

How to change the voice search language to Vietnamese in Google Maps on iPhone / iPad

Want to search for places on Google Maps in Vietnamese? Follow these steps to change the search language on iPhone and iPad.

Want to search for places on Google Maps in Vietnamese? Follow these steps to change the search language on iPhone and iPad.

By default, American English is set as the default voice search language in Google Maps. However, you can change the search language from American English to Vietnamese.

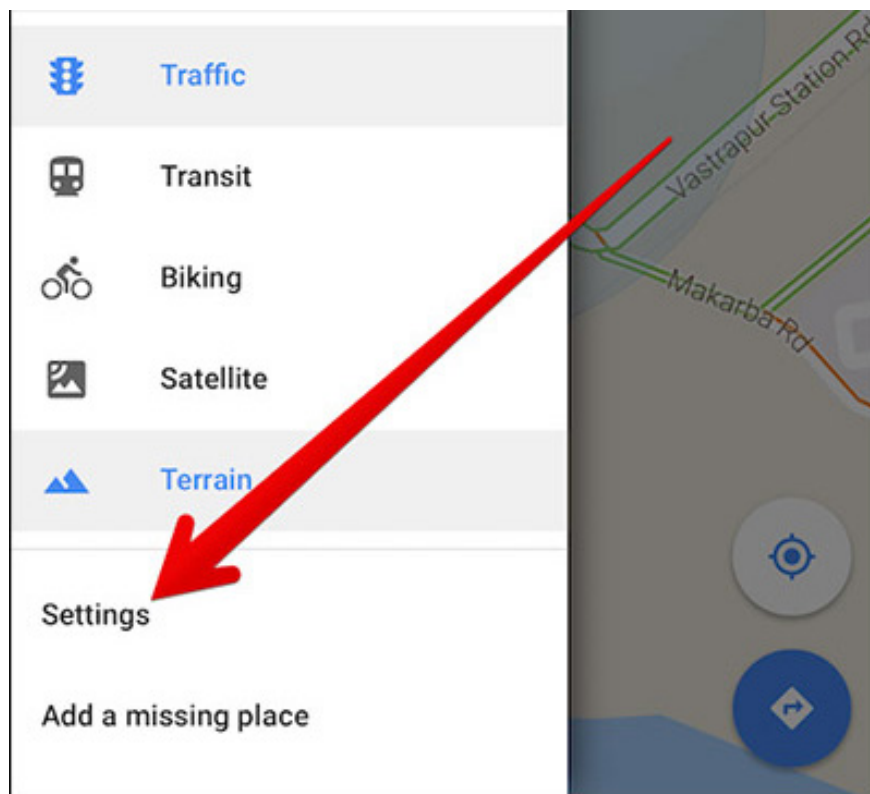

The application supports a number of languages ??such as English English, Arabic, Catalan, Chinese (Hong Kong), Croatian, Czech, Danish, Dutch, Finnish, French, German, Greek, Hebrew, Hindi, Hungarian, Indonesian, Italian, Japanese, Korean, Malay, Norwegian, Polish, Portuguese, Romanian, Russian, Simplified Chinese, Slovak, Spanish, English Sweden, Thai, Traditional Chinese, Turkish, Ukrainian, Vietnamese, etc.

Step 1. Open the Google Maps application on your iPhone or iPad.

