

How to change the font displayed on Galaxy Note 8

On Galaxy Note 8, users can change the default font with other fonts provided.

Android or iOS devices all have their own default font for each device line. The same with Galaxy Note 8. However, it is possible that after use we no longer like the default font style on the device, want to change to a new font. On Galaxy Note 8 in addition to the pre-installed font, the manufacturer also integrates many different fonts for users to choose to change. The following article will guide you how to change the default font and download new fonts on Galaxy Note 8.

1. How to use S Pen to translate text on Galaxy Note 8
2. 5 ways to take screenshots on Galaxy Note 8
3. How to use the S Pen on the Galaxy Note 8

Instructions to change the default font Note 8

Step 1:

At the screen of the screen click on **Settings (Settings)**, then select **Display (Display) > Zoom screen and font (Screen Zoom And Font)** .

Step 3:

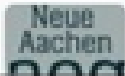

To download more fonts on Galaxy Note 8, also at the Zoom screen and font interface (Screen Zoom And Font), users click the **Download fonts** button (Download font). A list of words provided by Samsung appears. Click **the arrow icon** to download the font you like, then click **Install** to install the selected font for the device.

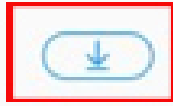

Then the user also selects that font in the font list on Note 8 according to step 2 above.
