

How to add, edit, delete, manage bookmarks in Edge

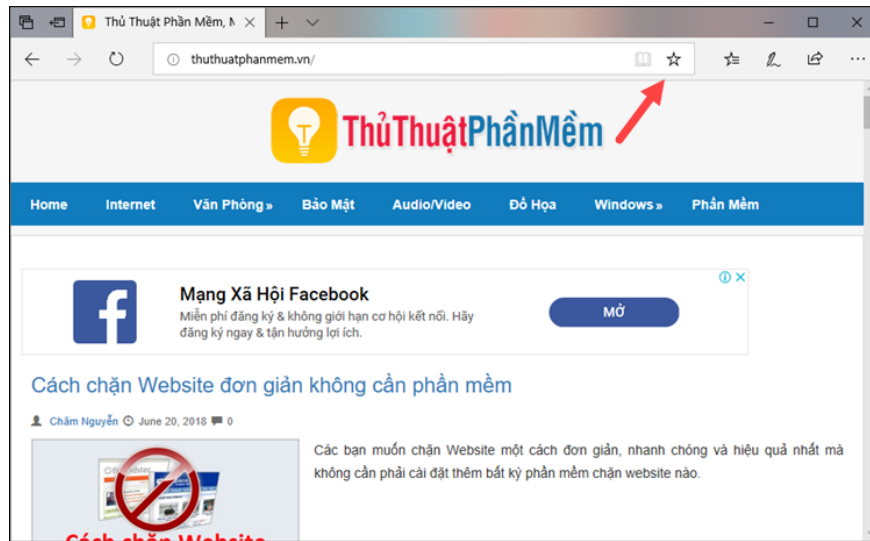

TipsMake.com will guide you how to add, edit, delete and manage bookmarks in Microsoft Edge browser, invite you to track.

Bookmarks, also known as bookmarks, are a great feature on web browsers. With this feature, you can bookmark good websites and your favorite websites so that you can later access them easily without fear of being forgotten. In this article, TipsMake.com will guide you how to add, edit, delete and manage bookmarks in Microsoft Edge browser, invite you to track.

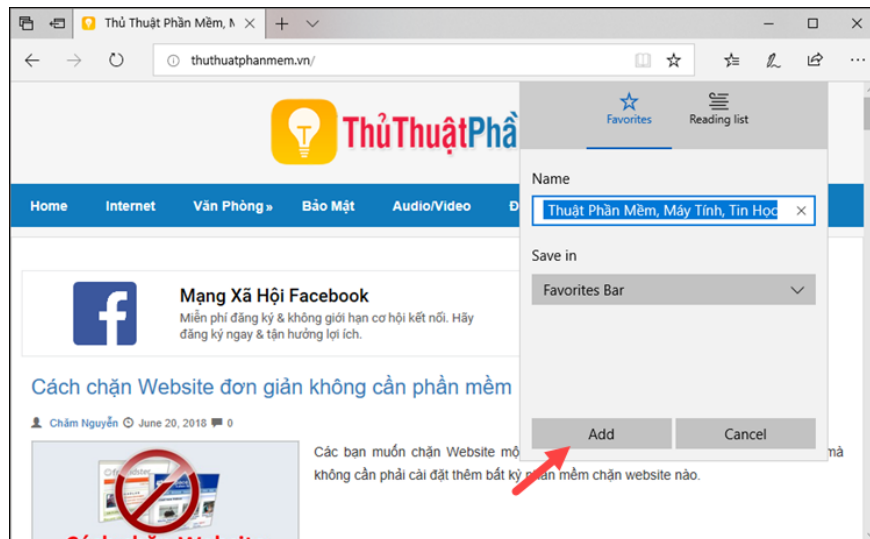

1. How to add bookmarks on Edge

Step 1 : Open your favorite website and then click the star icon in the address bar as shown below:

Step 2: A small window appears, here you name the Bookmark in the Name (Name) and select the location to save Bookmark in Save in. By default, it will be saved in **Favorites** folder , but you should select **Favorites Bar** so bookmarks will appear in bookmarks bar. Then you click **Add**.

