One Google Account for everything Google

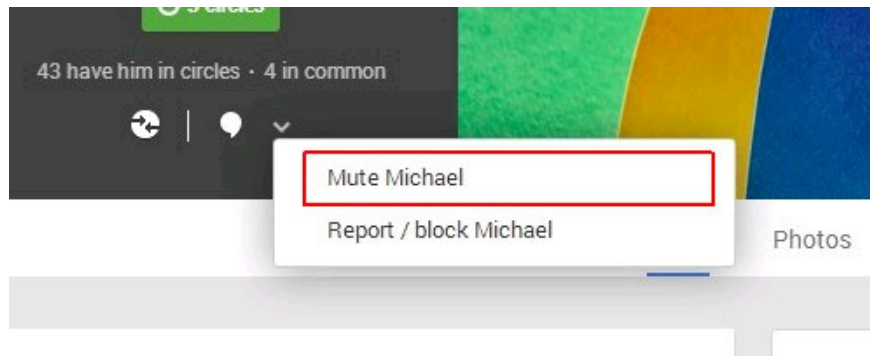

Open the Google+ profile page of the person you want to block.

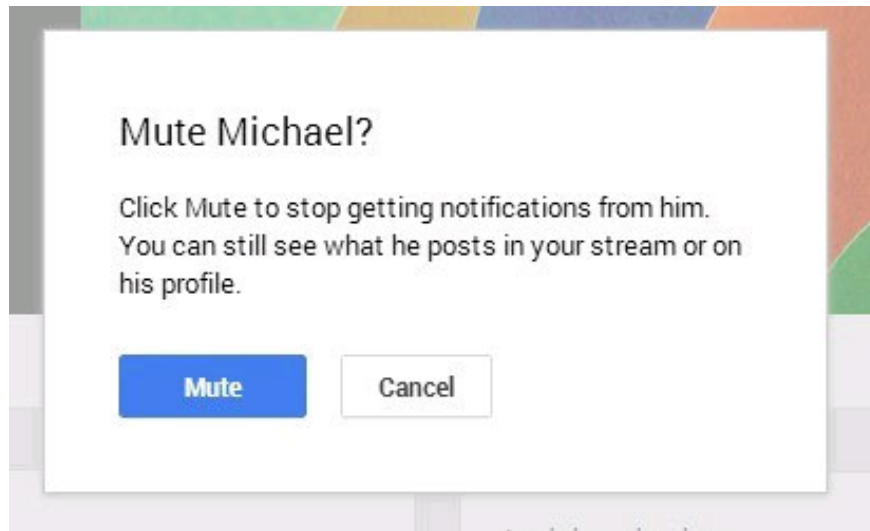

Click the **arrow** below the person's name.

Click on the option ' *Mute + that person's name* '.

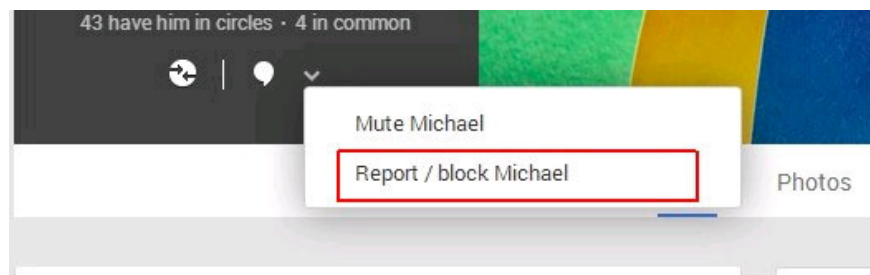

Next, select ' *Mute* ' on the confirmation request.

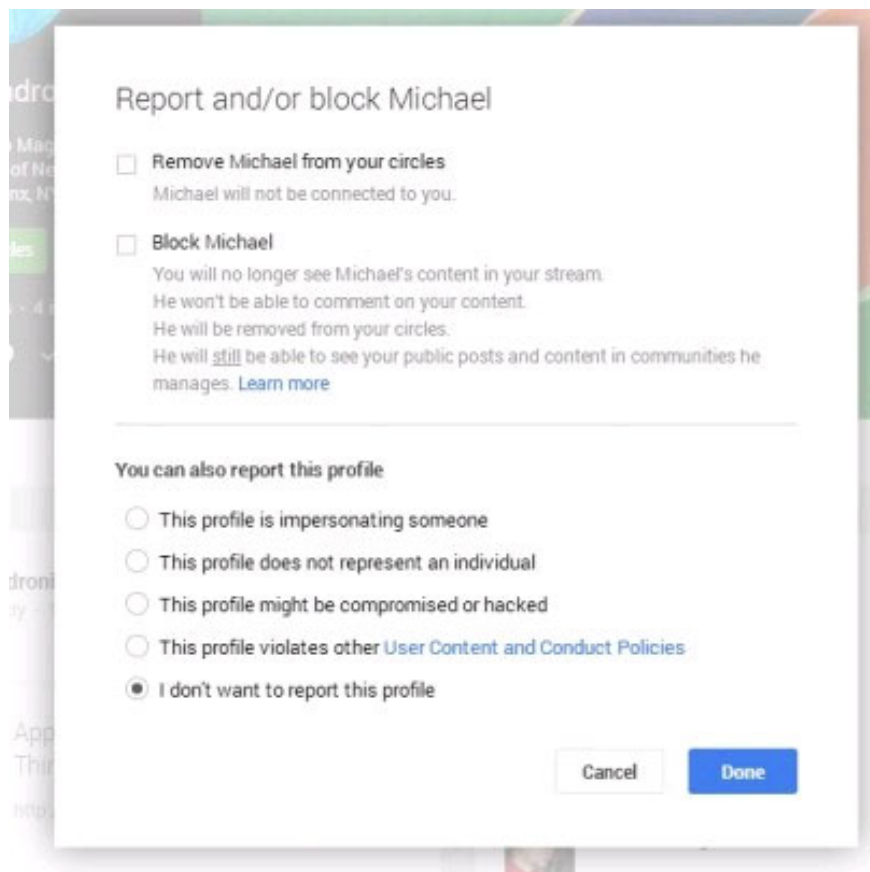

When you choose so, you will no longer receive notifications when this person chooses to like ( +1 ) your post, or share content with you.

Alternatively, you can block that person from commenting on your post by selecting ' **Report / block + the name of the person you want to block** ' .

Among the options that appear, check the ' **Block + person's name** ' option. If you want, you can remove that person from your ' **Circles** '. Click ' **Done** ' to finish.
