

How to change the font on Facebook

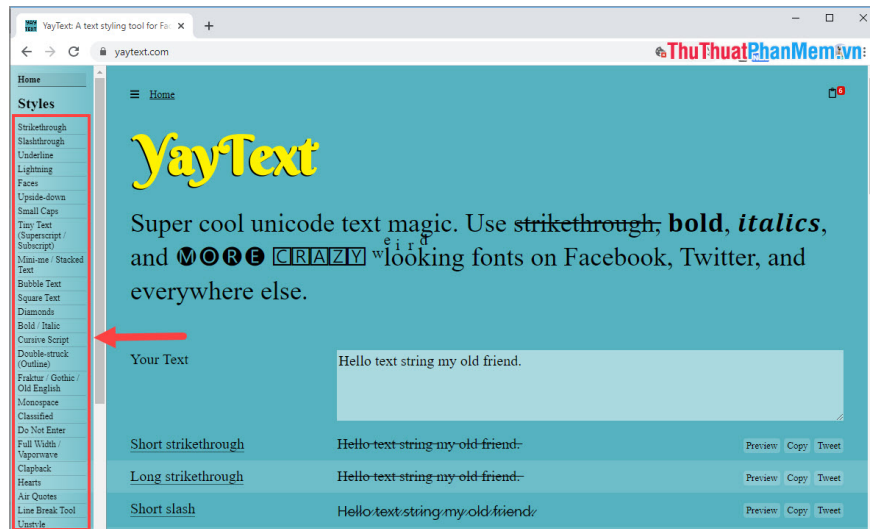

The default font on Facebook is simple and easy to read. However, what if we want a special, attractive font at the first sight? In this article, Software Tips will guide you how to change fonts on Facebook.

The default font on Facebook is simple and easy to read. However, what if we want a special, attractive font at the first sight? In this article, Software Tips will guide you how to change fonts on Facebook.

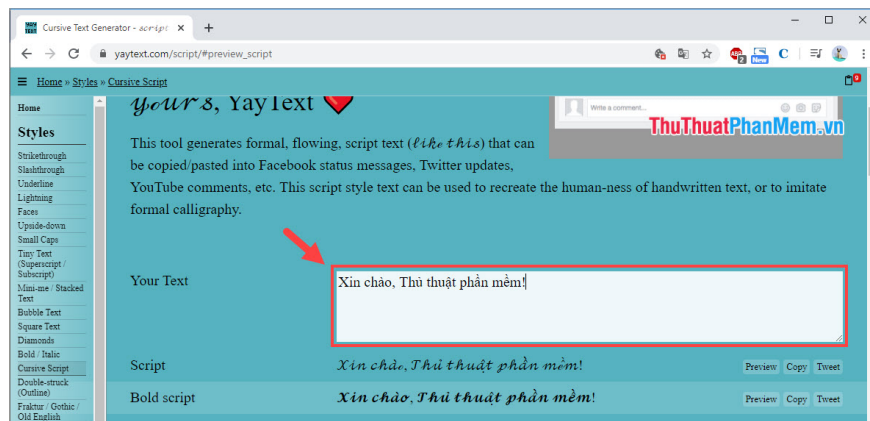

Step 1: You proceed to the following Web site and choose for themselves a suitable font that you want to post on Facebook.

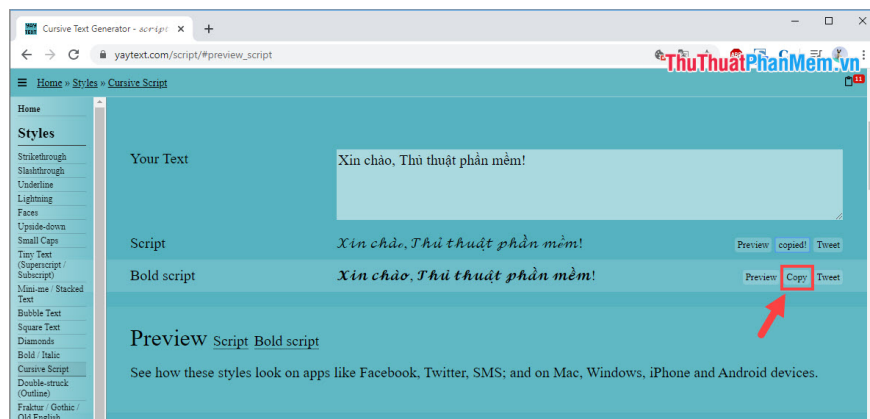

Homepage: Yaytext.com

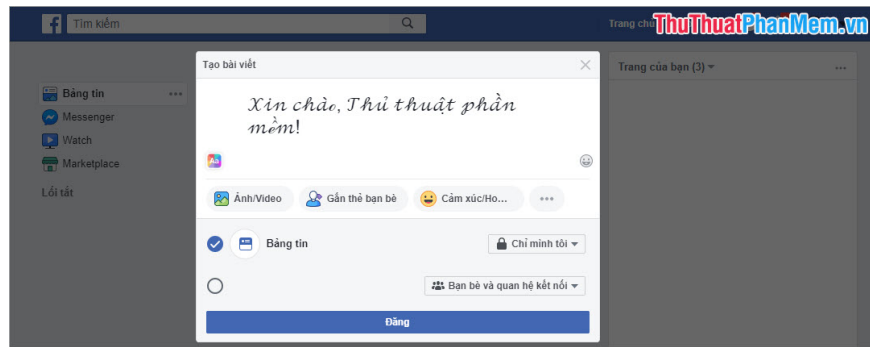

Step 2: Then, you enter the text, the content you want to write in the blank box to preview the results with the new font of your choice.

Step 3: Once you've selected the appropriate font, select **Copy** to copy the text with the new Font.

Step 4: Next, you proceed to **Paste (Ctrl + V)** into the status line to see the font changed. Finally, click **Post** to post status lines with new fonts on Facebook.

And here is our result after changing the Font on Facebook.

Some other websites offer Facebook fonts:

1. <http://www.symbols-n-emoticons.com/p/facebook-text-art-ascii.html>
2. <https://lingojam.com/FontChanger>
3. <https://fontvilla.com/facebook-font-generator/>

In this article, Software Tips showed you how to change fonts on Facebook when we post status, Status. Good luck!
