

How to change icon icons on Windows 10

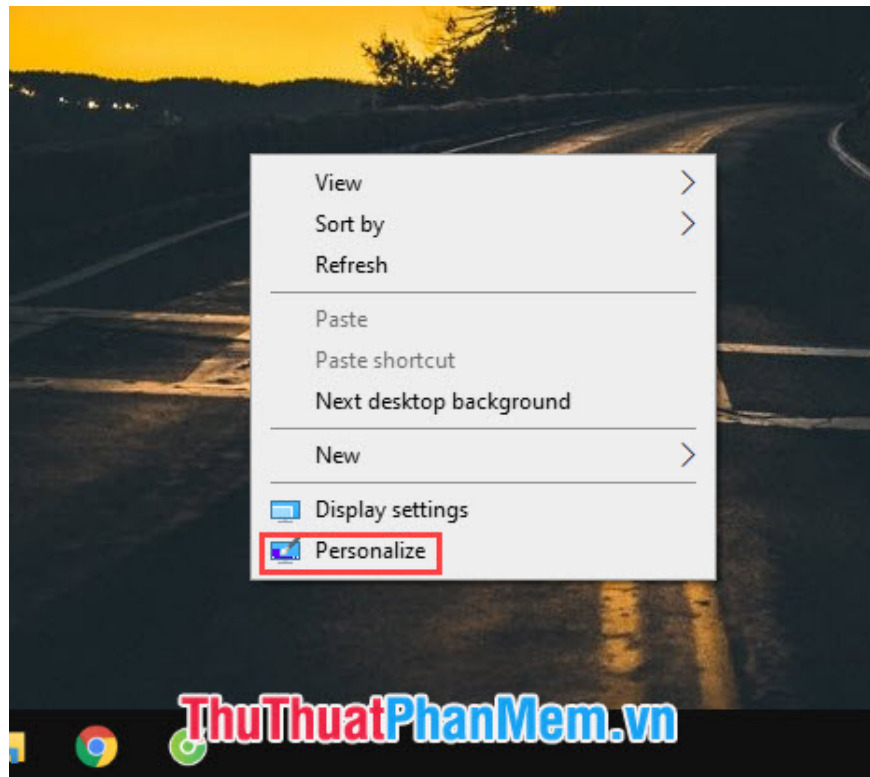

You feel bored with the default icons on Windows 10? In the tutorial below, TipsMake.com shared with readers how to change icon icons on Windows 10 to refresh the desktop interface.

You feel bored with the default icons on Windows 10? In the tutorial below, TipsMake.com shared with readers how to change icon icons on Windows 10 to refresh the desktop interface.

