

How to change the name on Google Meet

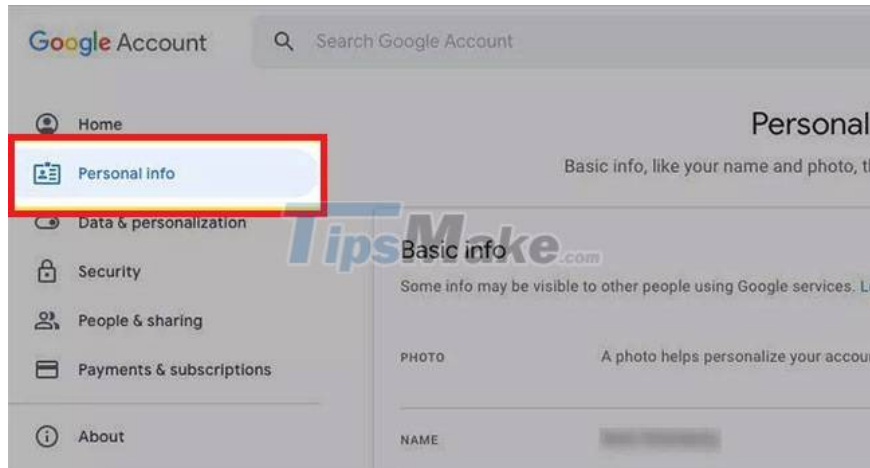

This article explains how to change the name on Google Meet from a web browser, Android device settings, or the Gmail for iOS app.

How to change the name on Google Meet from a web browser

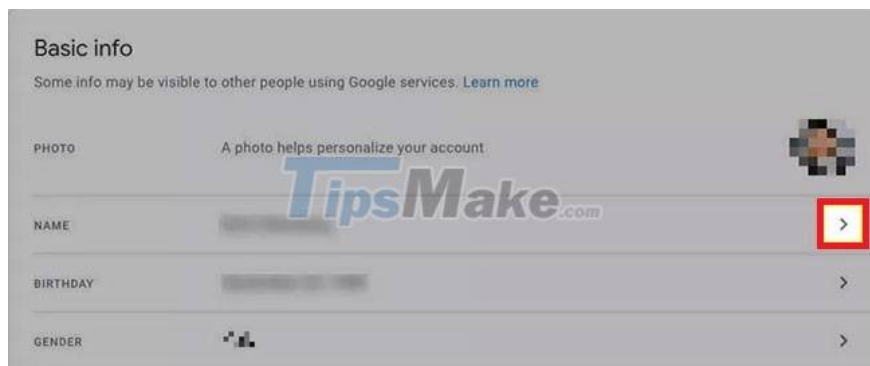

The fastest and easiest way to change the name on Google Meet is from a web browser, and you can do this in any web browser you use.

Step 1. Go to your account page on Google and sign in to your account if needed.

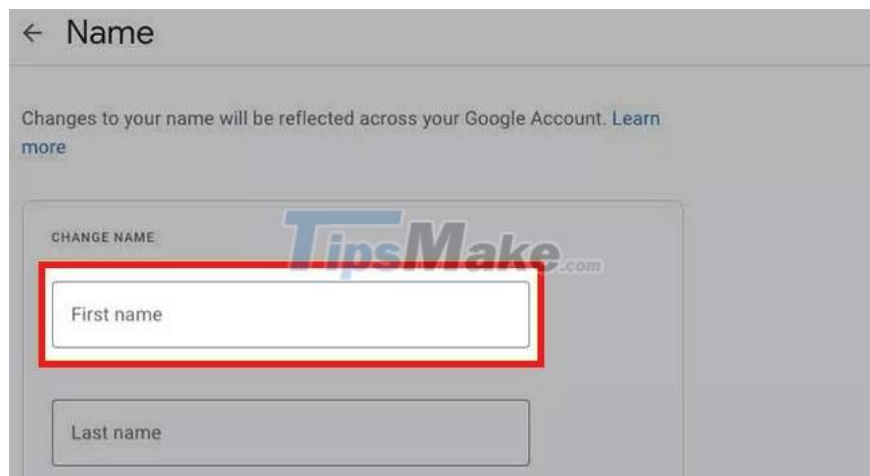

Step 2. Choose **Personal Info** from the vertical menu on the left. If you're using a mobile browser, it's in the landscape menu at the top of the page.

