

How to add account on Coc Coc browser

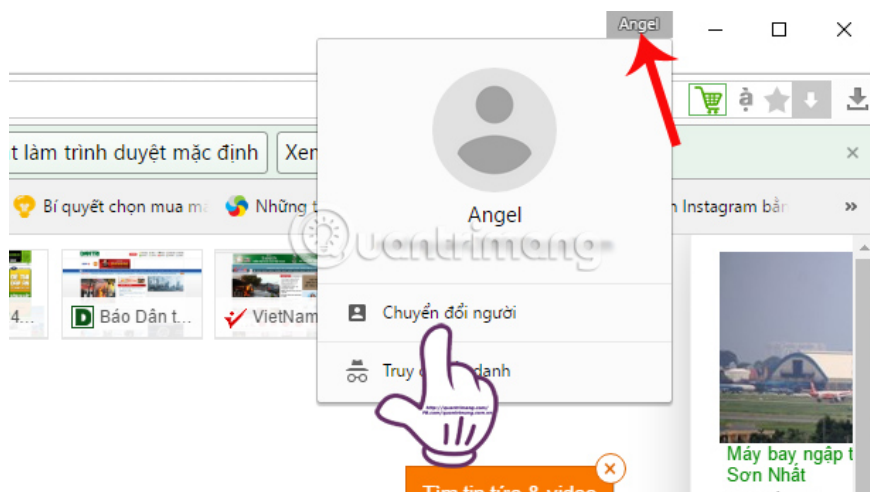

Due to business needs, you need to use many personal accounts on Coc Coc. And we can completely log back and forth between accounts on the same browser window of Coc Coc.

There are many people who often use multiple accounts on the same browser to meet the needs of the job. However, if during use, you turn off this account and log in another account will be extremely time consuming. So how to log in multiple accounts, add another account on Coc Coc browser?

In the article below, Network Administrator will guide you how to add user accounts, login multiple accounts on Coc Coc browser.

Step 1:

You start Coc Coc browser on your computer. At the interface, we will see the name of the personal account you are currently logged into Coc Coc browser. Click on **the icon with the account name** at the top of the interface. After that, we will click on the **Convert people option**.

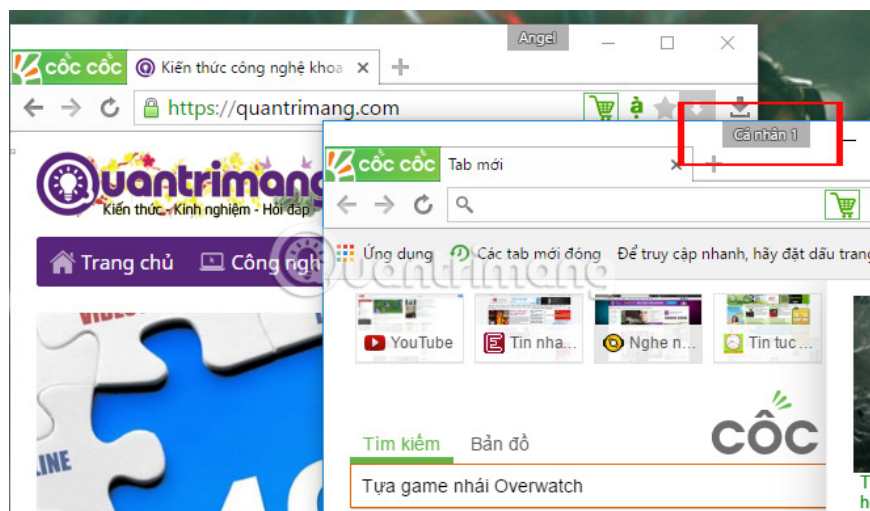

Step 2:

A small dialog box appears. Here, we will click on **Add people** at the bottom of the interface.