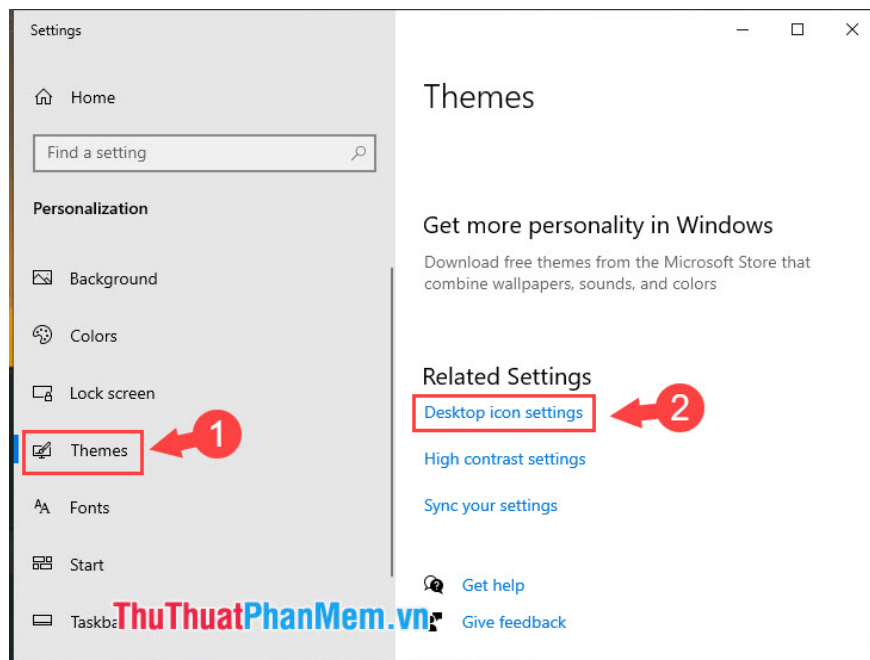

1. Change the default icon icon on the Desktop

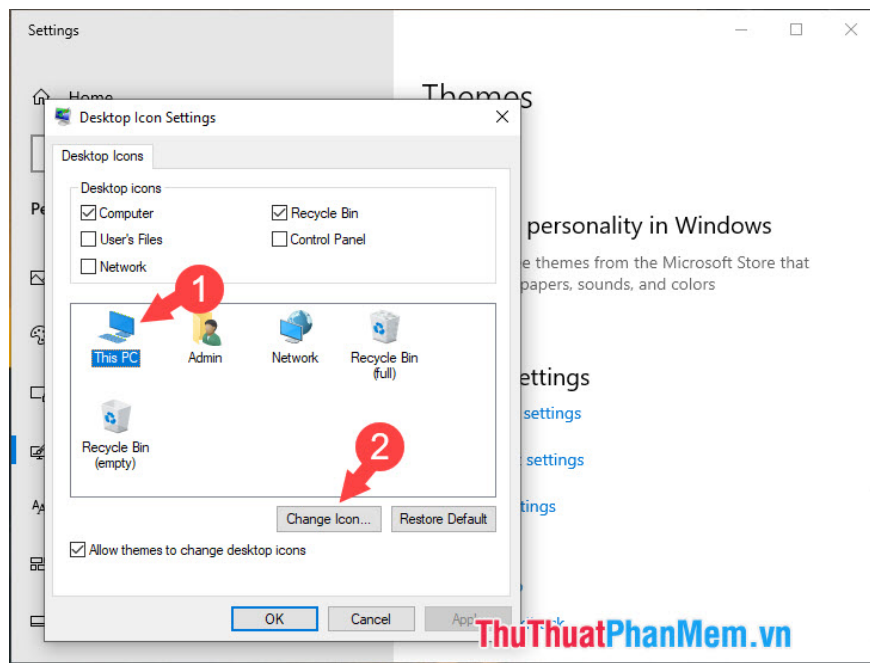

Step 1 : Right-click on the desktop => select **Personalize** .

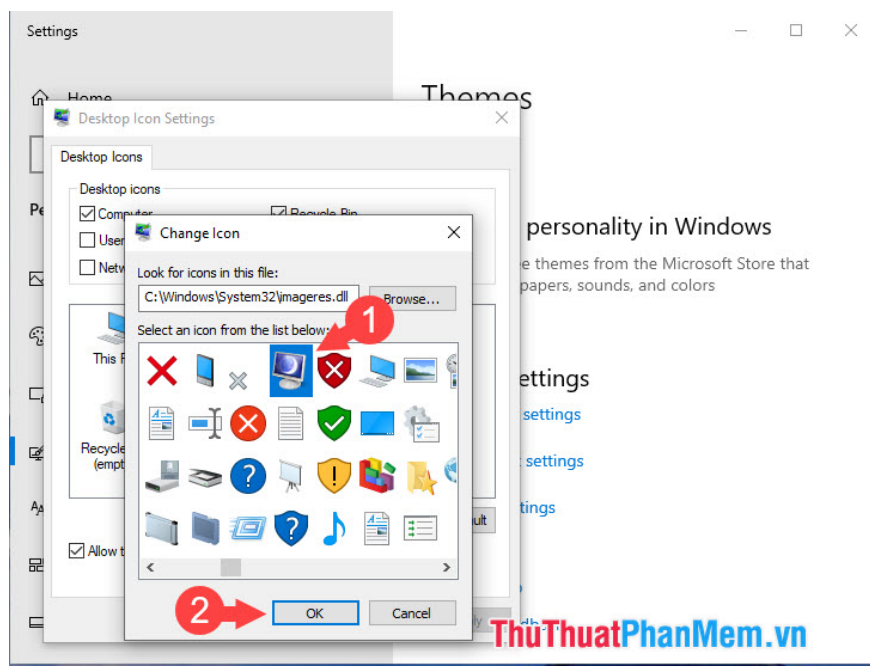

Step 2: Choose **Themes (1)** => **Desktop icon settings (2)** .

