

How did the Rich Kid nearly ten years ago burn money into Tian Long Ba Bu?

Recently, the image of a rich kid who made the storm in Thien Long Bat Bo nearly ten years ago has suddenly been widely spread.

More than a dozen years ago, **Thien Long Bat Bo** made many online games admired because of the large number of gamers who play together. The giants almost any server of Thien Long Bat Bo also has, they are willing to spend hundreds of millions, even billions to smash jewels, enhance goods, . Do everything to their characters become a master, also known as a 'boss'.

In the years 2010 - 2012, at that time most people wanted to be strong, they often focused on breaking the pearls for equipment. Jade 6 at this time is extremely valuable thing in Thien Long Bat Bo, each time someone inlay 6 jade on equipment, the World chat channel will notify all gamers in the server. 1 jewel 6 costs 36,000 KNB, equivalent to 2.7 million VND. A number is not a medium then and an item is often pressed enough 3 new members to the right post.

Most of the giants of Thien Long Bat Bo at that time were usually in the age range of 25-30 years old, almost successful people with all professions in society, . Yet that year, the appearance of a Rich Kid just in 6th grade 7 but extremely willing to play has made the community of this game memorize 'deep'.

The famous character named Oslaima, who used to play through many servers but was most shocked, must mention Crouching Tiger, Hidden Dragon, opened by Thien Long Bat Bo on February 22, 2012. In just a few minutes of entering the Gypsy, this rich kid slammed 3 level 6 gems into the weapon. It would not be a big deal if it wasn't a first-class sword, completely freaking out for beginners and not having any valuable attribute lines.

Nearly 8/3, the community of Thiên Long Bát B? suddenly called the names of the pink balls causing a memory of one time

Thien Long Bat Bo is one of the most beautiful pink ball game titles, not only that it is extremely talented.

Usually in the new server, to quickly confirm the reputation, many gamers have to carefully calculate their moves to avoid the situation of 'broken burns'. They detailed step by step, how many jewels they should press, how to add the points,.... Therefore, the mosaic encrusted with emerald 6 turned the plainly plain wooden sword into Oslaima's '? Heavenly Sword' which caused a lot of conflicting and extremely fierce controversies at that time.

That image also quickly spread throughout dozens of servers of Thien Long Bat Bo, even players of other online games are extremely interested by Oslaima's first level new sword of nearly 10 million VND, just to hold it for fun.

And recently, suddenly the anecdote has spread widely in the Thien Long Bat Bo community, whether it is a PC or a mobile version, whether one has quit the game or is still playing, . everyone is interested. The character who is said to be the owner of Os Osimaima that year was even more moved to see that so many people still remember him.

Many players still remember the anecdotes about Oslaima because the most impressive thing is that this master was only 12 years old when he made a lot of bosses nervous in each encounter. Meeting old 'compatriots', they talked confidently from dark to early morning but still not finished. Friendship in Thien Long Bat Bo is not a joke at all.

It is true that the passion does not need to wait for the age, there are stories that occasionally repeat, the Thien Long Bat Bo community only laughed bitterly because they did not know why at that time. Such intense youth .!