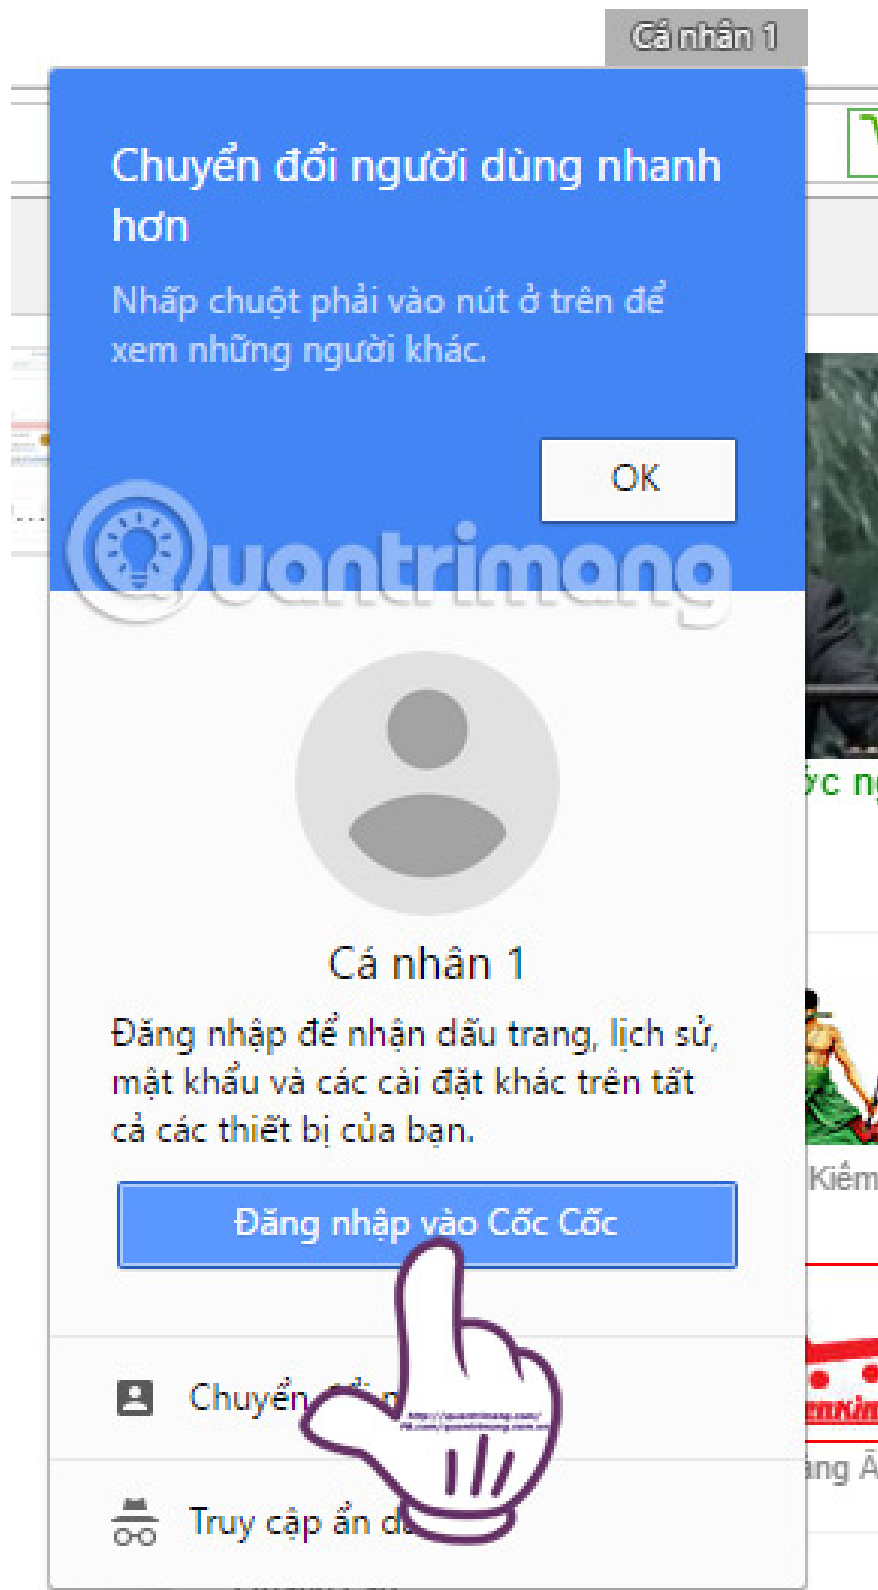

Step 3:

Soon, we will see a Coc Coc browser window with Personal name 1 as shown below. Click on **Personal 1** to go to the next step.

Step 4:

At the new tab that appears, users will click on **Login to Coc Coc**.

Bet 5:

In this new dialog interface, we will **login to the new account that we want to use on Coc Coc** .
