So, in just a few simple steps, you already have a 5,000 VND ride on Now.vn, clearly with this price, Nowmoto will be more overwhelming than GO-Viet with the price of 10,000 VND.

If in Hanoi, GO-Viet applies a price policy of VND 10,000 / car under 6km in all time frames, in HCMC, this price policy applies to the distance of less than 8km and does not apply to peak hours and holidays.

So you can use Nowmoto's service in peak hours, and use GO-Viet's services in other time frames.