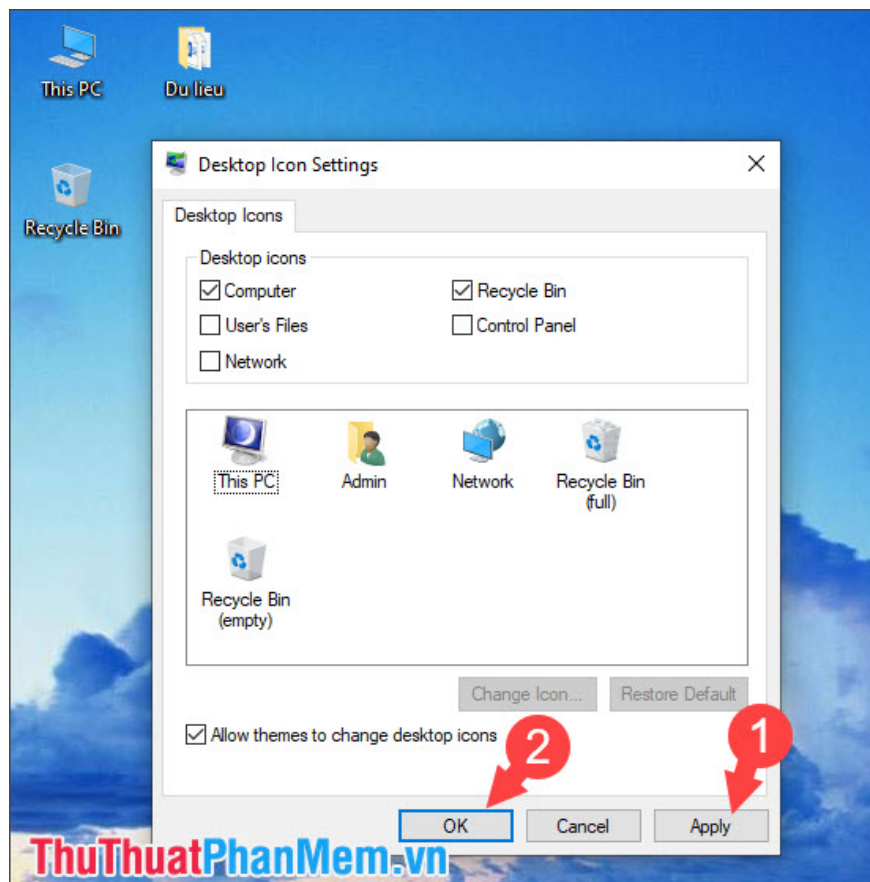

Step 3: You select the icon to be changed as This PC, Admin . In the article I will take This PC as an example: first we click on **This PC (1)** => **Change Icon . (2)** .

Step 4: Next, select your favorite icon (1) and click **OK** (2) .

Step 5: Click **Apply** (1) and **OK** (2) is done.

