This article will share with you a trick to turn off Facebook Messenger notification sound on your iPhone 6 or iPhone 6 Plus. Of course, you can also apply it to older iPhone models running the Facebook Messenger application.

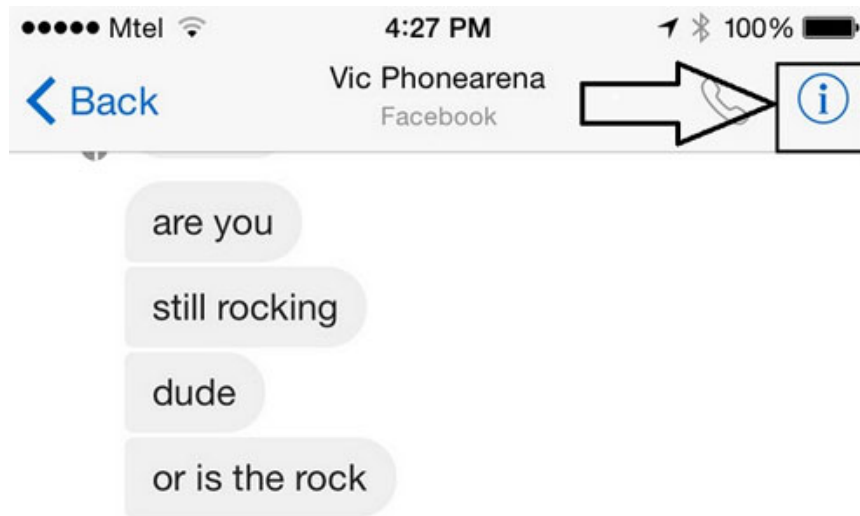

1. Step 1: open Facebook Messenger

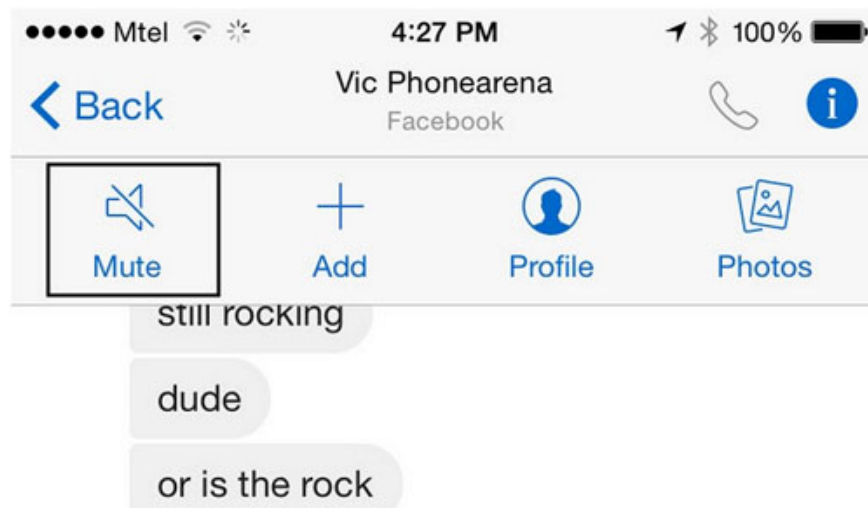

2. Step 2: select the conversations you want to *mute the* notification sound (*mute*)

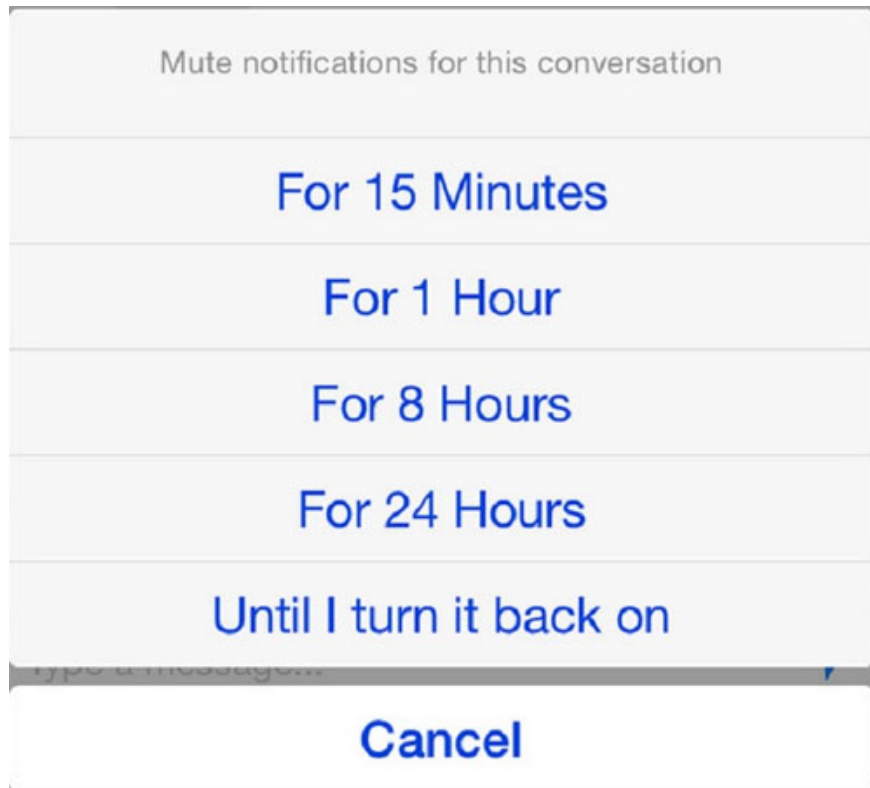

3. Step 3: click the " *information* " button in the dialog box

4. Step 4: You will see a drop-down menu option with mute option (*mute*)

5. Step 5: Select the time when you want to turn off the notification sound for this conversation and complete the process.

I wish you to use Facebook Messenger effectively without worrying about messages that will disturb your work.
