

How to add fonts to Canva simply and quickly

Currently, using Canva for online graphic design is the choice of many users. Below is the simplest and fastest way to add fonts to Canva.

Although Canva has provided users with a variety of fonts, many of you still want to add Vietnamese fonts or favorite fonts to Canva. If you don't know how to add fonts to Canva, then please refer to the simple and quick way to add fonts to Canva that TipsMake shares with you in the article below.

1. What is Canva?

Canva is a free and easy-to-use online graphic design tool. Canva provides users with rich and diverse resources, with many different design topics from presentations, invitations, logos, CVs, posters, to infographics, flyers, social media posts, charts, . Canva creates simplification in design, supporting all users, even those who are not experts in graphics.

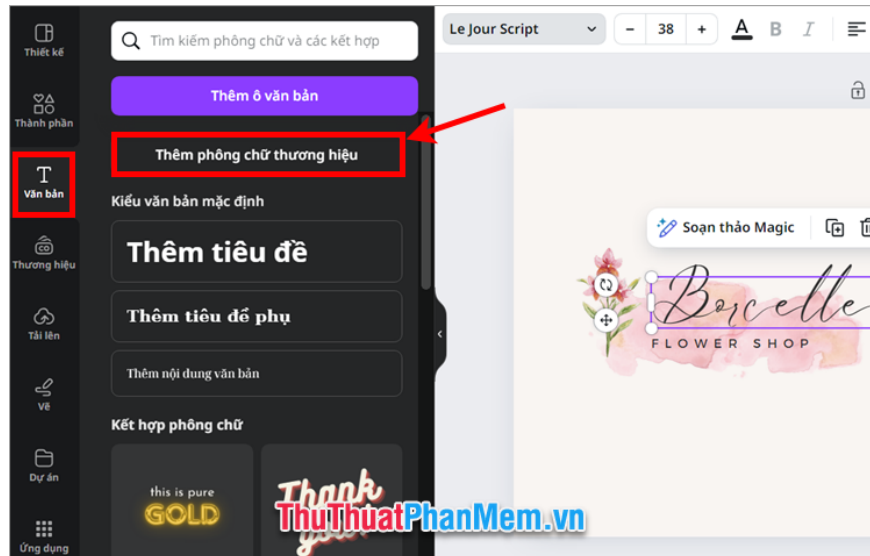

Canva includes 2 versions: the free version and the Pro version. If you use a free Canva account, you can still use Canva's available resources for user experience but will have more limited resources. With the Canva Pro version, you will experience endless, unlimited resources. To add fonts to Canva simply and quickly, you need to use a Canva Pro account and follow the instructions below.

2. How to add fonts to Canva simply and quickly

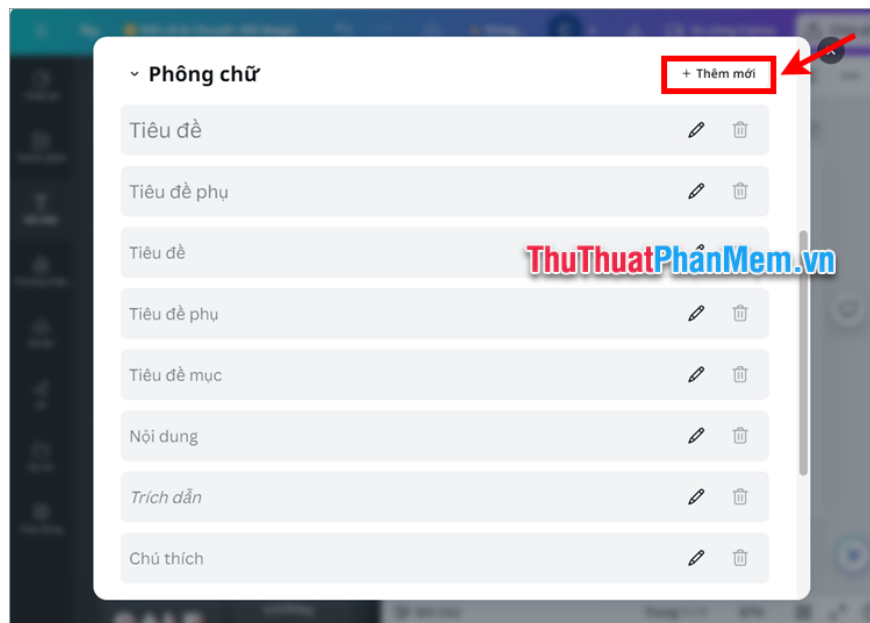

To add fonts to Canva simply and quickly, follow these steps:

Step 1 : Visit the Canva site and log in to your Canva Pro account. If you don't have one, you can register and try Canva Pro for 30 days, then pay to continue using Canva Pro. Because the feature of adding fonts to Canva is not available on free Canva.