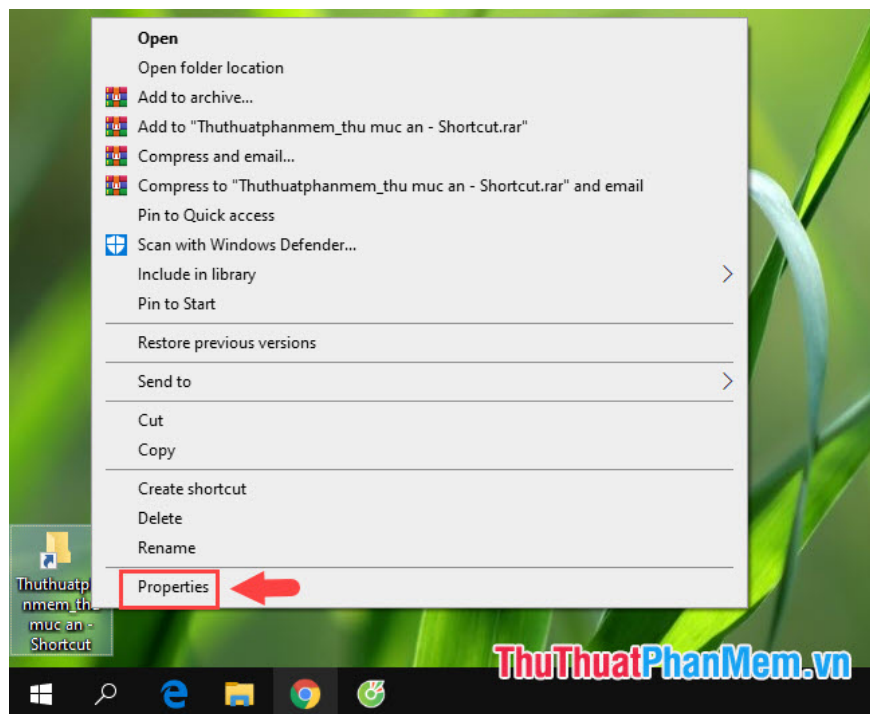

And finally, This PC icon on the desktop has been changed.

Note: To return to the default icon, please do it again until **Step 3** . Instead of clicking on **Change Icon** ., please click on **the Restore Default button** .