Step 3. In **Name** , select the right arrow.

Step 4. Enter your new first and last name in the fields provided.

Step 5. Select **Save** when you are finished.

Tip : To simplify the process, paste <https://myaccount.google.com/name> in your search bar. You will be taken straight to your Google Account name settings.

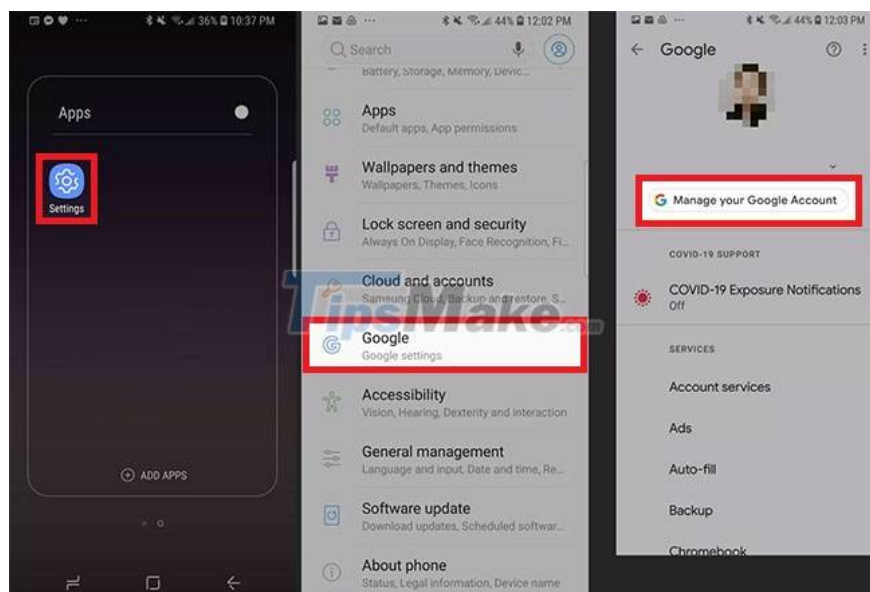

How to change the name Google Meet on an Android device

As an alternative to using a mobile browser, you can change your Google Meet name by visiting the settings of your Android smartphone or tablet.

Step 1. Open the **Settings** app on your device (the blue gear icon).

Step 2. Scroll down and tap **Google**.

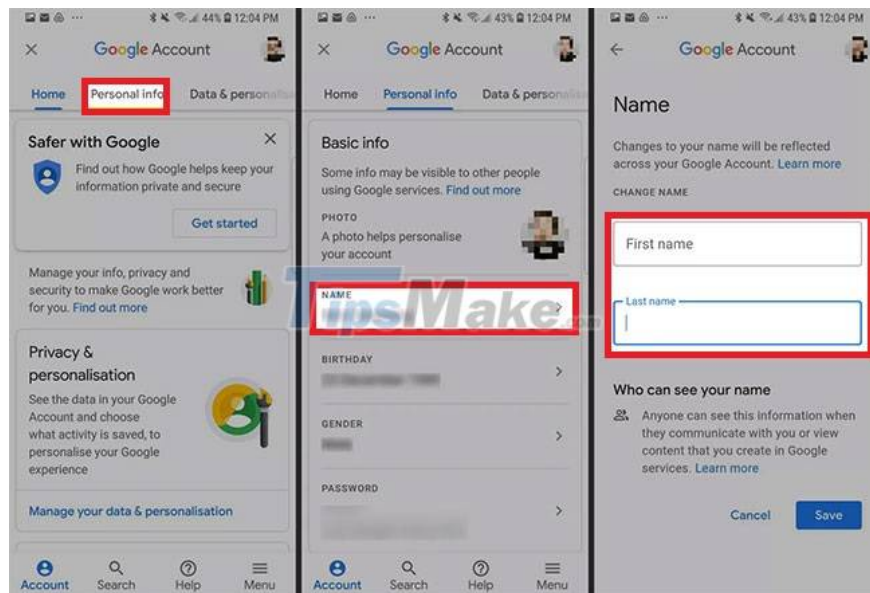

Step 3. Click **Manage your Google Account** .

Step 4. Choose **Personal Info** from the horizontal menu under the name and profile picture.

Step 5. Click **Name** in the **Basic info** section .

