

How to cancel iCloud + subscription on iPhone

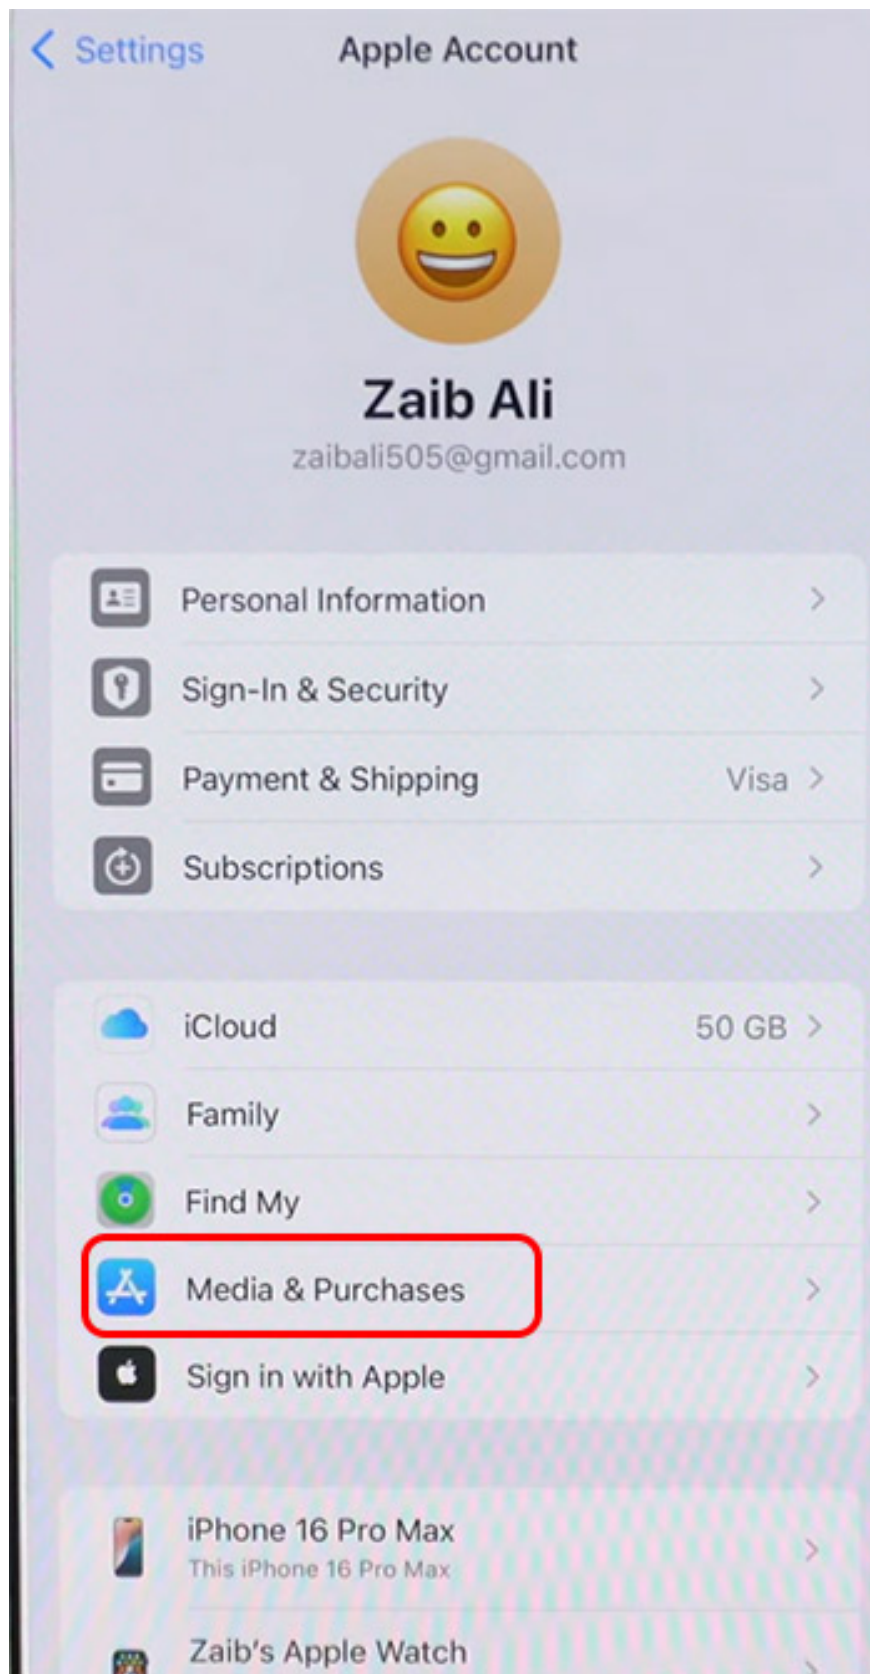

After a period of use, if you no longer want to subscribe to iCloud+, you can completely cancel your iCloud+ subscription. Below are instructions for canceling your iCloud+ subscription on iPhone.

iCloud+ gives you everything iCloud offers plus premium features, including iCloud secure forwarding, Email Address hiding, secure video support, custom email domain support, and more. If you no longer want to subscribe to iCloud+, you can cancel your iCloud+ subscription. Here's how to cancel your iCloud+ subscription on iPhone.

How to cancel iCloud+ subscription on iPhone

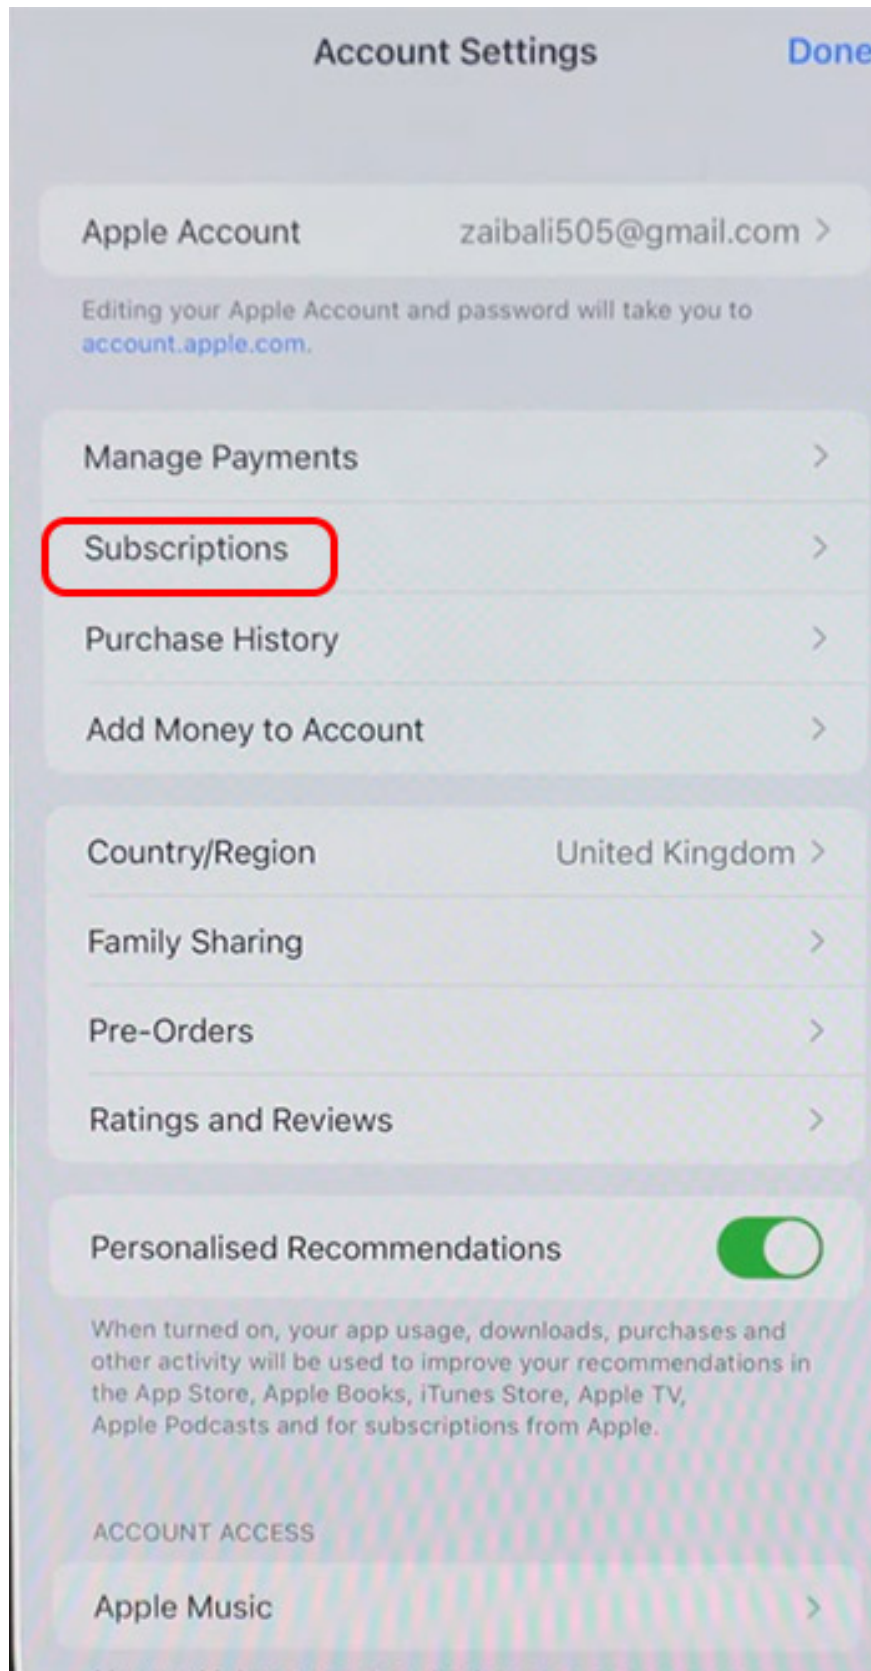

Step 1:

First, go to Settings on your iPhone and then **tap on your Apple account** . Next, tap on Media & Purchases in the settings below to check the services you have subscribed to.

Step 2:

Display the new interface, the user clicks on **Subscriptions** to display the subscription service.

Step 3:

Here you just need **to click on the iCloud+ package** you have subscribed to see the information and options inside. Here users will see the storage capacity you have subscribed, the amount you have to pay each month and the renewal time. Click **Cancel Subscription** to cancel the iCloud+ service subscription and **click Confirm** to confirm and you are done.

📶 97

Your current iCloud data exceeds your new storage.

After this subscription ends, your storage will downgrade to 5 GB. You are currently using more than 5 GB.

If you do not have enough storage, your devices will not back up, and content like new photos and videos will not save to iCloud.

If you cancel now, you can still access this subscription until 29 Apr 2025.