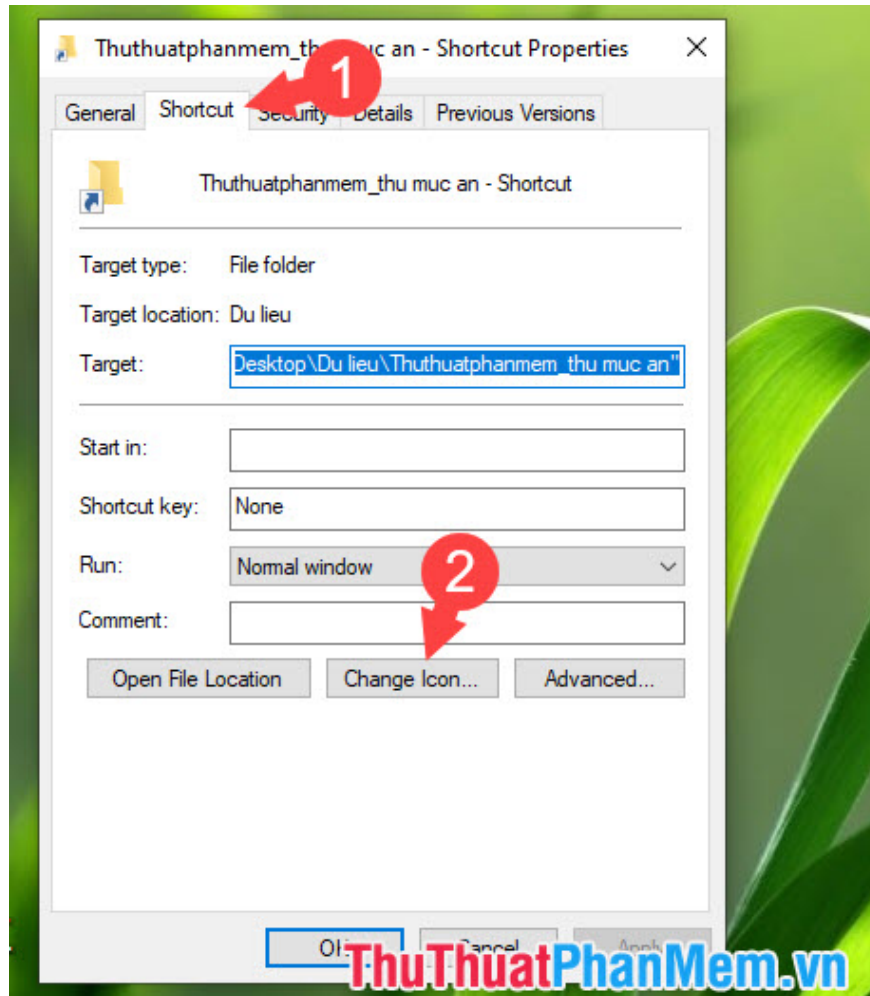

2. Change the folder icon, shortcut on Windows 10

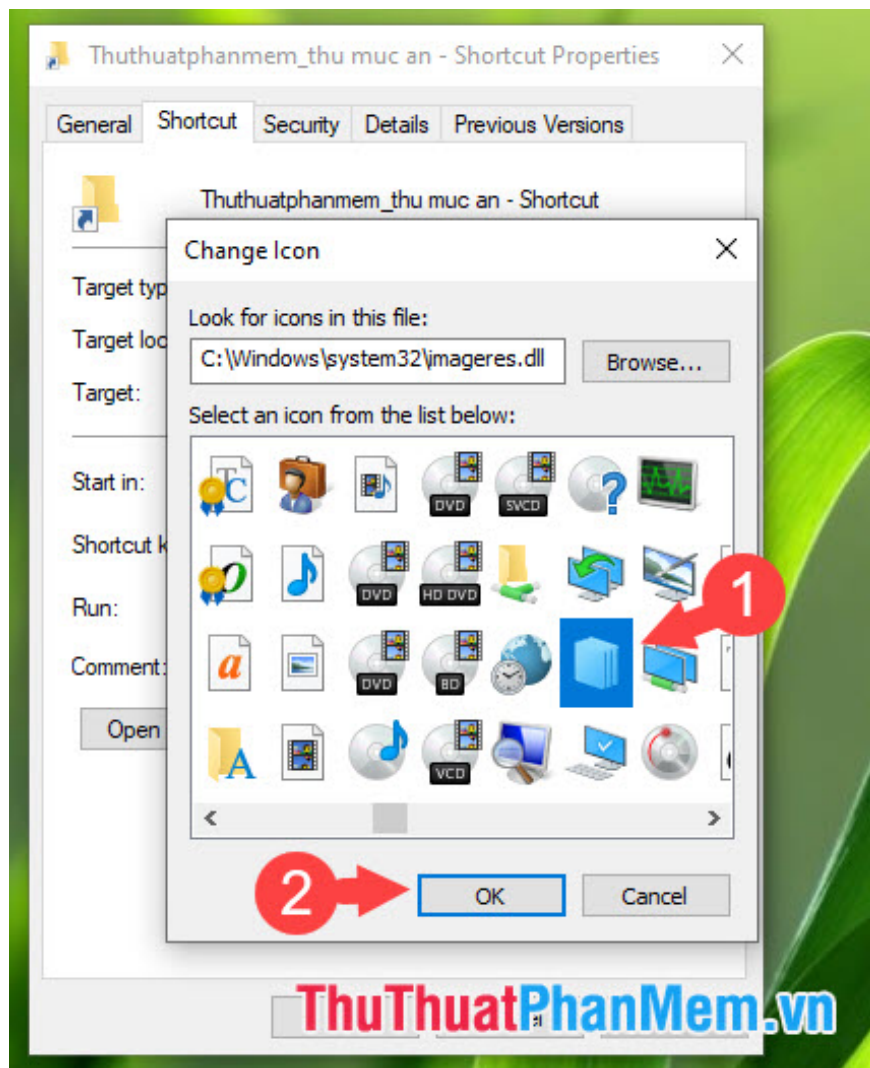

Step 1: Right-click on the folder icon, the shortcut you need to change and select **Properties** .

