Evil 4 revolutionized action and horror games back in 2005, and now it's getting the same remake that developer Capcom did with other Resident Evil titles like **RE 2** and **RE. 3** .

Picture 16 of Hot PC games, best PC games in April 2024

So far, the results of the gameplay showcases look fantastic, with stunning remastered visuals, a clear storyline and characters, and what we think will be some surprises in store for those who Fans have played the original RE4 over and over again on many different systems.

## **Sons of the Forest**

**Rating: PC**

Sons of the Forest is the sequel to the PC survival horror game The Forest, and although it's currently only available in Early Access, it's proving to be a pretty successful sequel so far. dealing with scary situations. Sons of the Forest takes you into a mysterious forest that is hiding horrifying secret human experiments, and you must harvest materials, build defenses like houses and camps, and find a way to find out. See what's happening on this island besides your character's rescue mission.

Fortunately, you are not alone. Sons of the Forest takes the last game's multiplayer mode and adds various AI companions with you, there are some AI companions that are a bit strange but mostly help you out a lot.

Picture 18 of Hot PC games, best PC games in April 2024

The Forest attracted a large player base partly because despite its dynamic quests and constantly changing challenges, the game had a story and could 'conclude' that story, revealing a new story. The ending is quite disturbing. And Sons of the Forest seems set to tell a story and gameplay that will please many players.

But currently the game is not finished, although it is playable, and over time the game will have many updates that add content as well as change and improve gameplay. If you want to wait until it's complete, we know where you're coming from, but a lot of players are ready for part 2, as evidenced by Sons of the Forest selling over 2 million copies in 24 hours first sold.

## **Wo Long: Fallen Dynasty - Ngoa Long: Fallen Dynasty**

Available on **PC, PlayStation 4, PlayStation 5, Xbox One, Xbox Series X|S**

If you liked Dark Souls and thought it would be better with much faster combat and a Later Han Dynasty China setting then **Crouching Dragon: Fallen Dynasty** deserves your attention. What sets this game apart from Dark Souls, Elden Ring and even developer Team Ninja's recent Nioh series titles is the Chinese fantasy trappings of

Wo Long, and the soap opera-esque story kicks things off with plenty of appropriate melodrama.

But the real difference here is that Wo Long allows for both combat and movement: Both allow for much more speed and maneuverability than gamers typically see in genre games. this kind.

For the most part, attacking constantly or losing focus with your surroundings will still result in brutal attacks, but the aggression pays off in Wo Long in a way that actually encourages me to push myself against my opponents. his master.

Picture 20 of Hot PC games, best PC games in April 2024

Like the Souls games, Wo Long supports multiplayer, and it even regularly pairs you with an AI-controlled companion when you play alone. This is great news, because Wo Long is a game that will frustrate and frustrate many gamers.

I'd be remiss if I didn't mention the first boss in the game, which cannot be killed until you notice that the companion character lying on the ground tells you to use the ultimate skill you just acquired. Unlock it to kill that boss. It's a very interesting point in the game, at least based on the three chapters we've played so far. And Xbox Game Pass subscribers can play Wo Long on the service when it officially releases on March 3.

## **Deep Rock Galactic**

Available on **PC, PlayStation 4, PlayStation 5, Xbox One, Xbox Series X|S**

This is not really a new game, in fact, it celebrates its 5th anniversary in March 2023. But the unique blend of dwarf-related humor, difficulty-changing hats and beards, and rewarding co-op shooting gameplay has kept many players coming back to a game that has released a long time ago.

In each mission, you and up to three other players delve into randomly generated caves to complete objectives: collect minerals, fight bugs, build roller coaster-style pipes speed, etc

Picture 22 of Hot PC games, best PC games in April 2024

You will have 4 character classes: scout, engineer, driller and gunner, each class has their own unique play style and they can combine their skills to deal with enemies in different ways. Unexpected ways to overcome whatever the game throws at you.

Deep Rock Galactic has an extremely reasonable level of difficulty - the game is quite friendly to new players (bluebeard), but still challenging for experienced players (graybeard). And the dev team keeps things fresh with holiday events and regular new content, so anytime is a good time to join DRG.

## **Like a Dragon: Ishin**

**Available on PC, PlayStation 4, PlayStation 5, Xbox One, Xbox Series X|S**

Like a Dragon: Ishin! is a remake of a 2014 game, but the original was only released in Japan as an obscure entry in the popular Yakuza game series. The game is set in the late Edo and Twilight Samurai period, this is an action role-playing game in which you will have to follow the main character Ryoma, a wanderer who is searching for the solution to a mysterious murder by finding Clues from practitioners of a particular style of swordsmanship.

The game's strange yet enjoyable simulation elements depict a wanderer's life as both bloody and mundane. And it might be unlike anything you've ever played. At times, you can fight bandits on the street, dance with enemies around you with a katana in one hand and a musket in the other.

Picture 24 of Hot PC games, best PC games in April 2024

But just a moment later, you'll be chopping firewood for the elderly, moonlighting as a geography teacher, or running your own farm. There are countless quests and games that you can experience to see what Japan was like back then.

And when you're not wandering around town, Like a Dragon: Ishin! has one of the most engaging storylines that you will have to explore with long cutscenes.

## **System Shock**

**Available on: PC, PlayStation 4, PlayStation 5, Xbox One, Xbox Series X|S**

System Shock's 1994 PC release sold only modestly, but it proved to be one of the most influential first-person games of all time, directly inspiring and using some creative clues to games like BioShock, Deus Ex, Prey 2017 and countless others.

System Shock 2023 is set on a space station enslaved by a rogue artificial intelligence and overrun by robots, mutants and androids, the game is in the 'immersive simulation' genre. This.

Picture 26 of Hot PC games, best PC games in April 2024

The game was redesigned to allow for new problem-solving and decision-making in a first-person shooter game that has been redesigned hellscape for years. But the most promising effort to date is almost here.

If you have played through the demo on Steam, you will find the game very attractive, despite being remade with modern technology. But the designs and traps of the first version of System Shock are still brought into this new game and are complete with high Cyberpunk-style aesthetics, giving players a new feeling after nearly 20 years. year.

# Bayonetta Origins: Cereza and the Lost Demon

Available on **Nintendo Switch**

The Bayonetta series is known for its great fighting scenes with witches' skills based on a legendary epic setting, with many quality images, the character in Bayonetta Origins transmits his magic through his hair, which powers your character's attacks and skills.

But Bayonetta Origins: Cereza and the Lost Demon is something different from the rest of the series, because it is an action RPG. The game's aesthetic is smaller and different from what you know of Bayonetta, but its visuals evoke similarly novel explorations of pagan and Judeo-Christian imagery.

Picture 28 of Hot PC games, best PC games in April 2024

The interface of Bayonetta Origins: Cereza and the Lost Demon is different from the gameplay of Bayonetta Origins. You will control both Bayonetta and a possessed stuffed cat named Cheshire.

During my hour or so with the game at a recent Nintendo event, I found Bayonetta Origins challenging but much more fun and engaging than I expected, with its mix of puzzles and action. based on rhythm, along with a unique story that intrigued me.