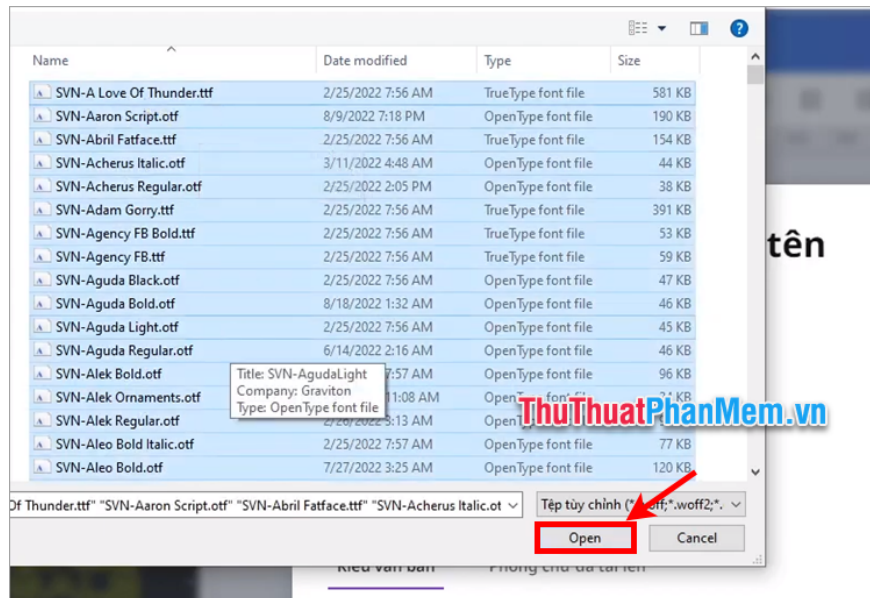

Step 2 : You choose any template you need to design, on the template editing interface, select **Text ? Add brand font** .

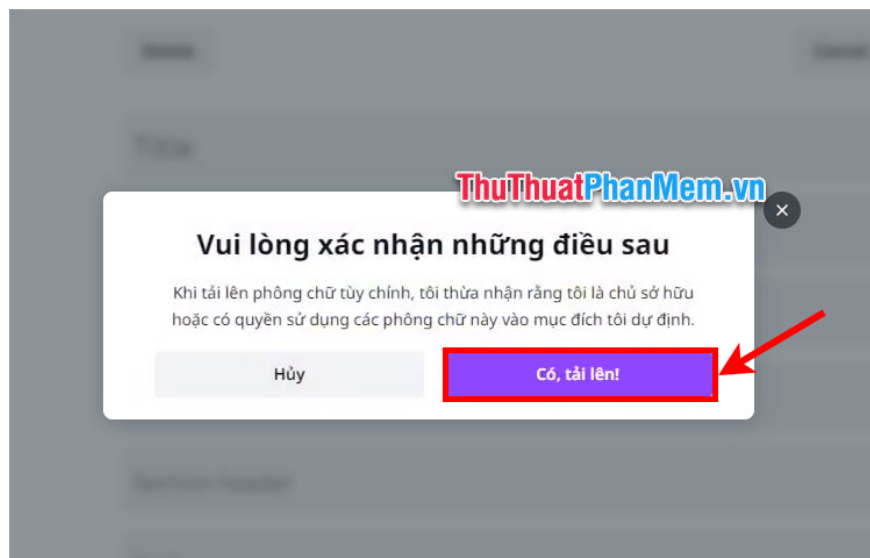

Step 3 : In the Font section, select **Add new** .

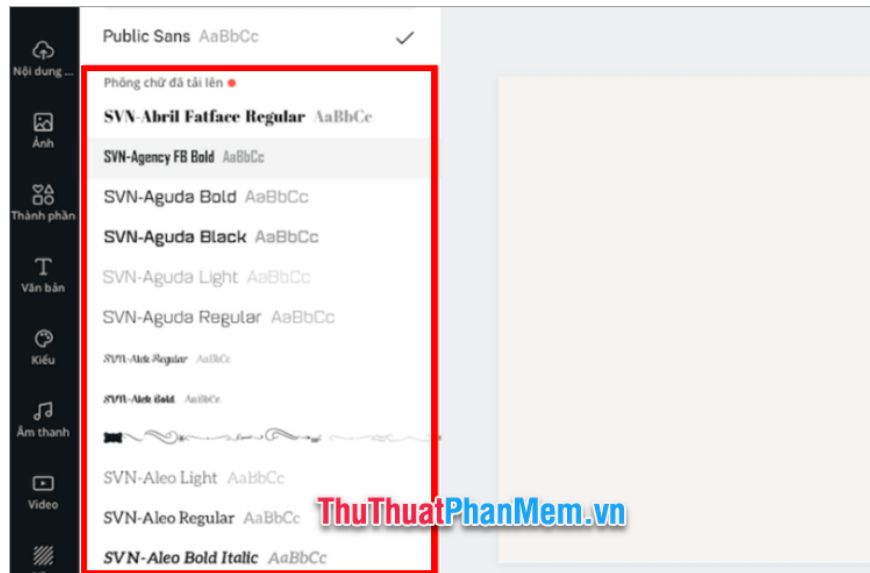

Step 4 : The font adding window appears, select the fonts you want to add to Canva and select **Open** .

Step 5 : Select confirmation Yes, upload !

So the font is uploaded to Canva, you can freely choose the font you want.

3. Notes when adding fonts to Canva

Some notes that you need to know when adding fonts to Canva simply and quickly.

1. The ability to add fonts to Canva can only be done when the Canva login account is a Canva Pro, Canva Team or Canva Education account. This feature will not work on a free Canva account.
2. Canva supports uploading fonts in True Type Font (TTF), Open Type Font (OTF) or Web Open Font Format (WOFF) formats and the font must be designed by you or shared publicly for free. Avoid copyright infringement. If you purchase a font, check the license information, any pirated fonts may result in failed downloads.
3. Many fonts are not compatible with Canva, which can lead to missing text or not displaying the correct format in the design. You need to choose another font.
4. Within each Brand Set, you can upload up to 500 fonts to Canva

Above, TipsMake shared with you how to add fonts to Canva simply and quickly. Thus, to easily download fonts successfully, you need to choose fonts that are shared for free to avoid copyright, and fonts in ttf, otf or woff format. Hopefully after reading this article, you will be able to easily add your favorite fonts to Canva to facilitate your design. Thank you for your interest and following this article.