Step 6. Enter your desired first and / or last name in the fields provided.

Step 7. Click **Save** when you are finished.

How to change the Google Meet name using the Gmail for iOS app

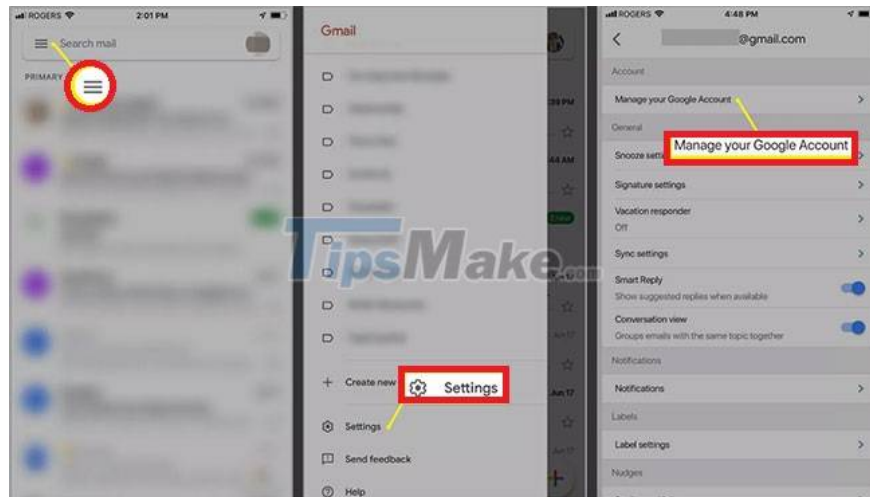

While you can't change your Google Meet name from your iOS device's system settings, you can still do this using the official Gmail app on your iPhone or iPad.

Step 1. Open the **Gmail** app on your iOS device.

Step 2. Click the **Menu** icon on the top left.

Step 3. Scroll down and tap on **Settings**.

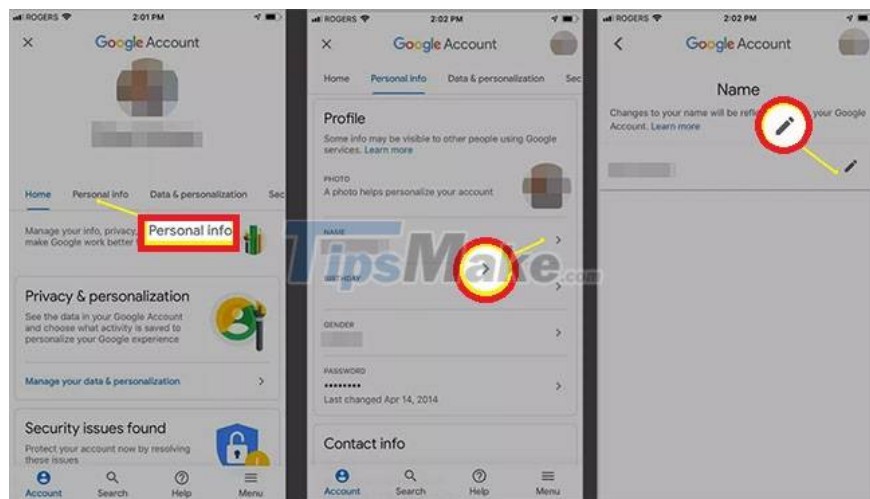

Step 4. Click **Manage your Google Account** .

Step 5. Select **Personal Info**.

Step 6. Click the right arrow to the right of your arrow

Step 7. Enter your new first and last name in the fields provided.

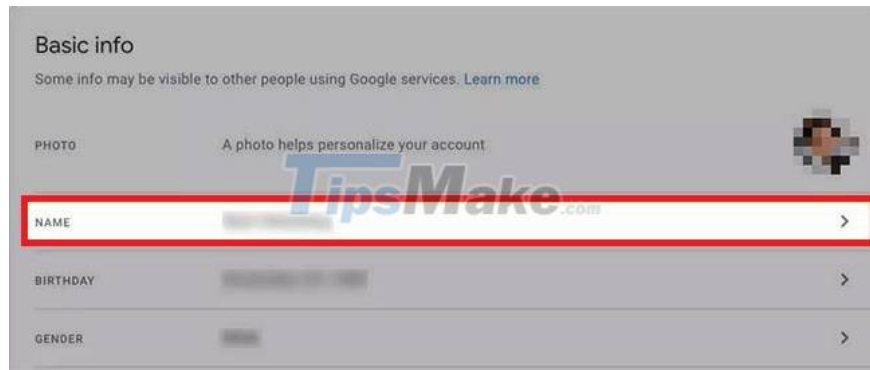

Step 8. Click **Done** to save.