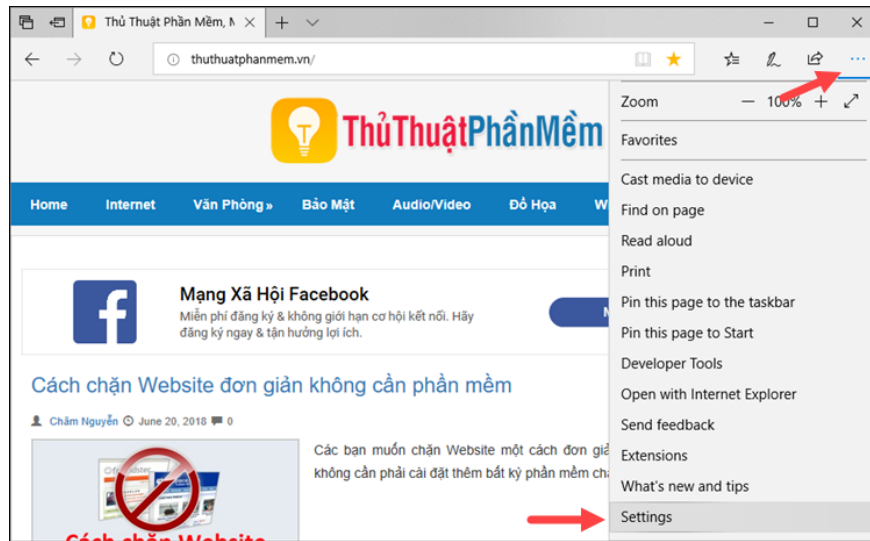

So you have successfully added the site to Bookmark.

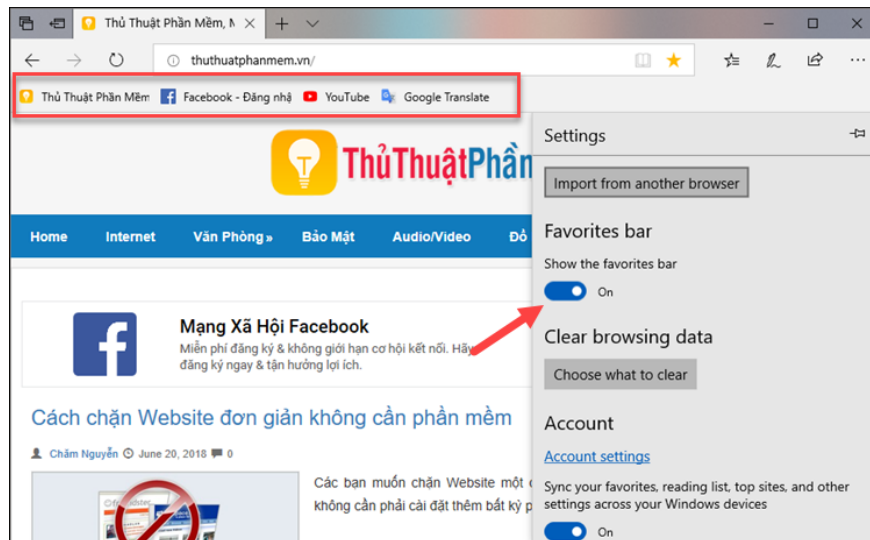

2. How to hide the bookmarks bar

By default the bookmarks bar will be hidden, it only shows when you open a new tab, but we can set the bookmark bar to always be displayed by the following way:

On the browser, click **Menu -> Settings**

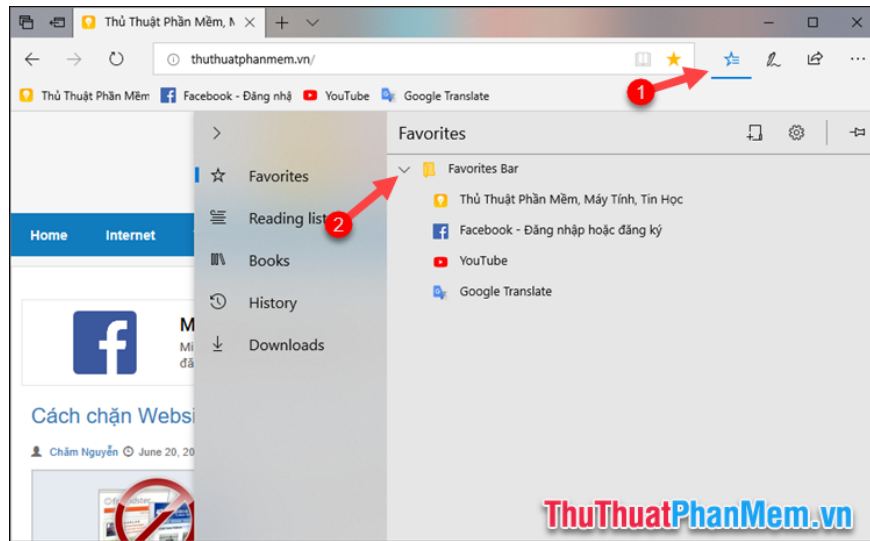

Next in the Settings window, scroll down to **Favorites bar** and turn on **Show the favorites bar to On**. Then you will see the bookmarks bar appear just below the address bar.

