

How to change the Google Sheets interface language

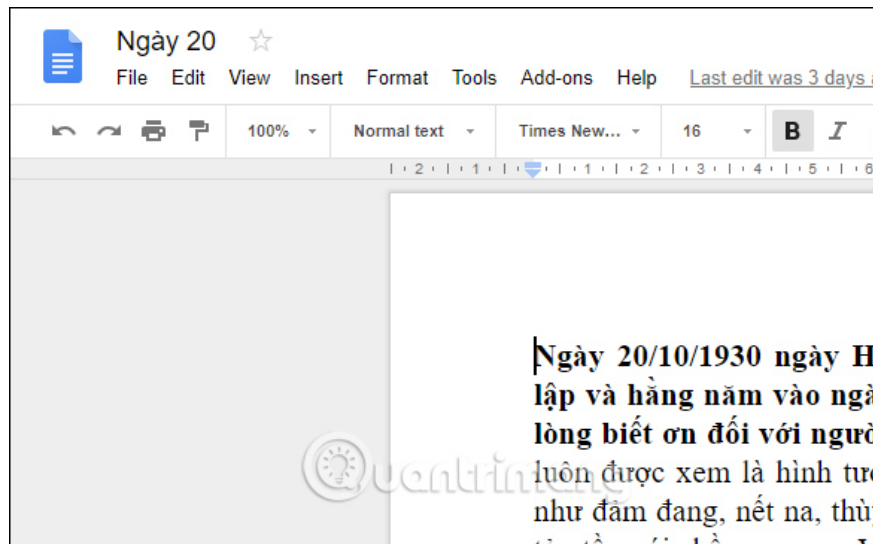

The current Google Sheets interface is in English, so it's difficult to use. So how to turn the Google Sheets interface into Vietnamese?

Like Excel, Google Sheets also supports the English interface when used. However, this makes it difficult to use Google Sheets, because you don't know the language when searching for customizations and using features to edit the data sheets on Google Sheets. So how to change the language of Google Sheets to Vietnamese interface? The following article will guide you to change the language on Google Sheets.

1. How to install Vietnamese interface for Microsoft Office 2010
2. Tricks using Google Sheets should not be ignored
3. How to highlight duplicate content on Google Sheets

Instructions for changing languages ??on Google Sheets

The English interface on Google Sheets will look like the image below.

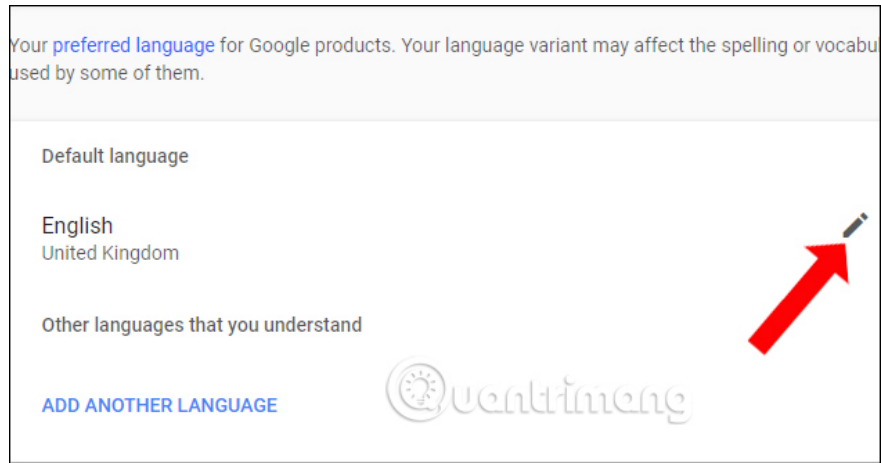

Step 1:

Users access the link below to conduct language change for Google Sheets.