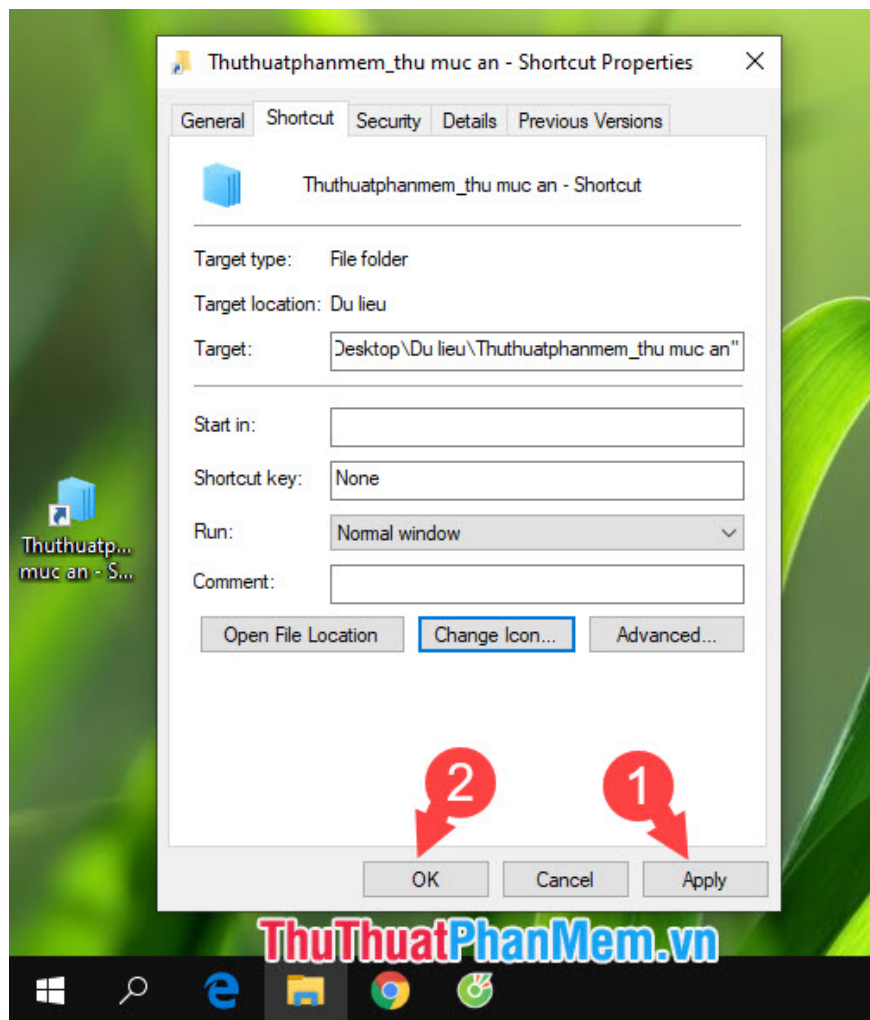

Step 2: Switch to the **Shortcut** tab (1) => **Change Icon** . (2) .

Step 3: Choose the appropriate icon (1) and click **OK** (2) to confirm.

