

# How to change the keyboard shortcut to open Game Bar Windows 10

Xbox Game Bar (Game Bar for short) is a great support tool that Microsoft equips with Windows 10. It contains a series of important tools and utilities to help the process of using Windows 10 in general and playing games in particular. becomes simpler.

Normally, when you press the Windows + G key combination, the Xbox Game Bar in Windows 10 opens. But if you want to launch the Game Bar by operating another key combination as desired, this is not difficult at all. You just need to follow the simple steps below.

First, you need to go to Windows 10's **Settings** app . Open the **Start** menu and select the 'gear' icon on the left, or you can quickly press the **Windows + i** key combination .

In Settings, click on '**Gaming**' .

In the '**Xbox Game Bar**' settings, scroll down until you see '**shortcuts**' .

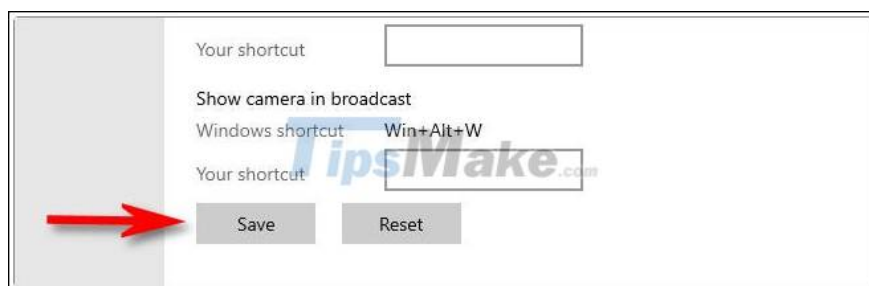

The first option on the list is " **Open Xbox Game Bar** ". To install your own custom keyboard shortcut, click the text box next to ' **Your shortcut** ', then press the keyboard shortcut you want to use. In the example in the post, we enter the keyboard shortcut **Control + Shift + G** .

In the event that you enter a shortcut that has been assigned to another feature, an error message will appear immediately. Try choosing a different keyboard shortcut.

Then, scroll to the bottom of the list of ' **Keyboard shortcuts** ' and click the ' **Save** ' button . You must click **Save** for the new keyboard shortcut assigned to the Xbox Game Bar to take effect.

(You can also change shortcuts for other Xbox Game Bar functions here.)

Now you can try pressing the new keyboard shortcut anywhere in Windows 10, and the Xbox Game Bar should appear immediately.

If you want to deactivate a custom keyboard shortcut for Xbox Game Bar, just go to **Settings> Gaming again** , then clear the " **Open Xbox Game Bar** ' text box and click' **Save** '. You can also click here." Click the ' **Reset** ' button at the bottom of the list to remove all custom shortcuts.