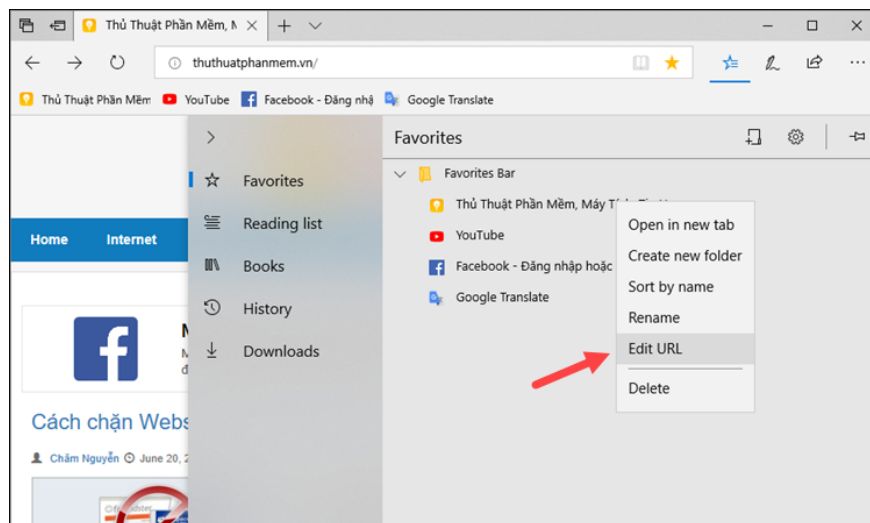

3. Delete, edit and manage Bookmark

To manage the bookmarks, select the Hub with the star icon, then in the new window expand the **Favorites bar** folder, the list of Bookmark will appear.

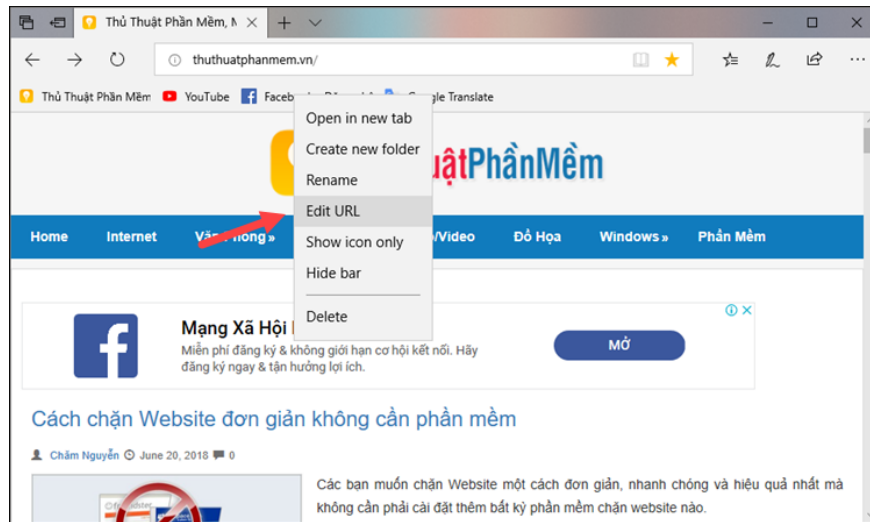

To delete or edit a bookmark, right-click on the bookmark and select one of the options **Rename** (Rename), **Edit URL** (Edit address), **Delete** (delete).

If you want to change the location of the bookmarks you just need to drag and drop the bookmark to the desired position.

In addition to opening the bookmark manager, you can also delete, change the bookmark position right on the bookmarks bar, which is much easier:

Above is a tutorial on how to add, edit, delete and manage bookmarks in Edge browser, hope you will find the article useful. Good luck!