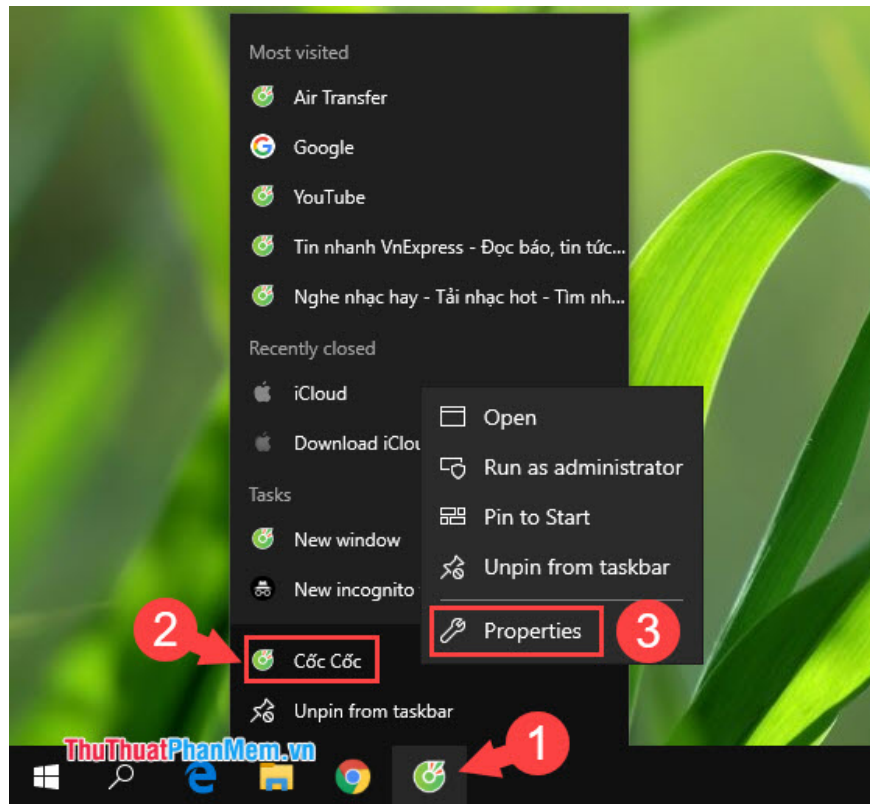

Step 4: Click **Apply** (1) and **OK** (2) to finish changing the icon. You can see the folder icon in the image below has been changed.

