Price

The mattress vacuum cleaner and the Sharp EC-HX100 are currently being sold at META.vn for VND 6.450.000. Compared to other hand-held vacuum cleaners in the market, Sharp EC-HX100 can be classified into mid-range and high-end segments. But be assured because the quality of this product is totally worth its price.

How it works

The Sharp EC-HX100 is equipped with advanced technology and operates under the mechanism of using hot air to clean. The "internal force" of the extremely powerful Cyclone swirling air flow helps the device destroy more than 99% of dirt, tiny plaques and tightly attached bed bugs in each mattress. Not only that, it also has the ability to automatically stop when it is too hot to ensure absolute safety for users and internal parts.

Sharp EC-HX100 can easily remove 99% of dirt, plaque and bed bugs

Notes when using the vacuum cleaner and catching the Sharp EC-HX100

For the Sharp EC-HX100 to work effectively and endlessly over time, you should keep in mind some things during use:

1. Provide enough power for the device
2. Do not use the device for purposes other than vacuuming mattresses and bed bugs
3. Do not leave the container too full
4. Do not arbitrarily disassemble or repair the device if you are not a professional
5. Restricting to operate the machine for too long, it is necessary to leave the rest machine to avoid overheating the engine, causing a fire
6. When not in use, unplug it and store the vacuum cleaner in a cool, dry place
7. Clean and clean the machine regularly