How to add or change the nickname Google Meet

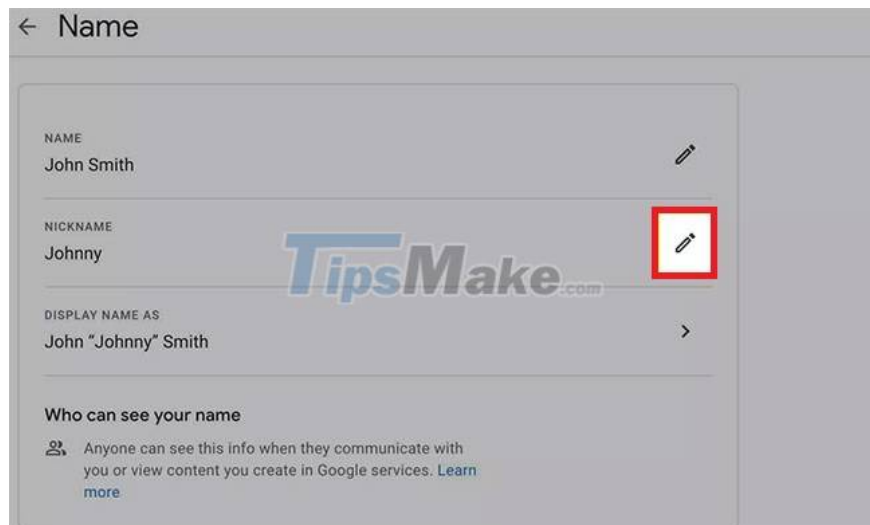

Google name fields are limited to first and last names, but you can also set a nickname (nickname) to display in Google Meet. It's a convenient way to include a middle name in your display name or let contacts know your preferred name.

Step 1. Go to your account page on Google and sign in to your account if needed.

Step 2. Click the **Name** row under **Basic info** .

Step 3. Click the pencil icon below the **Nickname**.

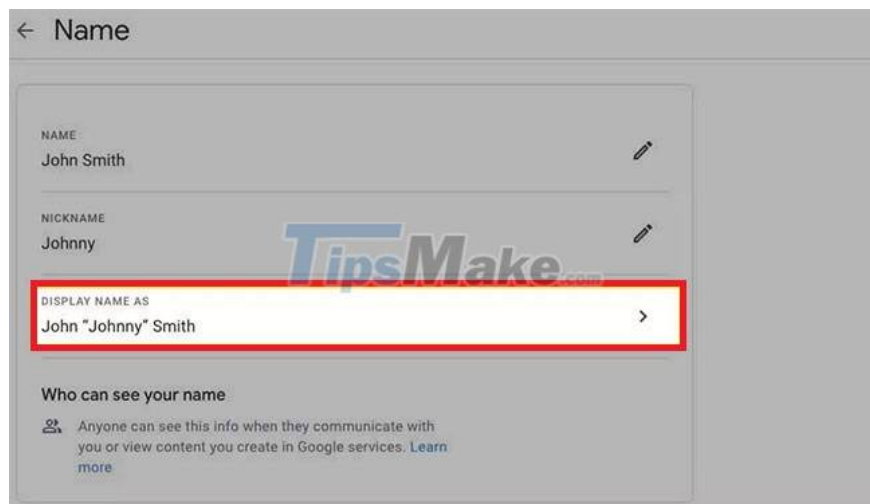

Step 4. Enter a nickname in the **Nickname** field .

Step 5. Click **Save** to save.

Step 6. Click **Display Name As** .

Step 7. Select one of the display name options provided and click **Save**.

After you set your nickname, you can choose to display your Google Meet name in the following ways:

1. Last name - John Smith
2. The last name 'nickname' - John 'Johnny' Smith
3. Last name (nickname) - John Smith (Johnny)

Note : If you add a nickname for Google Meet, it will also be used across your entire Google account.

Hope you are successful.