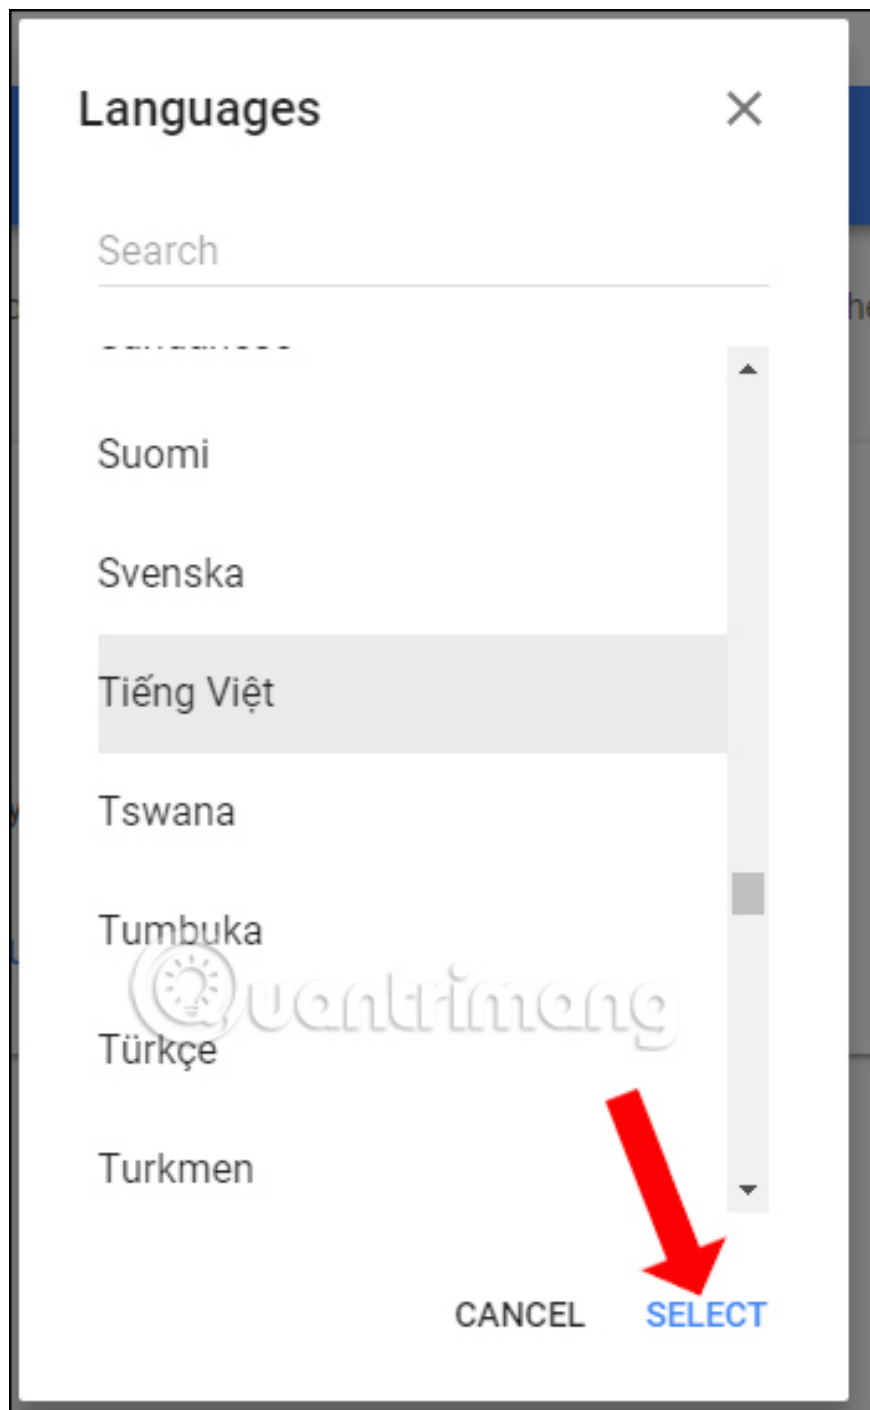

1. <https://myaccount.google.com/language?pli=1>

Step 2:

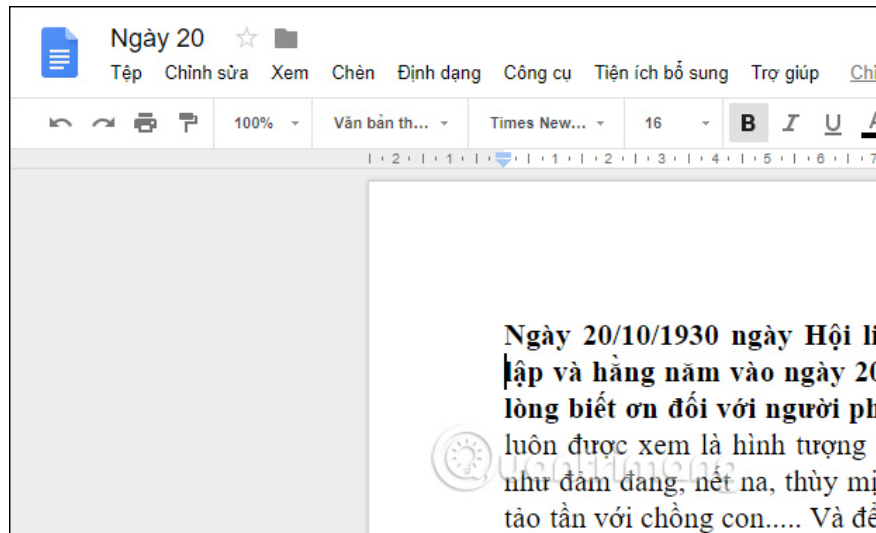

In the interface we will see the language in use is English - English. Click on **the pen icon** to change language.

Find Vietnamese in the list or you can enter Vietnamese keywords to search faster. Click **Vietnamese** and select **Select** to apply language change to Google Sheets.

We reload the Google Sheets interface and will see the interface changed to Vietnamese language as shown below.

Changing the Google Sheets interface language will help users easily perform operations, as well as enter the data table content more.