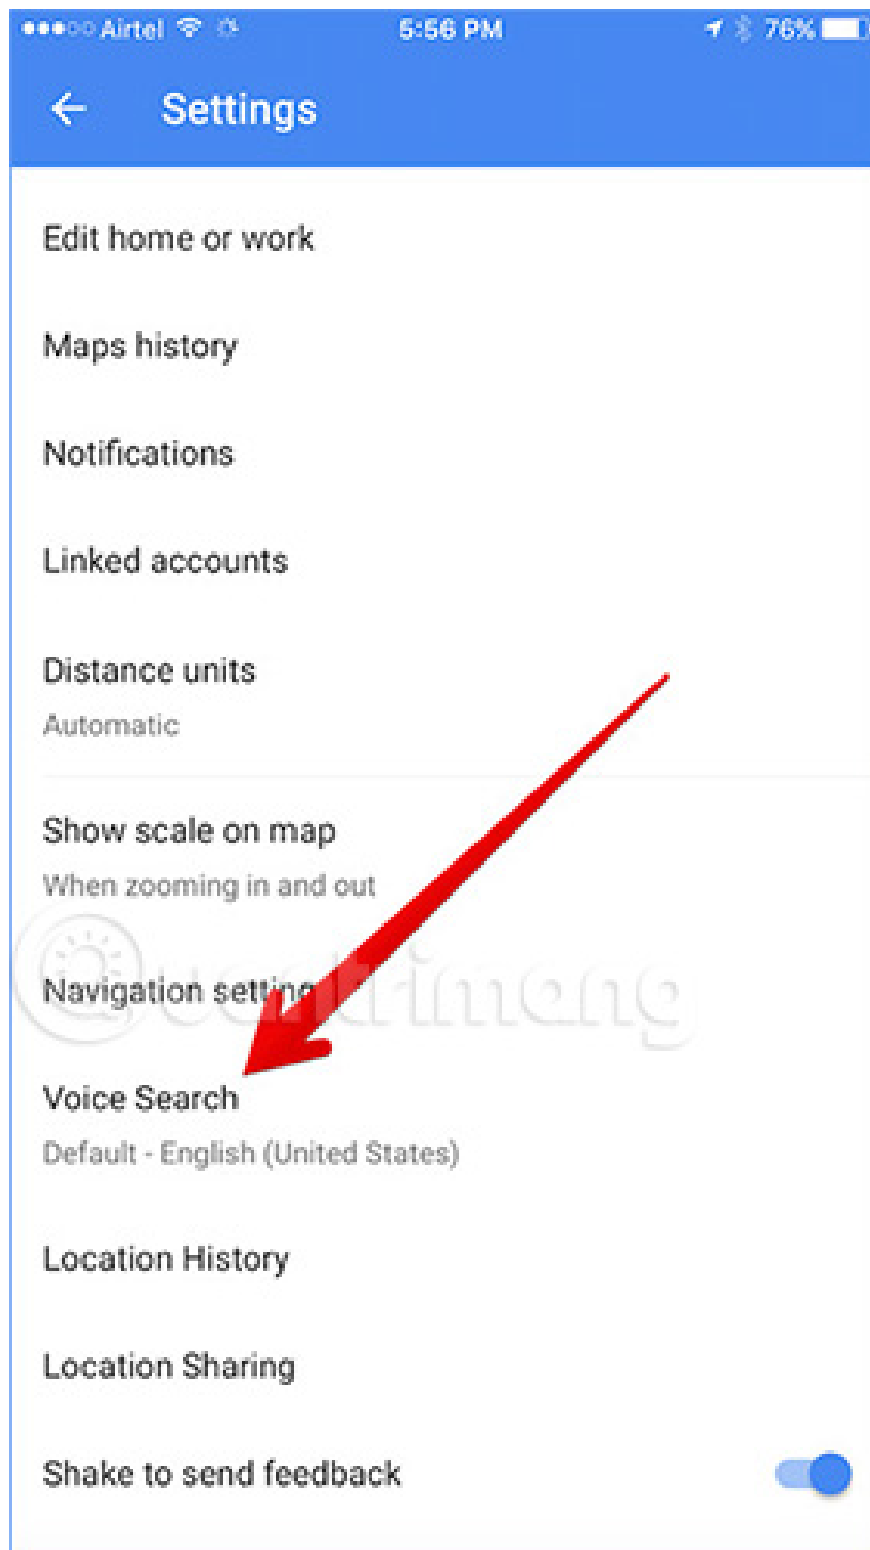

Step 2. Touch the menu button in the upper left corner of the screen.

Step 3. Select **Settings** .

Step 4 . Next, select Voice Search and select the language you want.

If you want to change the default default language (US English), you just need to follow the steps above and select Default - English (United States)

It is very useful to change the language found on Google Maps. It allows you to search for locations in your familiar language correctly.
