**Step 1:** After installing the latest version of Zalo application, proceed to select the group you want to call. Next, you select the Camera icon (Beta) to make a call.

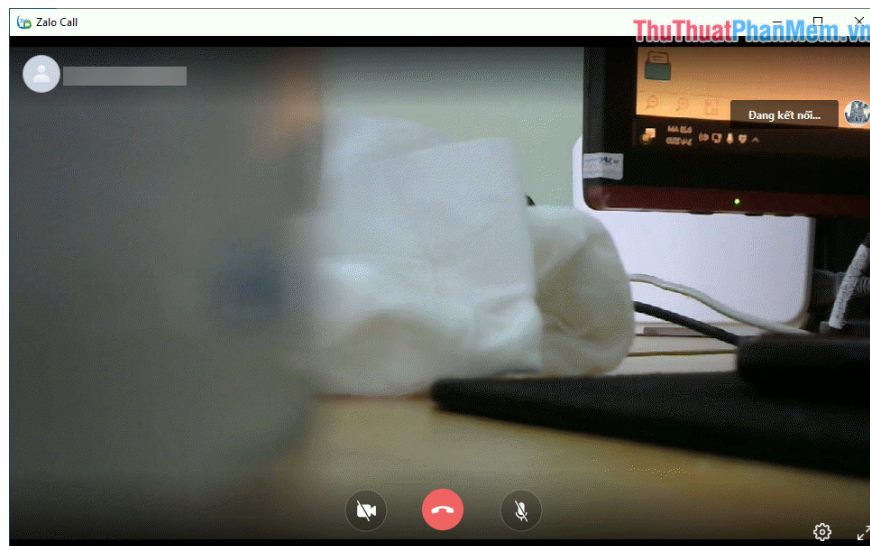

**Step 2:** After that, you proceed to select the people in the group you want to call and click **Call group**.

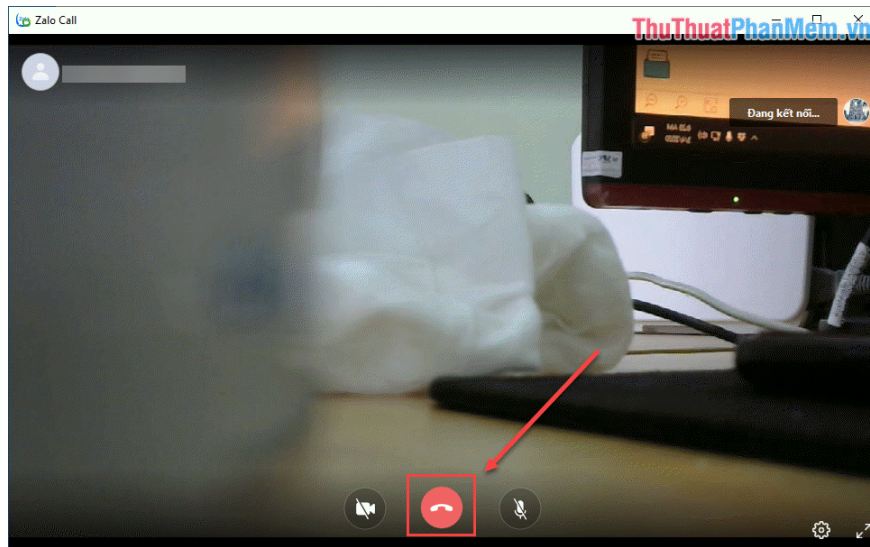

Currently Zalo only supports Calling up to 5 people at a time, this is a relatively big drawback of the software.

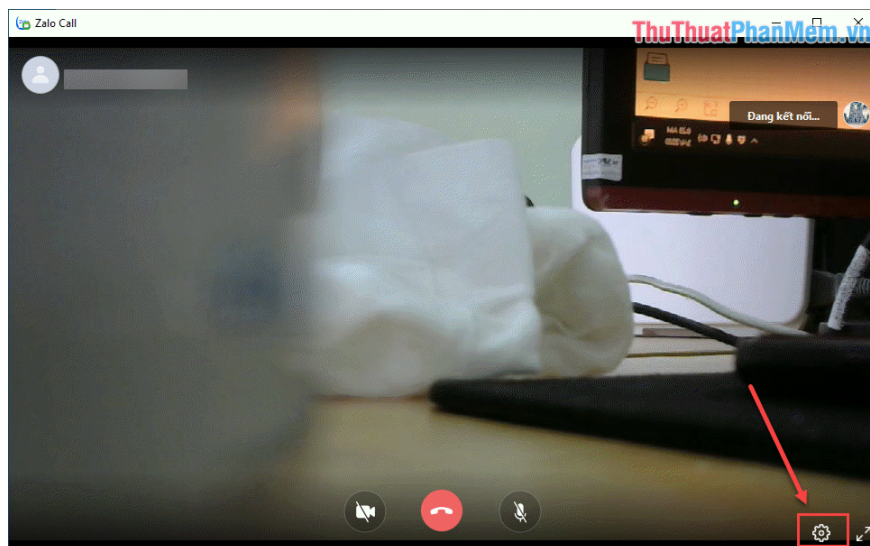

**Step 3:** When you call the group, the people called will ring the bell. However, they must use Zalo PC to be able to pick up the device.

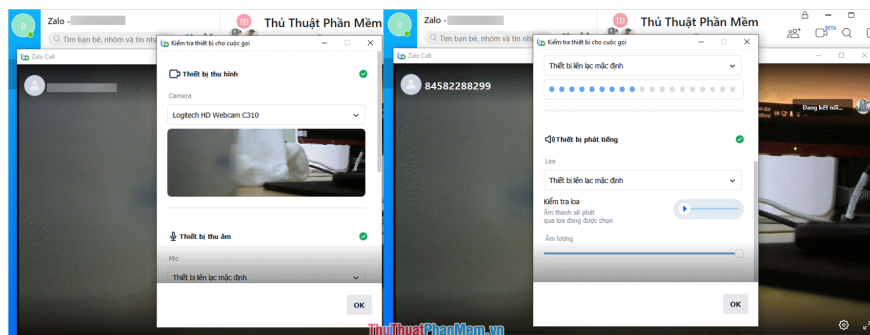

**Step 4:** To end the call, select the **End** icon to stop.

**Step 5:** Besides, you can choose **Settings** to set a number of different settings.

We will have settings about the Camera image, Microphones, speakers, .
