

How does Elon Musk send people to Mars?

Recently, Elon Musk has posted a series of videos detailing the plan to bring people to Mars, helping people become interplanetary species. Find out how Elon Musk does it, what schedule and how will the Mars colonization process take place?

Recently, Elon Musk has posted a series of videos detailing the plan to bring people to Mars, helping people become interplanetary species. Find out how Elon Musk does it, what schedule and how will the Mars colonization process take place?

1. Elon Musk released 8 photos of the first human journey to Mars in the future
2. Why NASA never wants to send people to Venus
3. 7 future historic space missions of NASA

The whole plan is divided into 5 steps, including:

Step 1:

The world's most powerful Falcon Heavy missiles, currently combined by three Falcon 9s with a massive 127,800 kilo Newton thrust, will bring people into space. It will take off from the Apollo 11 launch at Cape Canaveral, Florida, to realize Musk's Mars dream.

Step 2:
