

# How to catch Turkey in Fisch Roblox, Fischgiving event

During the Fischgiving event, you can catch a Turkey by fishing in-game. Although it sounds strange, it is completely doable. Here is a guide on how to catch a Turkey in Fisch Roblox as well as where it appears.

Fischgiving is the latest event from Fisch **Roblox** to celebrate Thanksgiving. Free-range Turkeys are a rare "fish" and they are very difficult to catch. Like Archaeological Hunt, you need to prepare a few things before catching a Turkey.

## Turkey Catching Location in Fisch Roblox

You can catch Turkeys anywhere in Fisch, from fresh water, salt water, and the ocean. However, you will first need to meet **NPC Pilgrim**, who will visit Moosewood Island during the Fischgiving event.

After talking to Pilgrim and choosing questions related to the Fischgiving event, he will reveal the secret of the Turkeys swimming in the waters. After that, you can start fishing anywhere in the game to find Turkeys more easily.

## How to catch Turkey in Fisch Roblox

To catch Turkey in the Fisch game, you need to pay attention to some special preferences of this chicken.

- **Favorite bait: Insect**
- **Favorite season: Autumn**
- **There are no weather and time requirements when fishing for Turkey.**

During the process of catching chickens, when a Turkey bites the hook, you will see a 65% decrease in progress speed. To easily catch Turkeys, you should use a fishing rod with good Control and Resilience stats. The ideal fishing rods for new and mid-game players are **the Steady Rod** and **King's Rod**, while late-game players can use **the Rod of the Depths** or **No-Life Rod**. Additionally, you can also use spells like **Steady**, **Controlled** or **Resilient Enchantment** to make fishing easier.

==> Refer to **how to get a fishing rod in Fisch**

After catching the Turkey, bring it to NPC Pilgrim, however he will not buy or view the turkey. You can only sell it to Merchants and get an average of 2533 cash, up to 10,000 cash in some cases.
