2. Block spam mail sent from Facebook
3. Block senders, add new email notifications in Outlook, Thunderbird

How to block emails in Hotmail

Step 1:

You need to log in to your personal Hotmail account.

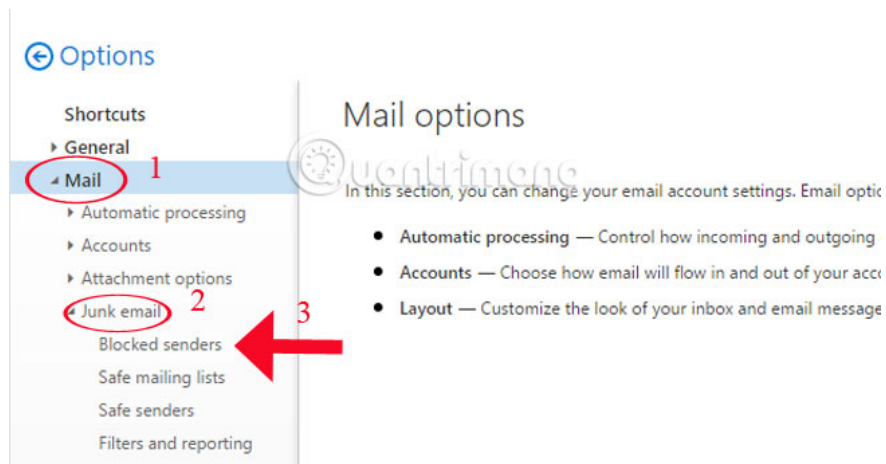

Step 2:

In the Hotmail main interface, click the alias icon and select **Options** .

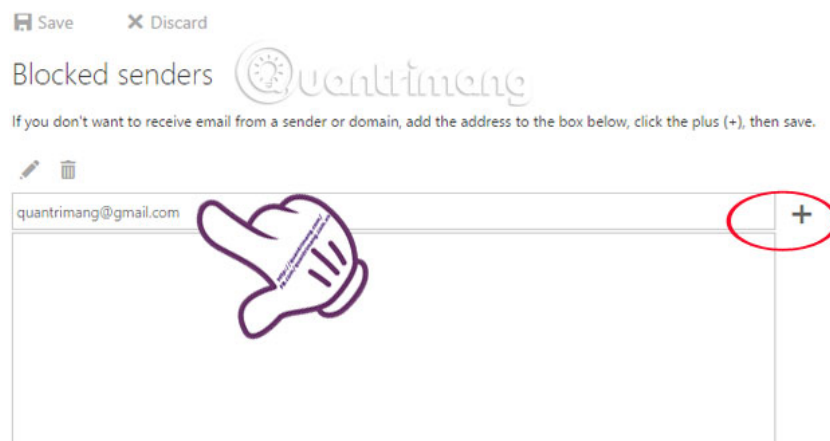

Step 3:

Next to the left menu, we expand the folders by the following link: **Mail> Junk email> Blocked senders** .

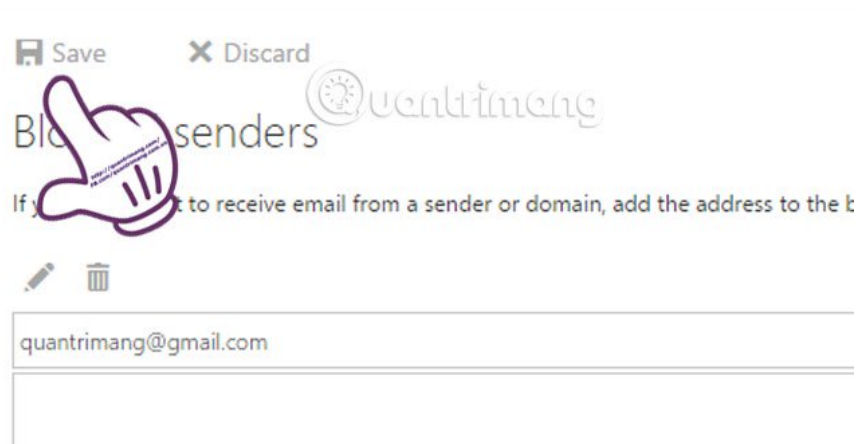

Step 4:

At the right interface, **enter the email address you want to block** and click the plus icon next to it.

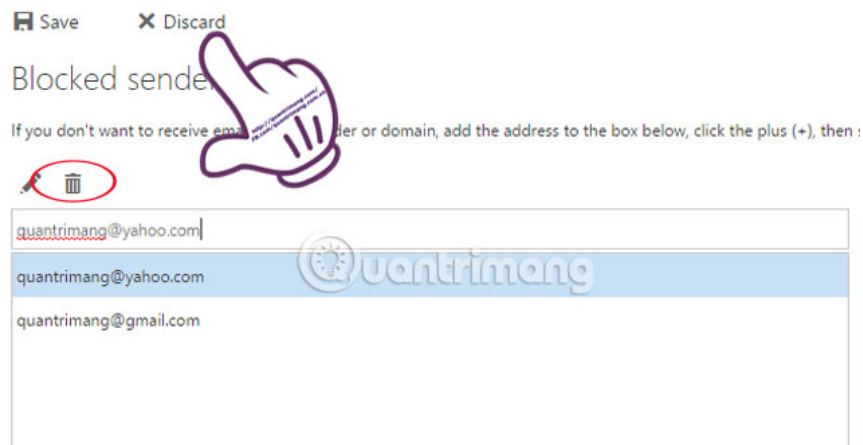

Step 5:

Select **Save** to save the blocked email settings in Hotmail.

Step 6:

To delete an email from the blocked list, select the email and click the **Remove** trash icon. If you want to delete the entire list of blocked emails, select **Discard** .

So, you can be assured your Hotmail will not continue to be spammed by strange emails anymore by simple block.