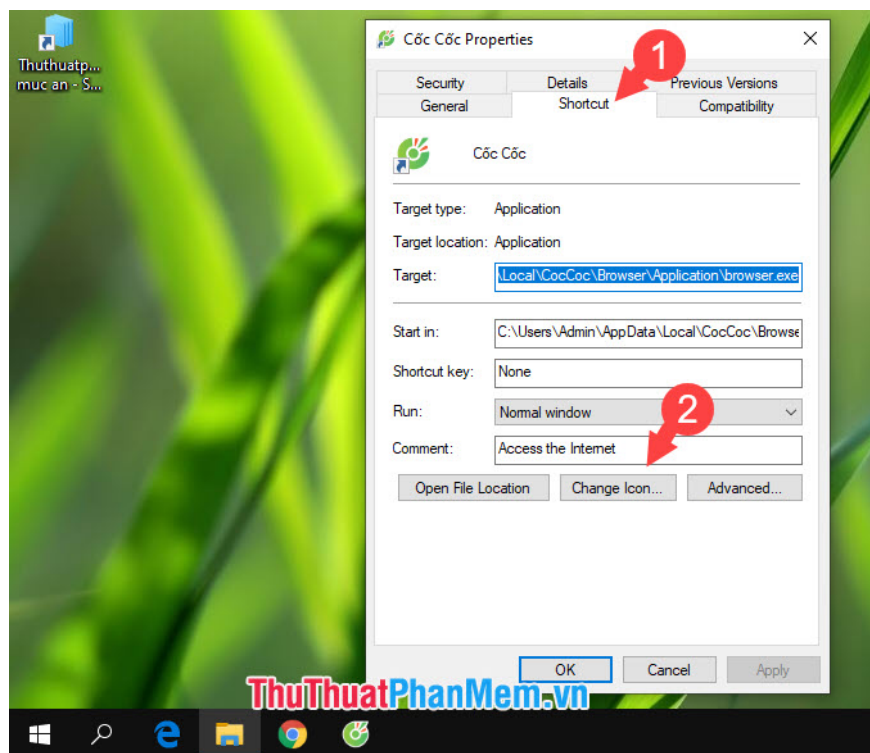

3. Change the application icon in the taskbar

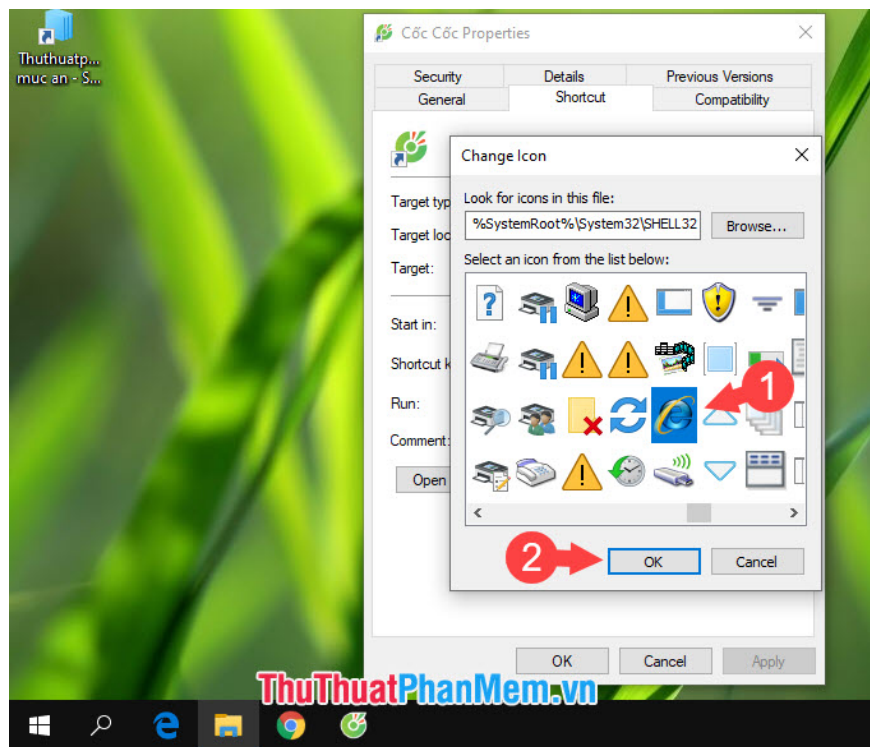

Step 1: Right-click the icon to be changed (1) . Next, right-click on the application (2) and select **Properties** (3)

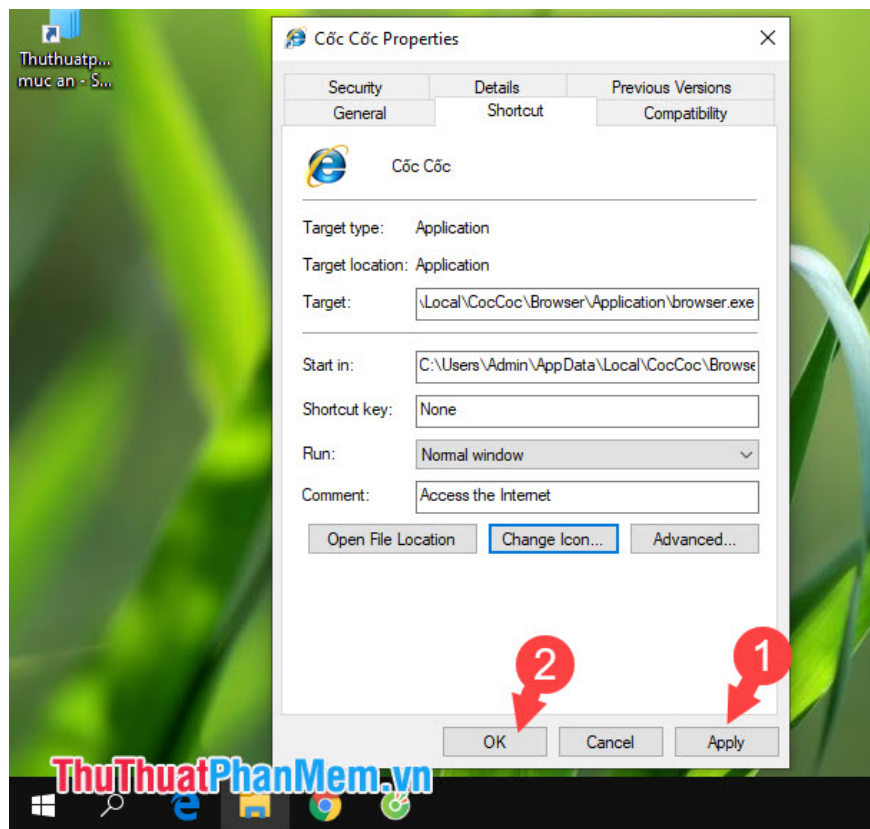

Step 2: Switch to the **Shortcut** tab (1) => **Change Icon** . (2) .

Step 3: Choose the icon you like (1) => click **OK** (2) .

Step 4: Click **Apply** (1) and **OK** (2) to finish.

And finally the application's icon changed from the original to be successful. If the icon does not automatically switch, press the F5 key or restart the computer and turn it off again.

With how to change icon icons on Windows 10, you can personalize as you like and refresh your boring Windows 10. Good luck!
