Guide to build the Line of Truth-Fighting Ring Teams

1. Ninja squad - Assassin

Team members include:

1. **Kha'Zix:** Price of 1 Gold
2. **Zed:** Price of 2 Gold
3. **Pyke:** Price of 2 Gold
4. **Shen:** Price of 2 Gold
5. **Katarina:** Price of 3 Gold
6. **Kennen:** Price of 3 Gold
7. **Evelynn:** Price of 3 Gold
8. **Akali:** Price of 4 Gold

Not in any game, players can also choose the desired generals and must be flexible in changing the squad depending on the situation occurs in the match. And when in the Rings squad, you can switch to Assassin in the mid game stage, when the squad has 4 Ninja.

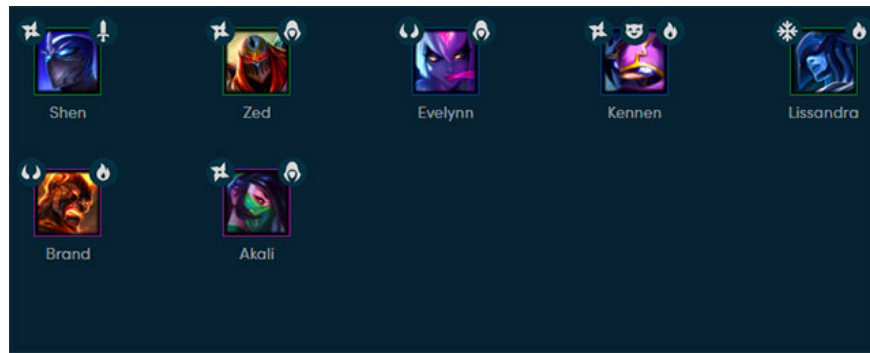

If there is no other way and to build this team, Kha'Zix will be a very reasonable choice. However, you have another option instead of Kha'Zix when you need to switch teams immediately, it is Rengar.

However, this team has a weak point, that is, the whole team only has physical damage. So if you encounter a formation with extremely powerful members like Shyvana, Gnar and especially if you encounter Swain, your squad will disintegrate soon.

The way to remedy this situation is to try to get Swain at the market, not letting the enemy get this object. At this time, Pyke will also play the main restraint role for Kennen, while the other members will have the duty to buy time for Zed and Akali to deal damage.

2. Ninja squad - Element

Team members include:

1. **Zed:** Price of 2 Gold
2. **Shen:** Price of 2 Gold
3. **Lissandra:** Price of 2 Gold
4. **Kennen:** Price of 3 Gold
5. **Evelynn:** Price of 3 Gold
6. **Akali:** Price of 4 Gold
7. **Brand:** Price of 4 Gold

In the early stages, players need to find Assassins like Pyke, Zed, Kha'Zix and some basic 1-2 gold generals. At this time, players should also temporarily lift some generals to 2 stars in order to survive until the next rounds.

When you get the key members of your squad like Kennen or Akali, give Ninja 4 combo. One thing that you should keep in mind is that you should add equipment to Akali and Zed, this time the Zeke's Flag will speed up your squad. If not, you can replace it with Iron Solari Chain.

Kennen will give your squad less buffs, Shen will have a resilient role in the team. The main damage of the Ninja squad will be taken by two members Akali and Zed. In order for them to complete the task better, give them both weapons like Ma Vu Song Kiem (Zed), Hextech Gun Sword (Akali).

And after acquiring the necessary squad of Ninja generals, start looking for Element. If you have 3 combos, Prime Minister will summon a Stone Man, enough to withstand your current team.

At the top, you can use Brand with wide damage damage, can be combined with Evelynn to optimize damage and increase the level of discomfort for the enemy.

How to fix Ninja squad

The Ninja usually has the source of damage from fatal blows, so they will be afraid to face the formation that is equipped with Ma Vu Song Kiem, encountering a Formation or encountering a Gladiator. Equipped with Warmog Blood Armor with powerful healing or extremely strong anti-dame with Giap Gai.

In addition, players need dignity if they want to play Fake Rings, if only 2 or 3 continuous attacks are required without a fatal attack, it will happen soon.

The above are some guidelines to help you build the Truth Ring Arena. 9.14. Accompanying it is a way to overcome this formation if you encounter a fake Ring formation in the Truth Arena.
